

The Forest Service also served notice that the agency is seeking information and comments from Federal, State, and local agencies and other individuals or organizations who may be interested in or affected by the proposed action. It was requested that written comments should be sent to the agency within 30 days from the date of publication in the Federal Register. The comment period has been extended until April 26, 1995.

ADDRESSES: Send written comments to USDA Forest Service, Idaho Panhandle National Forests, 3815 Schreiber Way, Couer d'Alene, Idaho, 83814.

FOR FURTHER INFORMATION CONTACT: Questions about the proposed action and environmental assessment should be directed to David Wright, Team Leader, Idaho Panhandle National Forests, 3815 Schreiber Way, Couer d'Alene, Idaho, 83814. Phone: (208) 765-7223.

Jack Blackwell, Deputy Regional Forester in Region 4 of the Forest Service, is the responsible official for this EA, and will make a decision regarding this proposal considering the comments and responses, environmental consequences discussed in the EA, and applicable laws, regulations, and policies. The decision and reasons for the decision will be documented in a Decision Notice. The Environmental Assessment and Decision Notice are expected to be available in June, 1995.

Dated: April 4, 1995.

David Cross,

Acting Inland Native Fish Team Leader, Idaho Panhandle National Forests.

Rural Utilities Service

Saluda River Electric Cooperative; Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Finding of No Significant Impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact (FONSI) with respect to its action related to the purchase, installation, and operation of a 6,000 kilowatt diesel generation facility by Saluda River Electric Cooperative (Saluda River). The FONSI is based on a Borrower's Environmental Report (BER) submitted to RUS by Saluda River. RUS conducted an independent evaluation of the BER and concurs with its scope and content. In accordance with Environmental Policies and Procedures published by

the Rural Electrification Administration, the predecessor of RUS, at 7 CFR § 1794.61, RUS has adopted Saluda River's BER as its environmental assessment of the proposed project.

FOR FURTHER INFORMATION CONTACT:

Lawrence R. Wolfe, Chief, Environmental Compliance Branch, Electric Staff Division, RUS, South Agriculture Building, Ag Box 1569, Washington, DC 20250, telephone (202) 720-1784.

SUPPLEMENTARY INFORMATION: The proposed generation facility is to be located adjacent to Saluda River's existing Webb Substation. This substation is located approximately 2.5 miles southwest of Carlisle, South Carolina, on the south side of Highway 72 & 121. The substation and the site of the proposed generation facilities are on property owned by Webb Forging Company.

The generation facility will consist of two 3,000 kilowatt diesel generators with provisions for additional units in the future. The generators will be housed in a pre-engineered metal building covering approximately 3,600 square feet. The fuel for the engines that will turn the generators will be number 2 diesel fuel. A 12,000 gallon fuel storage tank will be located outside the metal building housing the generators. The total area to be graded for the building and fuel tank will not exceed 1 acre. A containment system will be designed and constructed in such a manner to ensure the surrounding environment is protected from pollution in the event of spills from the tank and/or associated piping. The outside piping will be double walled fiberglass. Inside piping will be black iron steel.

The generators will be equipped with supervisory control and data acquisition so that they can be monitored and controlled remotely. Total hours that the generators are run will be metered electronically and logged for maintenance and regulatory purposes.

The alternatives of no action, conservation, purchasing power from other sources, and alternative generation technologies were considered.

Copies of the environmental assessment and FONSI are available for review at, or can be obtained from, RUS at the address provided herein or from Mr. Joseph M. Galbreath, Project Manager, Saluda River Electric Cooperative, P.O. Box 929, Laurnes, South Carolina 29360, telephone (803) 682-3169.

Dated: April 6, 1995.

Adam M. Golodner,

Deputy Administrator, Program Operations.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 040495F]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene public meetings from April 25-27, 1995.

ADDRESSES: The meetings will be held at the Pontchartrain Hotel, 2031 St. Charles Avenue, New Orleans, LA 70140; telephone: (504) 524-0581.

FOR FURTHER INFORMATION CONTACT: Terrance R. Leary (for Mackerel and Shrimp related issues), or Steven M. Atran (for Reef Fish related issues), Gulf of Mexico Fishery Management Council, 5401 West Kennedy Boulevard, Suite 331, Tampa, FL 33609; telephone: (813) 228-2815.

SUPPLEMENTARY INFORMATION: The meeting agenda is as follows:

On April 25 from 10:30 a.m. to 5:00 p.m. Mackerel Advisory Panel (AP); on April 26, from 8:00 a.m. to 12:00 noon Special Mackerel and Standing Scientific and Statistical Committees (SSC); on April 26, from 1:00 p.m. to 5:00 p.m. and April 27 from 8:00 a.m. to 10:00 a.m. Special Reef Fish and Standing SSC; and April 27, 10:00 a.m. to 1:00 p.m. Standing SSC.

The Mackerel AP and SSC will review stock assessment information related to setting total allowable catch (TAC) and trip and bag limits for king and Spanish mackerel and cobia in the Gulf of Mexico. The Reef Fish SSC will review a variety of reef fish management measures in Draft Amendment 11 to the Reef Fish Fishery Management Plan. The Standing SSC will review measures to remove royal red shrimp from the fishery management plan as proposed in Draft Amendment 8 to the Shrimp Fishery Management Plan (FMP).

Issues that will be addressed in Draft Amendment 11 to the Reef Fish Fishery Management Plan (FMP) include: Proposed modifications of the FMP
