<sup>1</sup> The Memphis, Tennessee, and Nashville, Tennessee, orders were terminated, effective July 31, 1993.

<sup>2</sup> The Paducah, Kentucky, order is not included in this final rule because a proposed termination of the order is being considered.

**SUMMARY:** This final rule implements the base month Minnesota-Wisconsin (M-W) price updated with a butter/powder/cheese formula as the replacement for the Minnesota-Wisconsin price series, which establishes minimum prices for milk under all Federal milk orders. Each of the amended orders was approved by producers who were eligible to have their milk pooled during the representative month for voting purposes. Referenda were conducted in

five markets and cooperative associations were polled in the other markets. One order that was included in this proceeding—Paducah, Kentucky—is not included in this rule because a proposed termination of the order is being considered.

**EFFECTIVE DATE:** June 1, 1995.

**SUPPLEMENTARY INFORMATION:** This administrative rule is governed by the provisions of Sections 556 and 557 of Title 5 of the United States Code and therefore is excluded from the requirements of Executive Order 12866.

The Regulatory Flexibility Act (5 U.S.C. 601-612) requires the Agency to examine the impact of a proposed rule on small entities. Pursuant to 5 U.S.C. 605(b), the Administrator of the Agricultural Marketing Service has certified that this action will not have a significant economic impact on a substantial number of small entities. The amended orders will promote more orderly marketing of milk by producers and regulated handlers.

This final rule has been reviewed under Executive Order 12778, Civil Justice Reform. This action is not intended to have retroactive effect. This rule will not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674) (the Act), provides that administrative proceedings must be exhausted before parties may file suit in court. Under Section 608c(15)(A) of the Act, any handler subject to an order may file with the Secretary a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with the law and requesting a modification of an order or to be exempted from the order. A handler is afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the District Court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction in equity to review the Secretary's ruling on the petition, provided a bill in equity is filed not later than 20 days after date of the entry of the ruling.

Recommended Decision: Issued August 3, 1994; published August 6, 1994 (59 FR 40418).

**Findings and Determinations**

The findings and determinations hereinafter set forth supplement those that were made when the New England and other orders were first issued and when they were amended. The previous findings and determinations are hereby ratified and confirmed, except where they may conflict with those set forth herein.

The following findings are hereby made with respect to each of the aforesaid orders:

(a) Findings upon the basis of the hearing record. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreements and to the orders regulating the handling of milk in the respective marketing areas.

Upon the basis of the evidence introduced at such hearing and the record thereof, for each of the specified orders, it is found that:

(1) The said orders as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing areas, and the minimum prices specified in the orders, as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said orders, as hereby amended, regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in, marketing agreements upon which a hearing has been held.

(b) Determinations. It is hereby determined that:

(1) The refusal or failure of handlers (excluding cooperative associations

specified in Sec. 8c(9) of the Act) of more than 50 percent of the milk, which is marketed within each of the specified marketing areas, to sign a proposed marketing agreement, tends to prevent the effectuation of the declared policy of the Act;

(2) The issuance of this order amending each of the specified orders is the only practical means pursuant to the declared policy of the Act of advancing the interests of producers as defined in the respective orders as hereby amended;

(3) The issuance of the order amending each of the specified orders, except the order regulating the handling of milk in the Michigan Upper Peninsula marketing area, is favored by at least two-thirds of the producers who were engaged in the production of milk for sale in the respective marketing areas; and

(4) The issuance of the order amending the order regulating the handling of milk in the Michigan Upper Peninsula marketing area is favored by at least three-fourths of the producers who during the determined representative period were engaged in the production of milk for sale in the marketing area.

#### Small Business Size Regulations; Handicapped Workshop Participation in Small Business Set-Aside Contracts; Correction

**AGENCY:** Small Business Administration.

**ACTION:** Final rule; correction.

**SUMMARY:** The Small Business Administration (SBA) is correcting an error in the preamble concerning its Small Business Size Regulations; Handicapped Workshop Participation in Small Business Set-aside Contracts, which appeared in the Federal Register on March 24, 1995 (60 FR 15477).

**EFFECTIVE DATE:** This rule is effective on April 14, 1995.

**FOR FURTHER INFORMATION CONTACT:** Gary M. Jackson, Assistant Administrator for Size Standards, (202) 205-6618.

**SUPPLEMENTARY INFORMATION:** In the second column of the Small Business Size Regulations; Handicapped Workshop Participation in Small Business Set-aside Contracts, published in the Federal Register on March 24, 1995 (60 FR 15477), the beginning of the **SUPPLEMENTARY INFORMATION** was inadvertently omitted and should be inserted after the **FOR FURTHER INFORMATION CONTACT** paragraph as follows:

**SUPPLEMENTARY INFORMATION:** Section 15(a) of the Small Business Act (the Act), 15 U.S.C. 644(a), provides Federal agencies the authority to reserve Federal contracts exclusively for small business competition. Pursuant to section 3(a) of the Act, 15 U.S.C. 632(a), and SBA's size regulations found at part 121 of title 13 of the Code of Federal Regulations (CFR), a concern eligible as a small business for these set-aside contracts must be a for-profit concern, independently-owned and operated, not dominant in its field of operation, and meet the applicable numerical size standard as prescribed under 13 CFR Section 121.601. The Small Business Administration Reauthorization and Amendments Act of 1994 amended Section 15(c) of the Act, 15 U.S.C. 644(c), by expanding the eligibility of entities which may participate in small business set-aside contracts to include

public or private organizations for the handicapped during fiscal year 1995. See Pub. L. 103-403, section 305. However, this statutory revision limits the extent of participation by public or private handicapped organizations in small business set-aside awards to an aggregate amount not to exceed \$40,000,000. The Act further provides that Federal agencies making awards to such organizations pursuant to provisions of this Act may use multi-year contracts, if appropriate.

#### 14 CFR Part 39

[Docket No. 95-NM-37-AD; Amendment 39-9199; AD 95-06-53]

#### Airworthiness Directives; Boeing Model 737 Series Airplanes

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Final rule; request for comments.

**SUMMARY:** This document publishes in the Federal Register an amendment adopting Airworthiness Directive (AD) T95-06-53 that was sent previously to all known U.S. owners and operators of Boeing Model 737 series airplanes by individual telegrams. This AD requires identification of the part and serial numbers of the main rudder power control unit (PCU), and replacement of certain PCU's with serviceable parts, if necessary. This amendment is prompted by reports indicating that certain modified rudder PCU's malfunctioned and failed functional retesting. The actions specified by this AD are intended to prevent the rudder actuator piston and the rudder from operating with reduced force capability or moving in a direction opposite the intended direction due to malfunctioning of the rudder PCU; these conditions could result in reduced controllability of the airplane.

**DATES:** Effective May 1, 1995, to all persons except those persons to whom it was made immediately effective by telegraphic AD T95-06-53, issued March 14, 1995, which contained the requirements of this amendment.

The incorporation by reference of Boeing Service Bulletin 737-27-1185,
