

addresses the relocation of a petroleum liquids pipeline at the MacGillis & Gibbs/Bell Lumber & Pole Site ("the Site") in New Brighton, Minnesota. Among the areas to be addressed in response activities at the Site is a disposal pond area, where wood treating process wastes, including sludges and wood scraps containing creosote, pentachlorophenol and chromated copper arsenate, have been placed. The Williams Pipe Line Company operates a petroleum pipeline pursuant to license agreements with the various property owners at and adjacent to the site. The pipeline passes through the disposal pond area, and excavation and treatment of contaminated soils and sediments cannot proceed with the pipeline in place. Neither U.S. EPA nor the State of Minnesota presently has any evidence that Williams Pipe Line Company's operations resulted in the presence of the hazardous substances to be addressed in the disposal pond area. To the contrary, all available information indicates that the presence of these hazardous substances is attributable to adjacent wood treating operations.

U.S. EPA may enter into this settlement under the authority of Section 122(g) of CERCLA. The settlement agreement provides that Williams Pipe Line will obtain the necessary authority from other property owners to relocate its pipeline to a remote location, and proceed to re-route its pipeline accordingly pursuant to an approved work plan and schedule. Actual line relocation is not expected to take more than twenty days. U.S. EPA and the State of Minnesota have agreed to provide funding of up to \$198,415 for the project. Payment is to be made upon completion of the work and review of the relocation costs incurred.

A copy of the proposed Administrative Order on Consent and additional background information relating to the settlement are available for review and may be obtained in person or by mail from Thomas M. Williams (Mail Code CS-29A), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

The U.S. Environmental Protection Agency will receive written comments relating to this settlement for thirty days from the date of publication of this notice.

### Private Wireless Division, New York Metropolitan Area Public Safety Plan Amendment

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** The Acting Chief, Private Radio Division and the Acting Chief, Spectrum Engineering Division released this Order affirming the November 28, 1994, amendment to the Public Safety Radio Plan for the New York Metropolitan Area (Region 8). As a result of affirming the amendment to the Plan for Region 8, the interests of the eligible entities within the region will be furthered.

**EFFECTIVE DATE:** March 30, 1995.

**FOR FURTHER INFORMATION CONTACT:** Mark Rubin, Wireless Telecommunications Bureau, Private Wireless Division (202) 418-0680.

**SUPPLEMENTARY INFORMATION:**

Order

Adopted: March 22, 1995

Released: March 30, 1995

By the Acting Chief, Private Wireless Division, Wireless Telecommunications Bureau and the Acting Chief, Spectrum Engineering Division, Office of Engineering and Technology:

1. On November 28, 1994, the Private Radio Bureau and the Office of Engineering and Technology, acting under delegated authority, approved an amendment to the New York Metropolitan Area (Region 8) Public Safety Plan (Plan). *Order*, Gen. Docket No. 88-476, adopted November 28, 1994, DA 94-1329. In the *Order*, we inadvertently failed to note that Mr. Charles L. Larsen filed a timely comment on August 2, 1994.

2. We have reviewed Mr. Larsen's comment. Mr. Larsen opposed the amendment to the Region 8 Plan noting the scarcity of frequencies in the New York metropolitan area. We note that his objection is not directed against the proposed amendment, but rather the public safety National Planning process. We find that our approval of the amendment was consistent with Commission authority pursuant to *Report and Order*, in Gen. Docket No. 87-112, 53 FR 1022, January 15, 1988.

3. Accordingly, we reaffirm our decision of November 28, 1994, that the Public Safety Radio Plan for the New York Metropolitan Area (Region 8) IS AMENDED, as set forth in the Region's letter of July 11, 1994.

4. For further information, contact Mark Rubin at (202) 418-0680.
