**Executive Order 12372**

This program is listed in the Catalog of Federal Domestic Assistance Programs under No. 10.565 and is subject to the provisions of Executive Order 12372, which requires

intergovernmental consultation with State and local officials (7 CFR Part 3015, Subpart V, 48 FR 29112).

**Description**

On December 23, 1985 the President signed the Food Security Act of 1985 (Pub. L. 99-198). This legislation amended section 5(f) and (g) of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note) to require that the Secretary permit agencies administering the CSFP to serve elderly persons if such service can be provided without reducing service levels for women, infants, and children. The law also mandates establishment of income eligibility requirements for elderly participation. Prior to enactment of Public Law 99-198, elderly participation was restricted by law to three designated pilot projects which served the elderly in accordance with agreements with the Department.

In order to implement the CSFP mandates of Public Law 99-198, the Department published interim rules on September 17, 1986 at 51 FR 32895 and a final rule on February 18, 1988 at 58 FR 8287. These regulations defined "elderly persons" as those who are 60 years of age or older. The final rule further stipulated that elderly persons certified on or after September 17, 1986 must have "household income at or below 130 percent of the Federal Poverty Income Guidelines published annually by the Department of Health and Human Services" (7 CFR 247.7(a)(3)).

These poverty income guidelines are revised annually to reflect changes in the Consumer Price Index. The revision for 1995 was published by the Department of Health and Human Services (DHHS) in the Federal Register for February 9, 1995 at 60 FR 7772. At this time the Department is publishing the income limit of 130 percent of the poverty income guidelines by household size to be used for elderly certification in the CSFP for the period July 1, 1995-June 30, 1996.

The poverty income guidelines were multiplied by 1.30 and the results rounded up to the next whole dollar. The table in this notice contains the income limits by household size for the 48 contiguous States and the District of Columbia. The poverty income guidelines for areas outside of the 48 contiguous States have not been included in this notice because the

CSFP does not operate in these areas. The revised income guidelines reflect an increase of 2.36 percent over the income guidelines for the previous period.

This EA will address National Forest System lands on the Bitterroot, Boise, Caribou, Challis, Clearwater, Colville, Deerlodge, Deschutes, Flathead, Fremont, Helena, Humboldt, Idaho Panhandle, Kootenai, Lolo, Malheur, Ochoco, Payette, Sawtooth, Wallowa-Whitman, and Winema National Forests in the Northern, Intermountain, and Pacific Northwest Regions. The Salmon National Forest has been removed from this list.

The Forest Service also served notice that the agency is seeking information and comments from Federal, State, and local agencies and other individuals or organizations who may be interested in or affected by the proposed action. It was requested that written comments should be sent to the agency within 30 days from the date of publication in the Federal Register. The comment period has been extended until April 26, 1995.

## Rural Utilities Service

### Saluda River Electric Cooperative; Finding of No Significant Impact

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of Finding of No Significant Impact.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact (FONSI) with respect to its action related to the purchase, installation, and operation of a 6,000 kilowatt diesel generation facility by Saluda River Electric Cooperative (Saluda River). The FONSI is based on a Borrower's Environmental Report (BER) submitted to RUS by Saluda River. RUS conducted an independent evaluation of the BER and concurs with its scope and content. In accordance with Environmental Policies and Procedures published by

the Rural Electrification Administration, the predecessor of RUS, at 7 CFR § 1794.61, RUS has adopted Saluda River's BER as its environmental assessment of the proposed project.

**FOR FURTHER INFORMATION CONTACT:**

Lawrence R. Wolfe, Chief, Environmental Compliance Branch, Electric Staff Division, RUS, South Agriculture Building, Ag Box 1569, Washington, DC 20250, telephone (202) 720-1784.

**SUPPLEMENTARY INFORMATION:** The proposed generation facility is to be located adjacent to Saluda River's existing Webb Substation. This substation is located approximately 2.5 miles southwest of Carlisle, South Carolina, on the south side of Highway 72 & 121. The substation and the site of the proposed generation facilities are on property owned by Webb Forging Company.

The generation facility will consist of two 3,000 kilowatt diesel generators with provisions for additional units in the future. The generators will be housed in a pre-engineered metal building covering approximately 3,600 square feet. The fuel for the engines that will turn the generators will be number 2 diesel fuel. A 12,000 gallon fuel storage tank will be located outside the metal building housing the generators. The total area to be graded for the building and fuel tank will not exceed 1 acre. A containment system will be designed and constructed in such a manner to ensure the surrounding environment is protected from pollution in the event of spills from the tank and/or associated piping. The outside piping will be double walled fiberglass. Inside piping will be black iron steel.

The generators will be equipped with supervisory control and data acquisition so that they can be monitored and controlled remotely. Total hours that the generators are run will be metered electronically and logged for maintenance and regulatory purposes.

The alternatives of no action, conservation, purchasing power from other sources, and alternative generation technologies were considered.

Copies of the environmental assessment and FONSI are available for review at, or can be obtained from, RUS at the address provided herein or from Mr. Joseph M. Galbreath, Project Manager, Saluda River Electric Cooperative, P.O. Box 929, Lurnes, South Carolina 29360, telephone (803) 682-3169.

Dated: April 6, 1995.
