Take notice that on March 31, 1995, Richfield Gas Storage System (Richfield), Two Warren Place, 6120 S. Yale, Suite 1200, Tulsa, Oklahoma 74136, filed a prior-notice request in Docket No. CP95-291-000 pursuant to Section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to use an existing tap and side valve as a new delivery point in Morton County, Kansas, under Richfield's blanket certificate issued in Docket No. CP93-679-000 pursuant to Section 7 of the NGA, all as more fully set forth in the request which is open to the public for inspection.

Richfield states that it would serve AGS under its FERC Rate Schedules FSS-1 and/or ISS-1.

Transcontinental Gas Pipe Line Corp.; Notice of Filing

April 6, 1995.

Take notice that on March 22, 1995, Transcontinental Gas Pipe Line Corporation (TGPL) tendered for filing a report concerning its Refund of Excess Interruptible Transportation/Gathering Revenues.

TGPL states that pursuant to Section 29 of the General Terms and Conditions (GT&C) of its FERC Gas Tariff, Third Revised Volume No. 1, TGPL refunded on March 21, 1995 excess interruptible transportation/gathering revenues for the annual period November 1993 through October 1994. Pursuant to Section 29 of the GT&C, 90% of such excess fixed cost revenue is being refunded to all firm transportation Buyers (except those whose rates are based on an incremental cost of service) based on each respective Buyer's fixed cost contribution as a percentage of the total fixed cost contribution of such Buyers during the refund period. Refunds total \$24,516,141.43, including interest of \$901,182.67.

TGPL further states that in its orders [*Transcontinental Gas Pipe Line Corporation*, 63 FERC ¶ 61,194 at 62,500, *rehearing denied*, 65 FERC ¶ 61,023 (1993)] approving Section 29 of the GT&C, the Commission expressly excluded interruptible shippers from sharing in refunds of excess interruptible transportation/gathering revenues. Those orders (including the issue of interruptible shipper participation in refunds under Section 29 of the GT&C) have been appealed to the United States Court of Appeals for the D.C. Circuit. In the event that the issue of the right of interruptible shippers to participate in the sharing of excess interruptible transportation/gathering revenues is addressed in that appeal, TGPL provides notice to its affected customers that the amounts refunded are subject to adjustment and that TGPL reserves the right to recoup any portion of the amounts refunded depending upon the final resolution of the issue.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214. All such motions or protests should be filed on or before April 13, 1995. Protests will be considered by the

Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
