Realty Action; Revised Administrative Boundaries, Salem District

April 11, 1995.

The Salem District, Bureau of Land Management, announces a revision in its resource areas. Formerly, the Salem District was subdivided into five resource areas. Now, the Salem District is subdivided into three resource areas. Descriptions of the exterior management boundaries of the three resource areas are as follows:

Cascades Resource Area

Beginning at the Oregon state line at the confluence of the Columbia and Willamette Rivers; thence easterly along the Multnomah County line; thence southerly along the Multnomah-Hood River County line; thence southerly along the Clackamas-Hood River County line; thence southerly along the Clackamas-Wasco County line; thence southerly along the Marion-Wasco County line; thence southerly along the Marion-Jefferson County line; thence southerly along the Linn-Jefferson County line to its intersection with the township line between Ts. 13 and 14 S., Will. Mer., Oreg.; thence westerly along said township line to the center of the main channel of the Willamette River; thence northerly along the center of the main channel of the Willamette River to the place of beginning. The Resource Area combines the previous Clackamas and Santiam Resource Areas.

Tillamook Resource Area

Beginning at the Oregon state line at the confluence of the Columbia and Willamette Rivers; thence southerly along the center of the main channel of the Willamette River to the Yamhill-Polk County line; thence westerly along the said Yamhill-Polk County line; thence southerly along the Polk-Tillamook County line; thence westerly along the Tillamook-Lincoln County line to the Pacific Ocean; thence northerly along the Pacific Ocean to the mouth of the Columbia River; thence easterly along the Clatsop, Columbia, and Multnomah County lines to the place of beginning. The Resource Area combines the previous Tillamook Resource Area and the northern portion of the previous Yamhill Resource Area.

The Resource Area headquarters is located in Tillamook, Oregon.

Marys Peak Resource Area

Beginning at a point on the Willamette River at the Yamhill-Polk County line; thence southerly along the center of the main channel of the Willamette River to the Benton-Lane County line; thence westerly along the existing Salem-Eugene District line to the Pacific Ocean; thence northerly along the Pacific Ocean to the Tillamook-Lincoln County line; thence easterly along the said Tillamook-Lincoln County line; thence northerly along the Polk-Tillamook County line; thence easterly along the Yamhill-Polk County line to the place of beginning. The Resource Area combines the previous Alsea Resource Area with the southern portion of the previous Yamhill Resource Area.

Maps showing the above-described boundaries are available for review at the Salem District Office, 1717 Fabry Road SE, Salem, Oregon 97306, and the Tillamook Resource Area Office, 4610 Third Street, Tillamook, Oregon 97141.

Van Manning,

Salem District Manager.

Notice of Sanitation and Special Recreation Permit Requirements on the South Fork of the Snake River

SUMMARY: Pursuant to 43 CFR 8365.1-6 and 8372.1-1 the following acts are prohibited yearlong within the Snake River Special Recreation Management Area (SRMA) and Area of Critical Environmental Concern (ACEC) between Conant Boat Ramp (river mile 884) and Lufkin Bottom (river mile 875) on Bureau of Land Management lands.

(A) Boating, either float boating or power boating, on overnight trips without a portable sanitary device for carrying out all solid human waste (fecal matter).

(B) Camping without receipt of a properly executed self-issue permit allowing for overnight camping. A permit is required for each power boat and each float boat party for overnight trips. The permit is cost free, and it does not limit numbers of boaters.

SUPPLEMENTARY INFORMATION: These restrictions meet the requirements of the South Fork Activity Operations Plan and the Medicine Lodge Resource Management Plan for the Snake River SRMA and ACEC.

Implementing the portable toilet regulations will protect health and safety by removing fecal material from the camp areas. It will enhance the effort to keep campsites clean and free of litter (tissue paper) by requiring removal of waste. It will also aid in educating the public on no-trace camping techniques. Implementation of the regulations was highly favored by river users during visitor contacts.

Use of the South Fork of the Snake River has increased dramatically in recent years. Planning for present and future recreation demands requires specific information on amount and type of river use. Permits contain information and education that addresses social and environmental issues associated with resource use on the South Fork of the Snake River. Further, permit information provides for education concerning Bald Eagle Nesting Areas and requirements associated with their protection. Permits also provide accountability for user's actions when recreating in the permit area.

DATES: This notice is effective as of May 26, 1995.

ADDRESSES: Comments may be mailed to Bureau of Land Management, 1405 Hollipark Drive, Idaho Falls, ID 83401.

FOR FURTHER INFORMATION CONTACT: Wade Brown at (208) 524-7543.

Gary L. Bliss,

Associate District Manager.

Notice of Filing of Plats of Survey; Arizona

1. The plats of survey of the following described lands were officially filed in the Arizona State Office, Phoenix, Arizona, on the dates indicated:

A supplemental plat showing amended lottings created by the segregation of certain mineral surveys in section 33, Township 13 North, Range 1 West, Gila and Salt River Meridian, Arizona, was approved January 23, 1995, and was officially filed January 26, 1995.

A supplemental plat showing amended lottings created by the segregation of certain mineral surveys in sections 20 and 21, Township 12½ North, Range 1 West, Gila and Salt River Meridian, Arizona, was approved January 23, 1995, and was officially filed January 26, 1995.

These plats were prepared at the request of Federal Land Exchange, Incorporated.

A plat, in four sheets, representing the dependent resurvey of the Gila and Salt River Base Line through a portion of Range 14 East, portions of Tract 40 and certain mineral surveys; and the surveys of Tracts 45 through 51, in unsurveyed Townships 1 North, Ranges 13 and 14 East, Gila and Salt River Meridian, Arizona, was approved January 31, 1995, and was officially filed February 9, 1995.

This plat was prepared at the request of the U.S. Forest Service, Tonto National Forest.

A supplemental plat depicting a new bearing of N. 1° 15' W. on the north 1/2 of the section line between sections 33 and 34, Township 15 South, Range 17 East, Gila and Salt River Meridian, Arizona was approved February 6, 1995, and was officially filed February 9, 1995.

The plat was prepared at the request of the U.S. Forest Service, Coronado National Forest.

A plat, in two sheets, representing the dependent resurvey of a portion of the Tenth Standard Parallel North through Range 8 East, and a portion of the subdivisional lines; and the subdivision of certain sections, in Township 40 North, Range 8 East, Gila and Salt River Meridian, Arizona, was approved February 8, 1995, and was officially filed February 16, 1995.

A plat, in two sheets, representing the dependent resurvey of a portion of the east boundary, a portion of the subdivisional lines and the subdivision of certain sections; and additional subdivision in section 25, Township 41 North, Range 8 East, Gila and Salt River Meridian, Arizona, was approved February 8, 1995, and was officially filed February 16, 1995.

A plat representing the retracement of a portion of the subdivisional lines and a portion of the subdivision of section 19, in Township 41 North, Range 9 East, Gila and Salt River Meridian, Arizona, was approved February 8, 1995, and was officially filed February 16, 1995.

These plats were prepared at the request of the National Park Service, Glen Canyon Recreation Area.

A plat representing the dependent resurvey of a portion of the south boundary, the west boundary, the north boundary, and a portion of the subdivisional lines; and the subdivision of sections 20 and 29, in Township 18 North, Range 27 East, Gila and Salt River Meridian, Arizona, was approved February 27, 1995, and was officially filed March 9, 1995.

A plat, in three sheets, representing the dependent resurvey of the Seventh Auxiliary Guide Meridian East (east boundary), the south boundary, the west

boundary, the north boundary, a portion of the subdivisional lines; and the subdivision of section 2, and a metes-and-bounds survey, and an informative traverse, in Township 18 North, Range 28 East, Gila and Salt River Meridian, Arizona, was approved February 27, 1995, and was officially filed March 9, 1995.

A plat representing the dependent resurvey of the south, east and north boundaries, and a portion of the subdivisional lines, in Township 18 North, Range 29 East, Gila and Salt River Meridian, Arizona, was approved February 27, 1995, and was officially filed March 9, 1995.

A plat, in 3 sheets, representing the dependent resurvey of the Fifth Standard Parallel North (south boundary), the Seventh Auxiliary Guide Meridian East (west boundary), and a portion of the subdivisional lines; and the subdivision of sections 7, 17, and 22, and a metes-and-bounds survey in section 7, Township 21 North, Range 29 East, Gila and Salt River Meridian, Arizona, was approved March 16, 1995, and was officially filed March 23, 1995.

These plats were prepared at the request of the Navajo and Hopi Relocation Commission.

A plat representing the dependent resurvey of portions of the San Rafael del Valle Land Grant, a portion of the subdivisional lines; the subdivision of sections 18 and 19, and metes-and-bounds surveys and informative traverses of portions of the Southern Pacific Railroad in Township 21 South, Range 22 East, Gila and Salt River Meridian, Arizona, was approved February 28, 1995, and was officially filed March 9, 1995.

This plat was prepared at the request of the Bureau of Land Management, Safford District Office.

A plat representing the dependent resurvey of a portion of the south boundary, and a portion of the subdivisional lines; and the subdivision, informative traverse and metes-and-bounds surveys in section 35, Township 4 North, Range 4 East, Gila and Salt River Meridian, Arizona, was approved March 7, 1995, and was officially filed March 16, 1995.

This plat was prepared at the request of the National Park Service, Santa Fe, New Mexico.

A supplemental plat showing amended lotting in section 32, Township 11 North, Range 18 West, Gila and Salt River Meridian, Arizona, was approved March 22, 1995, and was officially filed March 30, 1995.

A supplemental plat showing a subdivision of original lot 4, section 19, and new lotting in sections 20 and 29,

Township 12 North, Range 18 West, Gila and Salt River Meridian, Arizona, was approved March 22, 1995, and was officially filed March 30, 1995.

These plats were prepared at the request of the Bureau of Land Management, Resource Planning, Use and Protection Division.

2. These plats will immediately become the basic records for describing the land for all authorized purposes. These plats have been placed in the open files and are available to the public for information only.

3. All inquiries relating to these lands should be sent to the Arizona State Office, Bureau of Land Management, P.O. Box 16563, Phoenix, Arizona 85011.

Dale C. Wilson,

Acting Chief Cadastral Surveyor of Arizona.
