Minerals Management Service

Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

The collection of information listed below has been submitted to the Office of Management and Budget (OMB) for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the information collection requirements and related explanatory material may be obtained by contacting Dennis Jones at 303-231-3046. Comments and suggestions on the requirement should be made directly to the Bureau Clearance Officer at the telephone number listed below and to the Office of Management and Budget, Paperwork Reduction Project (1010-0090), Washington, DC 20503, telephone 202-395-7340.

Title: Royalty Rate Reduction Program for Federal Stripper Oil Properties.

OMB Approval Number: 1010-0090.

Abstract: To encourage continued production, provide an incentive for enhanced oil recovery projects, discourage abandonment of properties producing less than 15 barrels of oil each well day, and to reduce operator's expenses, the Bureau of Land Management (BLM) has amended regulations at 43 CFR 3103.4-1 to establish the conditions under which an operator of stripper oil property can obtain a reduced royalty rate. Operators are required to provide the royalty rate for each property to the Minerals Management Service, Royalty

Management Program (RMP) to ensure that the correct rate is used in RMP financial and production auditing systems.

Bureau Form Numbers: MMS-4377.

Frequency: Annually.

Description of Respondents:

Operators of stripper oil properties on Federal lands.

Estimated Completion Time: 30 minutes.

Annual Responses: 800.

Annual Burden Hours: 1,000.

Bureau Clearance Officer: Arthur Quintana, (703) 787-1101.

Dated: February 2, 1995.

Donald T. Sant,

Acting Associate Director for Royalty Management.

INTERNATIONAL TRADE COMMISSION

[Investigation No. TA-201-64]

Fresh Winter Tomatoes

AGENCY: United States International Trade Commission.

ACTION: Institution and scheduling of an investigation under section 202 of the Trade Act of 1974 (19 U.S.C. § 2252) (the Act).

SUMMARY: Following receipt of a petition filed on March 29, 1995, on behalf of the Florida Tomato Exchange, Orlando, FL, and the constituent members thereof, (petitioner) the United States International Trade Commission instituted investigation No. TA-201-64 under section 202(b) of the Trade Act of 1974 to determine whether fresh winter tomatoes, provided for in subheadings 0702.00.20 and 0702.00.60 of the Harmonized Tariff Schedule of the United States, are being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing an article like or directly competitive with the imported article.¹

Further, the petitioner, having indicated that the subject tomatoes are perishable agricultural products that have been the subject of Commission monitoring under section 332(g) of the

¹ For purposes of this investigation, "fresh winter tomatoes" is defined as fresh or chilled tomatoes (including but not limited to the varieties known scientifically as *Lycopersicon esculentum* and *Lycopersicon pyriforme*), excluding cherry tomatoes (*Lycopersicon cerasiforme*), if entered during the period from January 1 through April 30, inclusive, in any year.
