[Docket No. CP95-279-000]

Questar Pipeline Company; Notice of Application

March 24, 1995.

Take notice that on March 22, 1995, Questar Pipeline Company (Questar), 79 South State Street, Salt Lake City, Utah 84111, filed in Docket No. CP95-279-000 an application pursuant to Section 7(b) of the Natural Gas Act for authorization to abandon by removal 17 meter runs and appurtenant facilities at Questar's Clay Basin Storage Field (Clay Basin) located in Daggett County, Utah, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Questar requests authority to abandon 17 previously certificated meter runs, located on various storage injection/withdrawal laterals, that have been utilized historically as flow-control metering facilities in association with storage field dehydration and withdrawal activities at Clay Basin. Questar explains that the metering facilities are located on the Clay Basin side of the primary custody-transfer metering facilities utilized to measure natural gas volumes delivered to and received from Clay Basin via Questar's transmission system. Further, Questar explains that the metering facilities to be abandoned have been replaced by updated equipment and that there will be no adverse impact on storage services provided by Questar at Clay Basin. It is stated that the gas plant investment associated with the Clay Basin metering facilities proposed to be abandoned is approximately \$250,000.

Any person desiring to be heard or to make any protest with reference to said application should on or before April 3, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the

Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Questar to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
