Notice Pursuant to the National Cooperative Research and Production Act of 1993—Advanced Lead-Acid Battery Consortium

Notice is hereby given that, on February 17, 1995, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), the Advanced Lead-Acid Battery Consortium ("ALABC"), a discrete program of the International Lead Zinc Research Organization, Inc. ("ILZRO"), has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Whatman Paper, Ltd., has withdrawn its membership with the ALABC.

No other changes have been made in either the membership or planned activity of the group research project. Membership remains open and the

ALABC intends to file additional written notification disclosing all changes in membership.

On June 15, 1992, the ALABC filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to Section 6(b) of the Act on July 29, 1992, 57 Fr 33522. The last notification was filed with the Department on August 26, 1994.

This notice has not yet been published in the **Federal Register** pursuant to Section 6(b) of the Act.

Constance K. Robinson,

Director of Operations, Antitrust Division.

BILLING CODE 4410-01-M

Notice Pursuant to the National Cooperative Research and Production Act of 1993—PERF Project 93-16, Dispersion Modeling Project

Notice is hereby given that, on December 8, 1994, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* ("the Act"), Petroleum Environmental Research Forum ("PERF") Project 93-16, titled "Dispersion Modeling Project" has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties and (2) the nature and objectives of the project. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Pursuant to Section 6(b) of the Act, the identities of the parties are: Exxon Research and Engineering Company, Florham Park, NJ; Phillips Petroleum Company, Bartlesville, OK; Clark Oil & Refining Corporation, Blue Island, IL; CITGO Petroleum Corporation, Tulsa, OK; Allied-Signal, Inc., Morristown, NJ; Amoco Corporation, Chicago, IL; Chevron Research & Technology Company, Richmond, CA; Mobil Research & Development Company, Paulsboro, NJ; Shell Development Company, Houston, TX; Marathon Oil Company, Littleton, CO; Atmosphere Research and Exposure Assessment Laboratory (AREAL), Research Triangle Park, NC; and Western Research Institute, Laramie, NY.

The nature and objectives of the research program performed in accordance with Project 93-16 are to use more realistic modeling techniques in hazard assessments for hypothetical, accidental releases from industrial applications by demonstrating improved model performance using actual field scale data. Achievement of this objective will include the following activities: Data Analysis of previous experiments including data from the CHARR and the CEC major hazards programs; Laboratory scale wind tunnel experiments and performance evaluation; Field experiments and analysis; and Model modifications and performance evaluation.
