Introduction of Nonindigenous Organisms

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Proposed rule; correction to extension of comment period and notice of public hearing.

SUMMARY: We are correcting a document that was published in the **Federal Register** on March 21, 1995 (60 FR 14928-14929, Docket No. 93-026-2). The document announced a public hearing and extended the comment period for a proposed rule that would establish regulations governing the introduction of certain nonindigenous organisms. In the heading of that document, we failed to include a citation indicating the CFR title and part affected by the document and the previous proposed rule. We are correcting the heading to include a citation of the CFR title and part affected.

[Docket No. 95-CE-11-AD]

Airworthiness Directives; Mooney Aircraft Corporation Model M20K Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes to adopt a new airworthiness directive (AD) that would apply to Mooney Aircraft Corporation (Mooney) Model M20K airplanes. The proposed action would require inspecting to see if the airplane is equipped with a Gerdes fuel selector valve, part number (P/N) A-2580, and replacing any Gerdes fuel selector valve with an Airight fuel selector valve. Malfunction of a Gerdes fuel selector valve on an affected airplane, where the valve did not allow the operator to select the appropriate fuel tank, prompted the proposed action. The actions specified by the proposed AD are intended to prevent fuel selector valve malfunction, which, if not detected and corrected, would prevent the airplane operator from selecting the appropriate fuel tank, resulting in an unscheduled landing.

DATES: Comments must be received on or before June 9, 1995.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 95-CE-11-AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106. Comments may be inspected at this location between 8 a.m. and 4 p.m., Monday through Friday, holidays excepted.

Service information that applies to the proposed AD may be obtained from the Mooney Aircraft Corporation, Louis
