Carriage of Bulk Solid Materials Requiring Special Handling

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking; termination.

SUMMARY: The Coast Guard is terminating rulemaking intended to amend the Coast Guard's regulations for the carriage of certain bulk solid materials. The proposed rules would have added to the list of materials permitted under the regulations materials carried under Coast Guard Special Permits issued pursuant to this regulation (Special Permits) and other materials contained in the International Maritime Organization (IMO) Code of Safe Practice for Solid Bulk Cargoes (IMO Bulk Solids Code, or "BC Code"), including coal. The Coast Guard wishes to focus its available resources to actions of the highest priority; therefore, the Coast Guard is terminating further rulemaking under docket number 87-069.

DATES: This proposed rulemaking is terminated April 13, 1995.

SUPPLEMENTARY INFORMATION:

Regulatory History

On April 28, 1989, an Advance Notice of Proposed Rulemaking (ANPRM) was published in the Federal Register (54 FR 18308). The Coast Guard received 16 letters commenting on the ANPRM. No public hearing was requested, and none was held. The comments received in response to the ANPRM were considered in the development of the Notice of Proposed Rulemaking (NPRM).

On April 12, 1994, a Notice of Proposed Rulemaking was published in the Federal Register (59 FR 17418). The public comment period on this NPRM

had been scheduled to close on July 11, 1994; however, because of several requests from interested members of the public, the Coast Guard published a supplemental NPRM on August 5, 1994 (59 FR 40004) reopening the public comment period for an additional 30 days ending September 6, 1994.

In response to the NPRM, the Coast Guard received 55 letters containing more than 200 comments. Commenters included shippers, carriers, terminal operators, marine surveyors, trade associations, private individuals, and the Canadian Coast Guard. No public hearing was requested, and none was held.

After a comprehensive review of its active regulatory program, the Coast Guard has determined that this rulemaking is of relatively low priority at this time. The Coast Guard wishes to focus its available resources on actions of the highest priority and has determined that the best course of action is to terminate further rulemaking under docket number 87-069. In keeping with the President's direction to Federal agencies to review their regulations, the Coast Guard will reexamine this issue at some point in the future to determine if further rulemaking is necessary. Based on these considerations, the Coast Guard is terminating further rulemaking under docket number 87-069.

Dated: April 5, 1995.

Acting Chief, Office of Marine Safety Security and Environmental Protection.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MM Docket No. 94-123, DA 95-694]

Radio Broadcast Services; Television Program Practices

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; extension of reply comment period.

SUMMARY: The Commission granted a joint request by the Network Affiliated Stations Alliance for an extension of time for filing reply comments in this proceeding. The Commission determined that the extension of time was warranted in light of the time necessary to compile information critical to resolution of the numerous and complex issues raised in this

proceeding. This action will facilitate the development of a full and complete record on these issues.

DATES: Reply comments are now due on May 12, 1995.

ADDRESSES: Federal Communications Commission, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Alan E. Aronowitz, Mass Media Bureau, (202) 776-1653.

SUPPLEMENTARY INFORMATION:

Adopted: March 31, 1995.

Released: March 31, 1995.

By the Chief, Mass Media Bureau:

1. On October 25, 1994, the Commission released a Notice of Proposed Rule Making in MM Docket No. 94-123, 59 FR 55402 (November 7, 1994) (NPRM), in this proceeding, soliciting comment on the legal and policy justifications, in light of current economic and technological conditions, for the Prime Time Access Rule, § 73.658(k) of the Commission's Rules, and to consider the continued need for the rule in its current form. By an Order adopted on December 7, 1994, the deadline for filing comments was extended to March 7, 1995, and the deadline for filing reply comments was extended to April 6, 1995. See Order Granting Extension of Time for Filing Comments and Reply Comments in MM Docket No. 94-123, 59 FR 64382 (December 14, 1994).

2. On March 24, 1995, a motion for extension of time for filing reply comments in this proceeding was filed by the Network Affiliated Stations Alliance, which states that it is authorized to represent the Association of Independent Television Stations, Inc., Viacom, Inc. King World Productions, Inc., Capital Cities/ABC, Inc., CBS Inc., the National Broadcasting Company, Inc., the Motion Picture Association of America, Inc., and the Media Access Project ("Joint Petitioners") in this request. The motion requests that the deadline for filing reply comments be extended from April 6, 1995, to May 12, 1995.

3. The Joint Petitioners contend that the comments filed in this proceeding include detailed economic studies on all sides of the issues. These parties, who take differing views on the continued need for the Prime Time Access Rule, assert that certain data underlying those studies is now becoming available and is expected to be accessible for public review at the Commission shortly. In order to respond to the comprehensive economic analysis called for in the NPRM and to properly evaluate the comments and economic studies submitted thus far, the Joint Petitioners suggest that absent an extension of time,

any meaningful review of this data prior to the deadline for filing reply comments would be virtually impossible. These parties maintain that the grant of this request for a modest extension will serve the public interest by permitting a more thorough public and industry review of the economic data, which would, in turn, facilitate the submission of reply comments that will prove more useful in generating the comprehensive record that the Commission seeks in this proceeding.

4. As set forth in § 1.46 of the Commission's rules, 47 CFR 1.46, it is our policy that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. However, under the circumstances described above, we believe that the requested extension of time to file reply comments is warranted. This extension of time should facilitate the development of a full and complete record on the issues raised in the NPRM and, thus, it appears reasonable to provide the commenting parties additional time to analyze and address these issues.

5. Accordingly, *it is ordered* That the above-mentioned motion for an extension of time is granted, and that the time for filing reply comments in this proceeding is extended to May 12, 1995.

6. This action is taken pursuant to authority found in sections 4(i) and 303(r) of the Communications Act of 1934, as amended, and §§ 0.204(b), 0.283, and 1.45 of the Commission's rules.
