

FOR FURTHER INFORMATION CONTACT: Kate Becker (202) 606-5000 x 149, Corporation for National Service, AmeriCorps*NCCC, 1201 New York Avenue, NW., Washington, DC 20525.

SUPPLEMENTARY INFORMATION: Section 3517 of the Paperwork Reduction Act of 1980 (44 U.S.C. Chapter 3517) requires that the Director of OMB provide interested Federal agencies and persons an early opportunity to comment on information collection requests.

Office of Action Issuing Proposal: AmeriCorps*NCCC.

Title of Forms: Applicant Medical Prescreening Form.

Need and Use: This information is used for program management, planning, and required recordkeeping.

Type of Request: Submission of new collection.

Respondent's Obligation to Reply: Required to receive benefits.

Frequency of Collection: One time per selected applicant.

Estimated Number of Response: 2,000.

Average Burden Hours Per Response: .5 hours (reporting and recordkeeping).

Estimated Annual Reporting or

Disclosure Burden: 500 hours.

Regulatory Authority: The National and Community Service Act of 1990, as amended.

Dated: March 30, 1995.

Donald L. Scott,

*Vice President, Corporation for National Service and Director, AmeriCorps*National Civilian Community Corps.*

BILLING CODE 6050-28-M

DEPARTMENT OF DEFENSE

Department of the Army

Office of the Secretary of the Army; Notice of Intent to Prepare a Supplemental Environmental Impact Analyses for Disposal and Reuse of Fort Ord

AGENCY: Department of the Army, DOD.

ACTION: Notice of Intent to prepare a Supplemental Environmental Impact Statement (SEIS) for the disposal and reuse of Fort Ord, California, to cover the additional lands to be made available for disposal as a result of downsizing the Presidio of Monterey (POM) Annex and changes in intended reuse identified in the December 12, 1994, Fort Ord Reuse Authority (FORA) Reuse Plan.

SUMMARY: The action evaluated in the SEIS is the disposal and reuse of Fort Ord, California, in accordance with the

legislative requirements of the Defense Base Closure and Realignment Act of 1990, Public Law 101-510. The SEIS will cover additional lands to be made available for disposal as a result of downsizing the POM Annex located on the former Fort Ord. Because the opportunity for supplementation has arisen, the environmental effects of changes in land uses between Fort Ord Reuse Group's (FORG's) draft reuse plan of October 1993 and FORA's approved reuse plan of December 1994 that have not been adequately addressed in previous National Environmental Policy Act documentation will also be considered.

ALTERNATIVES: Alternatives to the POM Annex and a no-POM Annex alternative were addressed in the Final EIS. This EIS addressed a range of alternative future land uses. These alternatives will be supplemented with information on the new smaller POM Annex and final Reuse Plan of the Fort Ord Reuse Authority.

PUBLIC INVOLVEMENT: The public will be invited to participate in the scoping process, review of the draft SEIS and a public meeting. The location and time of the scoping meeting to be scheduled during April 1995 will be announced in the local news media. The release dates of the draft SEIS for public comment and the public meeting will also be announced in the local news media, as the dates are established.

POINT OF CONTACT: Mr. Bob Verkade, Sacramento District, U.S. Army Corps of Engineers, (916) 557-7423.

Dated: April 6, 1995.

Lewis D. Walker,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health), OASA (IL&E).

BILLING CODE 3710-08-M

Army Science Board; Notice of Open Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (P.L. 92-463), announcement is made of the following Committee Meeting:

Name of Committee: Army Science Board (ASB).

Date of Meeting: 24 and 25 April 1995.

Time of Meeting: 1300-1600, 24 April 1995; 0800-1600, 25 April 1995.

Place: Ft. Leavenworth, Kansas—McNair Hall (Bldg. 286).

Agenda: The Army Science Board (ASB) Analysis, Test and Evaluation Issue Group will meet to assess the impact of personnel reductions on mission accomplishment within the Army analytical community. This meeting will be open to the public. Any

interested person may attend, appear before, or file statements with the committee at the time and in the manner permitted by the committee. The ASB Administrative Officer, Sally Warner, may be contacted for further information at (703) 695-0781.

Sally A. Warner,

Administrative Officer, Army Science Board.

BILLING CODE 3710-08-M

DEPARTMENT OF EDUCATION

[CFDA No. 84.041]

Impact Aid

AGENCY: Department of Education.

ACTION: Notice extending the application deadline date for Impact Aid fiscal year 1995 section 8002 grants and fiscal year 1996 section 8003 grants.

SUMMARY: The Secretary extends the deadline date for the submission of applications for Impact Aid fiscal year 1995 section 8002 grants and fiscal year 1996 section 8003 grants to May 8, 1995. Impact Aid regulations at 34 CFR § 222.10 specify that the annual application deadline is January 31 of the fiscal year for which assistance is being sought. Because the Impact Aid statute was reauthorized on October 20, 1994, as part of the Improving America's Schools Act of 1994, new application forms for those grants had to be developed and approved. Now that the approval process is complete and new applications are available, an extension is being granted to potential applicants under sections 8002 and 8003 for Impact Aid assistance for the respective years specified. Section 8003 applicants should use a survey date for their student counts that is at least three days after the start of the 1994-95 school year and before the extended deadline of May 8, 1995.

The deadline date for the transmittal of comments by State Educational agencies is May 23, 1995. The Secretary will also accept and approve for payment any otherwise approvable application that is received on or before the sixtieth day after May 8, 1995. However, any applicant meeting the conditions of the preceding sentence will have its payment reduced by 10 percent of the amount it would have received had its application been filed by May 8, 1995.

FOR APPLICATIONS OR INFORMATION

CONTACT: Impact Aid Program, U.S. Department of Education, 600 Independence Avenue SW., Room 4200 Portals, Washington, DC 20202-6244. Telephone: (202) 260-3907. Individuals

who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

Program Authority: 20 U.S.C. 7705.

Dated: April 5, 1995.

Thomas W. Payzant,

Assistant Secretary for Elementary and Secondary Education.

BILLING CODE 4000-01-M

Advisory Council on Education Statistics; Meeting

AGENCY: Advisory Council on Education Statistics.

ACTION: Teleconference.

SUMMARY: This notice sets forth the schedule and proposed agenda of a forthcoming meeting of the Advisory Council on Education Statistics. This notice also describes the functions of the Council. Notice of this meeting is required under Section 10(a)(2) of the Federal Advisory Committee Act. This document is intended to notify the general public of their opportunity to attend.

DATES AND TIME: May 4, 1995 at 10:00 a.m..

ADDRESSES: 555 New Jersey Avenue, N.W., Room 400F, Washington, D.C. 20208.

FOR FURTHER INFORMATION CONTACT: Barbara Marenus, Executive Director, Advisory Council on Education Statistics, 555 New Jersey Avenue, Room 400J, Washington, D.C. 20208-7575, telephone: (202) 219-1839.

SUPPLEMENTARY INFORMATION: The Advisory Council on Education Statistics (ACES) is established under Section 406(c)(1) of the Education Amendments of 1974, Pub. L. 93-380. The Council is established to review general policies for the operation of the National Center for Education Statistics (NCES) in the Office of Educational Research and Improvement and is responsible for advising on standards to insure that statistics and analyses disseminated by NCES are of high quality and are not subject to political influence. The meeting of the Council is open to the public.

The proposed agenda includes the following:

- A discussion of draft NCES guidelines on standards-based reporting.
- Agenda planning for the next ACES Meeting.

Records are kept of all Council proceedings and are available for public

inspection at the Office of the Executive Director, Advisory Council on Education Statistics, 555 New Jersey Avenue NW, Room 400J, Washington, D.C. 20208-7575.

Sharon P. Robinson,

Assistant Secretary for Educational Research and Improvement.

BILLING CODE 4000-01-M

DEPARTMENT OF ENERGY

Record of Decision; Defense Waste Processing Facility at the Savannah River Site, Aiken, SC

AGENCY: Department of Energy, DOE.

ACTION: Record of Decision, Defense Waste Processing Facility at the Savannah River Site (SRS), Aiken, South Carolina.

SUMMARY: The U.S. Department of Energy (DOE) is publishing a Record of Decision for the Defense Waste Processing Facility (DWPF). DOE has prepared and issued a Final Supplemental Environmental Impact Statement (EIS) (DOE/EIS-0082-S, November 25, 1994) to assess the potential environmental impacts of completing construction and operating the DWPF, a group of associated facilities and structures, to pretreat, immobilize, and store high-level radioactive waste at the Savannah River Site (SRS). On the basis of the analysis of impacts in the Supplemental EIS, monetary costs, and regulatory commitments, DOE has decided to complete construction and startup testing, and begin operation of DWPF. The facility will be completed and operated as designed, which includes modifications to the conceptual design originally proposed and evaluated in the EIS prepared for the DWPF in 1982 (DOE/EIS-0082). DOE also will implement additional safety modifications to DWPF that will substantially reduce or eliminate potential accidental releases of radioactive material and chemicals in the unlikely event of a severe earthquake. Independent readiness reviews of DWPF facilities will be conducted, and any potential concerns raised in these reviews will be resolved before DOE proceeds with radioactive operations.

High-level radioactive waste at SRS, the result of nuclear materials production, has been stored in large underground tanks at SRS since 1954. This waste now amounts to approximately 129 million liters (34 million gallons) and exists as sludge,

soluble salts dissolved in water (supernatant), and crystallized saltcake formed from evaporation of the supernatant. DWPF includes facilities to pre-treat the salt (supernatant and saltcake) and sludge components using existing high-level waste tanks. Pre-treatment of the salt component will involve chemical precipitation in a high-level waste tank followed by filtration for separation of highly radioactive constituents (cesium, strontium, and plutonium) from the salt solution, yielding two output streams: a highly radioactive precipitate slurry and a low radioactivity salt solution. Pre-treatment of the highly radioactive sludge will involve washing it with a sodium hydroxide solution in selected high-level waste tanks to remove aluminum hydroxide and other soluble salts. The highly radioactive constituents in the precipitate slurry and the pre-treated sludge will be immobilized at DWPF by incorporating them in borosilicate glass in a process called vitrification. The highly radioactive vitrified waste will be sealed in stainless steel canisters and stored in vaults at DWPF until a permanent geologic repository becomes available. The low radioactivity salt solution resulting from salt and sludge pre-treatment will be immobilized in the Saltstone Manufacturing Plant (one of the DWPF facilities) by being blended with cement, slag, and flyash, which will harden into a concrete-like material called saltstone. Saltstone will be permanently disposed of in large vaults located near DWPF.

Storage of high-level radioactive waste in tanks presents continued long-term risk from releases to the environment, both from normal operations and potential accidents. Completion and operation of DWPF will provide DOE with facilities to immobilize high-level waste at SRS in a form that will significantly reduce potential long-term hazards to human health and the environment.

FOR FURTHER INFORMATION CONTACT: For further information on DWPF or to receive a copy of the Final Supplemental EIS contact: SR NEPA Compliance Officer, U.S. Department of Energy, Savannah River Operations Office, P.O. Box 5031, Aiken, South Carolina 29804-5031, (800) 242-8269. For further information on the DOE National Environmental Policy Act (NEPA) process, contact: Carol M. Borgstrom, Director, Office of NEPA Policy and Assistance (EH-42), U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, D.C. 20585, (202) 586-
