

SUMMARY: The Office of the Comptroller of the Currency (OCC) is extending the comment period on proposed revisions to the Country Exposure Report and the Country Exposure Information Report (FFIEC 009 and 009a) submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1980.

DATES: Comments on this information collection are welcome and should be submitted by April 24, 1995.

ADDRESSES: A copy of the submission may be obtained by calling or writing the OCC contact.

SUPPLEMENTARY INFORMATION: On March 3, 1995, the OCC published a notice in the **Federal Register** (60 FR 12027) advising that it had sent to the Office of Management and Budget, for review under the Paperwork Reduction Act of 1980, proposed revisions to the Country Exposure Report and Country Exposure Information Report (FFIEC 009 and 009a). The notice requested public comment by March 23, 1995.

The Board of Governors of the Federal Reserve System (Board of Governors) also utilizes the FFIEC 009. An interested party has requested extension of the public comment period until April 24, 1995. The OCC believes that allowing additional time for public comment is warranted, and is extending the public comment period.

Additionally, the OCC expects to delay the implementation date of the proposed revisions to the reporting form until at least September 30, 1995, to provide national banks with sufficient time to modify their systems and to resolve conceptual issues related to the report.

Internal Revenue Service

Nonconventional Source Fuel Credit; Publication of Inflation Adjustment Factor, Nonconventional Source Fuel Credit, and Reference Price for Calendar Year 1994

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Publication of inflation adjustment factor, nonconventional source fuel credit, and reference price for calendar year 1994 as required by section 29 of the Internal Revenue Code (26 U.S.C. 29).

SUMMARY: The inflation adjustment factor, nonconventional source fuel credit, and reference price are used in determining the availability of the tax credit for production of fuel from nonconventional sources under section 29 of the Internal Revenue Code.

DATES: The 1994 inflation adjustment factor, nonconventional source fuel credit, and reference price apply to qualified fuels sold during calendar year 1994.

INFLATION FACTOR: The inflation adjustment factor for calendar year 1994 is 1.9207.

CREDIT: The nonconventional source fuel credit for calendar year 1994 is \$5.76 per barrel-of-oil equivalent of qualified fuels.

PRICE: The reference price for calendar year 1994 is \$13.19. Because the above reference price does not exceed \$23.50 multiplied by the inflation adjustment factor, the phaseout of credit provided for in section 29(b)(1) of the Internal Revenue Code does not occur for any qualified fuel based on the above reference price.
