SUPPLEMENTARY INFORMATION: Postal Service regulations on conduct on postal property are published in title 39 of the Code of Federal Regulations (CFR) as § 232.1. One purpose of this proposed rule is to clarify that prohibited conduct on postal property includes violations of: (1) State, Territory, Possession, and District criminal laws assimilated onto exclusive Federal property under 18 U.S.C. 13, Assimilated Crimes Act; and (2) Federal, State, Territory, Possession, and/or District criminal laws that apply to the geographic areas in which nonexclusive properties owned or leased by the Postal Service are located.

Another purpose of this proposed rule is to provide that when conduct that is a violation of Federal, State, Territory, Possession, and/or District criminal law is committed on Postal Service property, it is also a violation of Postal Service regulations. Persons committing such prohibited conduct are subject to the penalty provisions of 39 CFR 232.1(p) (i.e., a fine of not more than \$50 and/or imprisonment of not more than 30 days), when prosecution of the criminal law violation is declined by Federal, State, Territory, Possession, or District prosecutors.

Approval and Promulgation of Air Quality Implementation Plans; Massachusetts; U Restricted Emission Status

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a State Implementation Plan (SIP) revision submitted by the Commonwealth of Massachusetts. This revision approves 310 CMR 7.02(12), entitled "U Restricted Emission Status," into the Massachusetts SIP. EPA is also proposing to extend the federal enforceability of this regulation to hazardous air pollutants. In the Final Rules Section of this **Federal Register**, EPA is approving the Commonwealth's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this proposal. Any parties interested in commenting on this proposal should do so at this time.

DATES: Comments must be received on or before May 5, 1995.

ADDRESSES: Comments may be mailed to Linda M. Murphy, Director, Air,
