**Description:** The North American Free Trade Agreement-Transitional Adjustment Assistance program (NAFTA-TAA) provides support and assistance to workers whose employment is adversely affected as a result of the North American Free Trade Agreement Implementation Act. Section 250 of the North American Free Trade Agreement Implementation Act amended Chapter 2 of Title II of the Trade Act of 1974 to provide assistance for workers in primary firms that are directly affected by imports from or shifts in production to Mexico or Canada. Through administrative action, the Secretary of Labor applies existing authority under Title III of the Job Training Partnership Act to provide assistance to workers in secondary firms that supply or assemble products produced by primary firms. The governor of each State accepts petitions from workers of primary firms that are directly affected and from workers in secondary firms. A petition may be filed by a group of workers or by their authorized representative, a company official or a family farmer. Within ten

days of receipt of petition, the Governor makes a preliminary finding as to whether the petition meets certain criteria of the NAFTA-TAA program. The Governor forwards the petition to the Secretary of Labor. The Department of Labor collects data from firms to determine workers' eligibility for adjustment assistance services. The Petition, Confidential Data Request, and Customer Survey Data Request forms that have been used since January 1, 1994 are currently being revised to extend the expiration date and to include textual changes.

The Petition form is being revised to inform workers that assistance is available for workers in secondary firms and to provide space for workers in secondarily-affected firms to address activities that have occurred at their firm. The revised petition form also clarifies who needs to sign the petition form and provides a box to specify the date of the worker's separation from employment.

The Confidential Data Request and the Customer Survey Request forms are being revised to provide assurances of confidentiality to respondents and to clarify and simplify several questions addressed to company officials.

Signed at Washington, DC, this 18th day of April 1995.
