

NEERI proposes to enter into similar joint arrangements with STI and STIP at other locations where STI equipment will be installed. NEERI's investment in these other utility locations is anticipated to range between \$500,000 and \$2.0 million per installation, with a cumulative investment not to exceed \$10 million. NEERI's investments in such future projects may take the form of, without limitation, joint ventures, general partnerships, limited partnerships, teaming agreements, royalties or other revenue sharing, special purpose entities, loans, and equity participation. NEERI's project investments may involve the acquisition of voting securities or interests not exceeding 9.9%

NEERI proposes to perform research with STI to further refine the carbon-rich and low carbon processed waste stream and to find other applications for the STI separation process in recycling. NEERI states that it will not expend more than \$1 million on such research activities. NEERI also proposes to offer marketing and engineering advice and consulting services to STI and STIP.

Furthermore, NEERI proposes to acquire up to \$1 million of STI's 6% cumulative convertible preferred stock at a price of \$6.50 per share ("Shares"). All or any portion of the Shares shall be convertible at any time, or from time to time, at NEERI's option, into the same number of shares of STI common stock. The Shares will automatically convert to shares of common stock (upon the closing of an initial public offering of STI common stock) in which STI's aggregate gross proceeds from such offering exceed \$5 million and in which the share offering price is \$6.50 or more. Dividends on the Shares will accrue cumulatively at a rate of 6% per annum of the price per Share from the date of payment for the Share to the date of its conversion, if any, to common. The 6% cumulative dividend would be paid in STI common shares upon conversion of Shares to common.

NEERI will have the right to exercise one vote per Share on all matters submitted to a vote of STI common stock generally. NEERI will also have the option to appoint one member of the STI Board of Directors. NEERI will have protection against dilution of the Shares for a period of five years after their purchase. NEERI states that its investment in the Shares will result in NEERI's ownership of not more than 5% of the voting securities of STI.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

**Margaret H. McFarland,**

*Deputy Secretary.*

[Investment Company Act Release No. 20966; 811-56211]

### **TCW High Yield Fund, Inc.; Notice of Application**

March 24, 1995.

**AGENCY:** Securities and Exchange Commission ("SEC").

**ACTION:** Notice of application for deregistration under the Investment Company Act of 1940 (the "Act").

**APPLICANT:** TCW High Yield Fund, Inc.

**RELEVANT ACT SECTION:** Section 8(f).

**SUMMARY OF APPLICATION:** Applicant seeks an order declaring it has ceased to be an investment company.

**FILING DATE:** The application was filed on February 24, 1995.

**HEARING OR NOTIFICATION OF HEARING:** An order granting the application will be issued unless the SEC orders a hearing. Interested persons may request a hearing by writing to the SEC's Secretary and serving applicant with a copy of the request, personally or by mail. Hearing requests should be received by the SEC by 5:30 p.m. on April 18, 1995, and should be accompanied by proof of service on the applicant, in the form of an affidavit or, for lawyers, a certificate of service. Hearing requests should state the nature of the writer's interest, the reason for the request, and issues contested. Persons may request notification of a hearing by writing to the SEC's Secretary.

**ADDRESSES:** Secretary, SEC, 450 Fifth Street NW., Washington, D.C. 20549. Applicant, 865 South Figueroa Street, Suite 1800, Los Angeles, California 90017.

**FOR FURTHER INFORMATION CONTACT:** Diane L. Titus, Paralegal Specialist, at (202) 942-0584, or Barry D. Miller, Senior Special Counsel, at (202) 942-0564 (Division of Investment Management, Office of Investment Company Regulation).

**SUPPLEMENTARY INFORMATION:** The following is a summary of the application. The complete application may be obtained for a fee from the SEC's Public Reference Branch.

#### **Applicant's Representations**

1. Applicant is a closed-end, diversified management investment

company, organized as a corporation under the laws of Maryland. On July 22, 1988, Applicant registered under the Act and filed a registration statement under the Securities Act of 1933 (the "1993 Act"). Applicant's registration statement was not declared effective, and Applicant has made no public offering of its shares.

2. Under letter dated February 15, 1995, Applicant requested that its registration statement under the 1933 Act be withdrawn pursuant to Rule 477 thereunder.

3. Applicant has never issued or sold shares of which it is the issuer. Applicant has no shareholders, liabilities, or assets. Applicant is not a party to any litigation or administrative proceeding.

4. Applicant is not engaged, and does not propose to engage, in any business activities other than those necessary for the winding-up of its affairs. After the Commission issues an order declaring that Applicant has ceased to be an investment company, Applicant intends to file Articles of Dissolution with the Maryland Department of Assessments and Taxation in Baltimore, Maryland.

For the SEC, by the Division of Investment Management, under delegated authority.

**Margaret H. McFarland,**

*Deputy Secretary.*

## **DEPARTMENT OF STATE**

[Public Notice 2184]

### **Notice of Intent To Prepare a Programmatic Environmental Impact Statement Concerning the Department of State's Permitting Process for International Bridges Along the Texas/Mexico Border**

**LEAD AGENCY:** Department of State, Washington, D.C.

**COOPERATING AGENCIES:** Environmental Protection Agency (EPA) U.S. Fish and Wildlife Service (F&WS) U.S. Coast Guard International Boundary and Water Commission (IBWC), U.S. Section

General Services Administration (GSA)

**SUMMARY:** Under Executive Order 11423 (August 16, 1968) and the International Bridge Act of 1972, 33 U.S.C. 535 *et seq.*, the U.S. Department of State ("the Department") has the authority, inter alia, to issue permits for the construction of bridges along the Texas/Mexico border. (Once such a permit is granted, other agencies, including the U.S. Section of the IBWC and the U.S.

Coast Guard, require additional permits related to their respective regulatory functions; the U.S. Army Corps of Engineers may also require separate permits.) To date, with respect to each permit application, the Department has issued a Finding of No Significant Impact, based on an Environmental Assessment (EA), consistent with the requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4321 *et seq.* (NEPA).

With several bridges permitted to date and given the expectation of continuing permit applications, the Department intends to prepare voluntarily a Programmatic Environmental Impact Statement (PEIS) to assess the cumulative environmental impacts in the United States of existing bridges along the Texas/Mexico border. The PEIS will also describe the general types of projects expected in the foreseeable future and will address the types of impacts that are expected to result from the continuation of present permitting procedures. The Department will use the results of the PEIS to inform both the manner and substance of its permitting process.

In undertaking this PEIS, the Department has elected to follow the procedures pertaining to the preparation of programmatic environmental impact statements contained in the NEPA regulations promulgated by the Council on Environmental Quality, 40 CFR 1500 *et seq.*, as well as by the Department, 22 CFR 161 *et seq.* The Department, EPA, F&WS, IBWC, Coast Guard, GSA and other Federal, state and local agencies will be able to develop supplemental EISs or incorporate the PEIS into future NEPA documentation (EAs or EISs), as allowed by NEPA, for activities or locations not specifically addressed in the PEIS.

**ALTERNATIVES PROPOSED:** Alternatives to be considered include the No Action alternative. Other alternatives identified during the scoping process will be discussed in the Draft PEIS.

**PUBLIC SCOPING:** Comments received as a result of this notice will be used to assist the Department primarily in identifying the alternatives to be included in the PEIS and in assessing the impacts, in the United States, of these alternatives on the quality of the human environment. Scoping meetings will be held the week of May 8 in Harlingen, Laredo and El Paso, Texas to identify alternatives and significant issues related to the PEIS. The exact dates, times and locales for these meetings will be published in local newspapers. Individuals or

organizations may participate in the scoping process by providing written comments or by attending the scoping meetings. Written comments may be forwarded to either:

U.S. Department of State, OES/ETC,  
Attn: Ms. Charlotte Roe, 2201 C Street  
NW., Washington, D.C. 20520, Tel:  
(202) 647-3367, FAX: (202) 736-7351  
USAED, Fort Worth, CESWF-PL-RE,  
Attn: Mr. Eric Verwers, P.O. Box  
17300, Fort Worth, Texas 76102-  
0300, Tel: (817) 334-2370, FAX: (817)  
885-7539.

Comments and suggestions should be received no later than 60 days following this notice in order to be considered in the Draft PEIS.

**[Public Notice 2183]**

**United States International  
Telecommunications Advisory  
Committee Radiocommunications  
Sector Study Group 8—Mobile  
Services; Meeting Notice**

The Department of State announces that the United States International Telecommunications Advisory Committee (ITAC), Radiocommunications Sector Study Group 8—Mobile Services will meet on 19 April 1995 at 10 a.m. to 1 p.m., in room 1408 at the Department of State, 2201 C Street, Washington, DC 20520.

Study Group 8 studies and develops recommendations concerning technical and operating characteristics of mobile, radiodetermination, amateur and related satellite services.

This April meeting will review the results of the ad hoc groups and task groups of the study group and begin preparations for the June 12-16, 1995 international meeting of Study Group 8.

Members of the General Public may attend the meeting and join in the discussions, subject to the instructions of the Chairman, John T. Gilsenan.

**Note:** In order to gain access to State Department for this meeting, please call 202-647-0201 and leave your name; also, please provide your social security number, and date of birth. Please use "C" Street Entrance.

Dated: March 21, 1995.

**Warren G. Richards,**

*Chairman, U.S. ITAC for ITU-  
Radiocommunications Sector.*
