

Coast Guard, require additional permits related to their respective regulatory functions; the U.S. Army Corps of Engineers may also require separate permits.) To date, with respect to each permit application, the Department has issued a Finding of No Significant Impact, based on an Environmental Assessment (EA), consistent with the requirements of the National Environmental Policy Act of 1969, as amended, 42 U.S.C. 4321 *et seq.* (NEPA).

With several bridges permitted to date and given the expectation of continuing permit applications, the Department intends to prepare voluntarily a Programmatic Environmental Impact Statement (PEIS) to assess the cumulative environmental impacts in the United States of existing bridges along the Texas/Mexico border. The PEIS will also describe the general types of projects expected in the foreseeable future and will address the types of impacts that are expected to result from the continuation of present permitting procedures. The Department will use the results of the PEIS to inform both the manner and substance of its permitting process.

In undertaking this PEIS, the Department has elected to follow the procedures pertaining to the preparation of programmatic environmental impact statements contained in the NEPA regulations promulgated by the Council on Environmental Quality, 40 CFR 1500 *et seq.*, as well as by the Department, 22 CFR 161 *et seq.* The Department, EPA, F&WS, IBWC, Coast Guard, GSA and other Federal, state and local agencies will be able to develop supplemental EISs or incorporate the PEIS into future NEPA documentation (EAs or EISs), as allowed by NEPA, for activities or locations not specifically addressed in the PEIS.

ALTERNATIVES PROPOSED: Alternatives to be considered include the No Action alternative. Other alternatives identified during the scoping process will be discussed in the Draft PEIS.

PUBLIC SCOPING: Comments received as a result of this notice will be used to assist the Department primarily in identifying the alternatives to be included in the PEIS and in assessing the impacts, in the United States, of these alternatives on the quality of the human environment. Scoping meetings will be held the week of May 8 in Harlingen, Laredo and El Paso, Texas to identify alternatives and significant issues related to the PEIS. The exact dates, times and locales for these meetings will be published in local newspapers. Individuals or

organizations may participate in the scoping process by providing written comments or by attending the scoping meetings. Written comments may be forwarded to either:

BILLING CODE 4710-09-M

[Public Notice 2183]

**United States International
Telecommunications Advisory
Committee Radiocommunications
Sector Study Group 8—Mobile
Services; Meeting Notice**

The Department of State announces that the United States International Telecommunications Advisory Committee (ITAC), Radiocommunications Sector Study Group 8—Mobile Services will meet on 19 April 1995 at 10 a.m. to 1 p.m., in room 1408 at the Department of State, 2201 C Street, Washington, DC 20520.

Study Group 8 studies and develops recommendations concerning technical and operating characteristics of mobile, radiodetermination, amateur and related satellite services.

This April meeting will review the results of the ad hoc groups and task groups of the study group and begin preparations for the June 12-16, 1995 international meeting of Study Group 8.

Members of the General Public may attend the meeting and join in the discussions, subject to the instructions of the Chairman, John T. Gilsenan.

Note: In order to gain access to State Department for this meeting, please call 202-647-0201 and leave your name; also, please provide your social security number, and date of birth. Please use "C" Street Entrance.

Dated: March 21, 1995.

Warren G. Richards,

*Chairman, U.S. ITAC for ITU-
Radiocommunications Sector.*

BILLING CODE 4910-13-P

**Notice of Intent to Rule on Application
to Impose and Use the Revenue From
a Passenger Facility Charge (PFC) at
Lafayette Regional Airport, Lafayette,
Louisiana**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of intent to rule on
application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Lafayette Regional Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

DATES: Comments must be received on
or before May 1, 1995.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate copies to the FAA at the following address: Mr. Ben Guttery, Federal Aviation Administration, Southwest Region, Airports Division, Planning and Programming Staff, ASW-610D, Fort Worth, Texas 76193-0610.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Gregory Roberts, Director of Aviation, at the following address: Mr. Gregory Roberts, Director of Aviation, Lafayette Regional Airport, 200 Terminal Drive, Lafayette, Louisiana 70508.

Air carriers and foreign air carriers may submit copies of the written comments previously provided to the Airport under § 158.23 of Part 158.

FOR FURTHER INFORMATION CONTACT: Mr. Ben Guttery, Federal Aviation Administration, Southwest Region, Airports Division, Planning and Programming Staff, ASW-610D, Fort Worth, Texas 76193-0610, (817) 222-5614.

The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Lafayette Regional Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and Part 158 of the Federal Aviation Regulations (14 CFR Part 158).

On March 8, 1995, the FAA determined that the application to impose and use the revenue from a PFC submitted by the Airport was substantially complete within the requirements of § 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than June 21, 1995.

The following is a brief overview of the application.

Level of the proposed PFC: \$3.00

Proposed charge effective date:

September 1, 1995

Proposed charge expiration date:

October 31, 2002

Total estimated PFC revenue:

\$2,946,976.00

Brief description of proposed project(s):

Projects to Impose and Use PFC's

Airside ACAA Lifting Device; Terminal Improvements and Reimbursement; PFC Development, Implementation, and Administration; and Perimeter Road Rehabilitation.

Projects to Impose PFC's

Rehabilitate runway 11/29.

Proposed class or classes of air carriers to be exempted from collecting PFC's:

All air taxi/commercial operators (ATCO) filing or required to file FAA Form 1800-31.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA Regional Airports Office located at: Federal Aviation Administration, Southwest Region, Airports Division, Planning and Programming Staff, ASW-610D, 2601 Meacham Boulevard, Fort Worth, Texas 76137-4298.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at Lafayette Regional Airport.

Issued in Fort Worth, Texas on March 8, 1995.

Edward N. Agnew,

Assistant Manager, Airports Division.

BILLING CODE 4910-13-M

Federal Highway Administration

Environmental Impact Statement: Oklahoma County, Oklahoma

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for the proposed highway project in Oklahoma County, Oklahoma.

FOR FURTHER INFORMATION CONTACT:

Bruce A. Lind, Acting Division Administrator, Federal Highway Administration, 200 Northwest Fifth Street, Room 454, Oklahoma City, Oklahoma 73102, Telephone: (405) 231-4725.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Oklahoma Department of Transportation, will prepare an EIS in conjunction with a Major Investment Study (MIS) for a proposal to improve Interstate 40 in Oklahoma County. The proposed improvement would involve reconstructing Interstate 40 from the I-40/Meridian Avenue interchange east 9.6 kilometers (6 miles) to the I-40/1235/1-35 interchange in Oklahoma City, Oklahoma County. Improvements to this segment of Interstate 40 are considered necessary to provide for the projected traffic demand, to enhance safety and to replace structurally deficient bridge structures.

The MIS/EIS will consider a number of alternatives including: taking no action, reconstruction on existing alignment and construction on new alignment and incorporate mass transit alternatives currently under study.

The MIS/EIS process will solicit input from all appropriate Federal, State and local agencies. A public hearing will be held. Public notice will be given of the time and place of the hearing. The draft EIS will be available for public agency review and comment.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Issued on: March 23, 1995.

Mike Herron,

Technology Operations Engineer, Oklahoma City, Oklahoma.

BILLING CODE 4910-22-M

Environmental Impact Statement: Rock County, Wisconsin

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed bypass south and west of Janesville on State Highway (STH) 11, Rock County, Wisconsin.

FOR FURTHER INFORMATION CONTACT: Mr. Richard C. Madrzak, Statewide Projects Engineer, Federal Highway Administration, 4502 Vernon Boulevard, Madison, Wisconsin 53705-4905. Telephone (608) 264-5968.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Wisconsin Department of Transportation, will prepare an Environmental Impact Statement to improve STH 11 in Rock County, Wisconsin. The proposed improvement creates an arterial bypass south and west of Janesville on STH 11 for a distance of about 9.7 km (6 mi). A new structure over the Rock River is proposed.
