

Therefore, the Department instructed Customs to terminate the suspension of liquidation on the subject merchandise entered, or withdrawn from warehouse, for consumption on or after April 28, 1992. The Department reinstated suspension of liquidation and required cash deposits of estimated countervailing duties of entries made on or after August 25, 1992, the date of publication of the countervailing duty order (57 FR 38472). As such, merchandise entered on or after April 28, 1992 and before August 25, 1992 is to be liquidated without regard to countervailing duties.

The Department will instruct the Customs Service to assess countervailing duties of 3.30 percent *ad valorem* of the f.o.b. invoice price on all shipments of the subject merchandise entered or withdrawn from warehouse, for consumption on or after March 31, 1992 and before April 28, 1992, and on all shipments of the subject merchandise entered or withdrawn from warehouse, for consumption on or after August 25, 1992 and exported on or before December 31, 1992.

The elimination of the Abatement of Five Percent of the Value of Indigenous Malaysian Materials Used in Exports Program reduces the total estimated duty deposit to 3.18 percent *ad valorem*. Therefore, the Department will instruct the Customs Service to collect a cash deposit of estimated countervailing duties of 3.18 percent *ad valorem* of the f.o.b. invoice price on all shipments of this merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. This deposit requirement will remain in effect until publication of the final results of the next administrative review.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675 (a)(1)) and 19 CFR 355.22.

Dated: March 29, 1995.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Corporation for National Service is a government organization created by the National and Community Service Act of 1990, as amended, 42 U.S.C. § 12501 et seq. ["the Act"]. The Corporation's mission is to engage Americans of all ages and backgrounds in community-based service. This service will address the nation's education, human, public safety, and environmental needs to achieve direct and demonstrable results. In doing so, the Corporation will foster civic responsibility, strengthen the ties that bind us together as a people, and provide educational opportunity for those who make a substantial commitment to service.

The Act authorizes the Corporation to conduct, directly or by grant or contract, training programs to promote leadership development in national service programs. The Presidio Leadership Center was established in 1995 by the Corporation with the purpose of developing leadership for community service. The Center is working to:

- Create a sense of professional identity and shared purpose among leaders working at all levels in national service;
- Help leaders and potential leaders increase their effectiveness in accomplishing the goals of their programs and of national service;
- Create opportunities for new leadership to emerge, strengthening the diversity, richness, and energy of those who guide national service;
- Encourage leaders to weave community service into the fabric of the way that every community approaches its challenges.

The leadership development program described in this notice, primarily targeted at executives and senior managers in service programs, has been tentatively named the Presidio Leadership Fellowship Program (PLFP). It is the first initiative of the PLC. This program is subject to availability of

funds. We expect to offer a number of other leadership development programs serving various kinds of leaders in the service field. In addition, we expect to offer conferences, seminars, and other opportunities for leaders in national and community service to exchange ideas and best practices, and develop innovative ways to serve the American people.

#### A. Expected Outcomes

The leaders we hope to serve through the PLFP include executive directors, site directors, and senior staff of AmeriCorps\* USA programs, AmeriCorps\*VISTA programs, Learn and Serve programs, National Senior Service Corps programs, leaders within the AmeriCorps\* National Civilian Community Corps, executive directors of state commissions, and others. We expect to achieve the following outcomes:

- PLFP participants, or Fellows, improve their performance over time, on specific, measurable objectives they set for themselves as demonstrated through even greater effectiveness of their programs.
- Fellows report a significant increase in the amount and quality of regular peer to peer exchange of information and practices, sharing of lessons learned, and support among leaders of service programs.
- There is a growing cadre of trained facilitators, trainers, and coaches who will work with the PLC and other community service programs to implement leadership training programs.
- Rates of retention and promotion of Fellows in the field are higher than those of peers who do not participate in this program.
- Fellows report high levels of satisfaction with this program.

#### B. Approach

The Presidio Leadership Fellowship is a new program that supports national and community service and looks to use the most innovative and effective tools, methods, and techniques in doing so. Substantial involvement is expected between the PLC and the successful applicants when carrying out the program. The PLC is looking for organizations who can work with us to develop an outstanding leadership development program as well as a "train-the-trainer" process (for both participants and staff) to continue and expand the program in the future.

##### 1. Learning Goals of the PLFP

The PLC will help leaders develop skills and personal leadership

approaches that will enable them to succeed in leading programs that provide excellent service to American communities. We expect to help leaders develop within three skill areas, which we have designated as 'learning goals'. They are: (a) building and maintaining a high quality service organization; (b) strategic thinking; (c) personal dimensions of leadership. We expect that leaders will grow significantly in these areas as a result of participation in the Fellowship.

##### 2. Basic Structure of the PLFP

The PLC expects the program to follow the outlined structure. Applicants are invited to suggest alternatives to components of this structure, but in the application should offer a program that fits this structure as well as any alternatives, and the rationale for those alternatives.

###### • Program Components.

The PLFP will be a year-long leadership development experience for leaders of community service programs. The specific components of the program are set forth in section IIA.

###### • Diverse participants.

Each class of approximately 30 participants will include executive directors or other high-level managers of community service programs, the majority of whom have funding from the Corporation. A summary of Corporation-funded programs will be provided in the application materials. Most of the program directors have responsibility for planning, fundraising, managing staff, budgets, mastering and complying with government regulations, working with community boards, forming community partnerships, drawing strength from a diverse staff, community, and group of AmeriCorps members, and relating to government agencies at the local, state, and federal level. They are managing in an environment of ambitious expectations and limited resources, as well as specific and demanding policies and requirements of the Corporation.

- Three-year phased implementation.
- Recruitment and selection of participants
- Tuition
- Following effective practice in adult learning.

##### C. PLC Involvement

The PLC will be involved in all activities undertaken as part of this cooperative agreement. PLC involvement may include but is not limited to:

- Participation by PLC staff or consultants in the planning and management of the program, and

provision of general monitoring and oversight to ensure high program quality;

- Selection of participants;
- Provision of guidance in the process of assessment of needs and interests of leaders in the service field to be addressed through the PLFP;
- Participation in the development of schedules, curriculum and materials for trainings and other activities;
- Attendance at and participation in delivery of all activities contained in the cooperative agreement; and delivery of certain portions of the training (for example, teaching a case study during the five-day seminar);
- Coordination of activities between providers of services to the PLC through cooperative agreement(s), and with Corporation-funded programs and the Corporation for National Service.
- Analysis of evaluation information collected by providers and/or the PLC staff concerning the PLFP.
- Assistance in accessing available information and technical assistance from Government sources, within available resources and as determined by the Executive Director of the PLC. This shall include data from the Corporation's database or any other resources within the government that may be of use in supporting this program.

#### II. Work To Be Accomplished Through This Cooperative Agreement

These are the activities for which the PLC seeks assistance through this cooperative agreement. Section IIA, "Program design and delivery activities," describes components of the program to be delivered. Applicants can apply to design and conduct all or some of the components outlined in section IIA. Section IIB, "Required project activities", describes tasks that must be accomplished as part of the cooperative agreement. These tasks include forming an effective working partnership with PLC and Corporation staff; collaborating with other organizations or individuals to design and deliver the program; engaging in evaluation and continuous improvement of the program; providing a conceptual framework for leadership development or incorporating the applicant's services into a framework selected by the PLC; and others.

##### A. Program Design and Delivery Activities

In order to have an impact and improve the leadership skills of the Fellows, we believe that the ideal program will work with the Fellows over a period of time and not just be a "one shot" training experience.

However, cost will be a factor. The following activities are the components of an "ideal" program:

1. Preparation (high priority)
2. Presidio five-day intensive seminar (high priority)
3. Network teams/action learning during six months after intensive seminar
4. Next steps seminar one year after intensive seminar (Optional—depending on cost)
5. Leader grants (small grants ranging from \$100 to \$5,000 to Fellows who agree to provide special services to other Corporation-funded programs)
6. Evaluation

#### B. Required Project Activities

Applicants must demonstrate their commitment to completing the following tasks and explain how they will accomplish them.

1. Formation of an effective working partnership with PLC and Corporation staff.
2. Collaboration with other organizations or individuals to design and deliver the program.
3. Evaluation and continuous improvement of the program.
4. Provision of a powerful conceptual framework for leadership development or incorporating the applicant's services into a framework selected by the PLC.
5. Demonstration that the applicant will bring a truly diverse team of trainers and facilitators (and coaches if applicable) to the project, and that the applicant is prepared to integrate and train individuals provided by the PLC in such roles.

### III. Application Requirements

#### A. Eligibility Requirements

To be eligible to participate in this cooperative agreement program, applicants must be a non-profit organization, an educational institution, or a for-profit business organization. Regardless of the type of organization applying for Federal funding assistance, no fee or profit will be allowed.

#### B. Period of Support

The cooperative agreement will cover a period of between 12 and 16 months, beginning on or about June 1, 1995, with the possibility of renewal based on performance, need, and availability of funds at the discretion of the Corporation. However, there are no assurances for such continuation.

#### C. Application Procedure

Each applicant must submit one original and three copies of its application package. Only complete application packages received on or

before 3:30 p.m. PST May 8 will be considered.

#### D. Application Contents

1. Forms and Certifications. All pre-printed application forms must be completed and, where required for certification, signed.
2. Narrative Statement. Maximum 10 single-sided pages double-spaced in 12-point font (excluding any attachments described in the application materials).
3. Budget and Other Required Information. Applicants will be required to provide budget information as described in the application materials and comply with (1) applicable Office of Management and Budget Circulars; (2) certification requirements concerning debarment, suspension, other responsibility matters, drug-free workplace, and lobbying restrictions; and (3) appropriate assurances pertaining to recipients of federal funding. Further information about these requirements will be included in the application materials.

#### E. Application Review

Initially all applications will be reviewed to confirm that the applicant is an eligible recipient and to ensure that the application complies with the application instructions and contains all the information required by the Application Contents section of the application packet. Each complete application from an eligible applicant will then be evaluated by a Technical Evaluation Panel. The PLC may request that those applicants selected as finalists provide a range of references; provide various training materials, videos, or other materials for review; and/or be interviewed by phone or in person. The following criteria will be used to evaluate proposals. Percentage weights are given for the importance of each criterion in evaluating the applications.

- 30% Quality of program and implementation plan.
- 30% Organizational capacity.
- 20% Cost effectiveness.
- 20% Quality and experience of training staff.

Dated: April 3, 1995.
