Notice of Proposed Administrative Settlement; Lorentz Barrel and Drum Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Notice; Request for public comment.

SUMMARY: In accordance with Section 122(i)(1) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended ("CERCLA," commonly referred to as Superfund), 42 U.S.C. 9622(i) and Section 7003(d) of the Resource Conservation and Recovery Act, as amended ("RCRA"), 42 U.S.C. § 6973, notice is hereby given of a proposed cost recovery administrative settlement concerning the Lorentz Barrel and Drum Superfund Site in San Jose, California (the "Site"). The United States Environmental Protection Agency ("EPA") is proposing to enter into a *de minimis* settlement pursuant to Section 122(g)(4) of CERCLA. This proposed settlement is intended to resolve the liabilities under CERCLA and RCRA of 88 *de minimis* parties for all past and future response costs associated with the Lorentz Barrel and Drum Site. The names of the settling parties are listed below in the Supplementary Information section. These 88 parties collectively have agreed to pay \$1,853,545.51 to EPA and \$1,273,062.71 to the California Department of Toxic Substances Control ("California DTSC").

EPA is entering into this agreement under the authority of Section 122(g)(4) of CERCLA. Section 122(g) authorizes early settlements with *de minimis* parties to allow them to resolve their

liabilities at Superfund sites without incurring substantial transaction costs. A *de minimis* party is one that contributed a minimal amount of hazardous substances to a site in comparison to other hazardous substances at a site, and contributed hazardous substances that are not significantly more toxic or of significantly greater hazardous effect than other hazardous substances at a site. Under the authority granted by Section 122(g), EPA proposes to settle with 88 potentially responsible parties at the Lorentz Barrel and Drum Superfund Site, each of whom is responsible for no more than one percent of the barrels or drums that may have contained hazardous substances sent to the Site, as reflected on the waste-in list developed by EPA.

De minimis settling parties will be required to pay their allocated share of all part response costs and the estimated future response costs at the Lorentz Barrel and Drum Site, including all federal and state response costs, and a premium to cover the risks of remedy failure and cost overruns. Fifteen of the settling *de minimis* parties were parties to earlier settlements with EPA in which they conducted cleanup work at the Site. EPA has calculated the value of the prior settlers' work and has arrived at an equitable amount which the 15 prior settlers have agreed to pay in this settlement to resolve their liabilities to EPA and the California DTSC for the Site.

EPA may withdraw or withhold its consent to this settlement if comments received during the 30 day public comment period disclose facts or considerations which indicate the proposed settlement is inappropriate, improper, or inadequate.

DATES: Pursuant to Section 122(i)(1) of CERCLA and Section 7003(d) of RCRA, EPA will receive written comments relating to this proposed settlement for thirty (30) days following the date of publication of this Notice. If EPA receives a request for a public hearing within thirty (30) days following the date of publication of this Notice, pursuant to Section 7003(d) of RCRA, EPA will hold a public hearing to afford the public an opportunity to comment on the proposed settlement.

ADDRESSES: Comments and requests for a public hearing should be addressed to the Docket Clerk, U.S. EPA Region IX (RC-1), 75 Hawthorne Street, San Francisco, CA 94105 and should refer to: Lorentz Barrel and Drum Superfund Site, San Jose, California, U.S. EPA Docket No. 95-01. A copy of the proposed Administrative Order on

Consent may be obtained from the Regional Hearing Clerk at the address provided above. San Carlos Street, San Jose, CA 95113; and at San Jose State University, Clark Library, Government Publications Desk, One Washington Square, San Jose, CA 95192.
