SYSTEM MANAGER AND ADDRESS:

Director, Federal Bureau of Investigation, J. Edgar Hoover Building, 10th and Pennsylvania Avenue NW., Washington, DC 20535.

NOTIFICATION PROCEDURE:

Same as the above.

RECORD ACCESS PROCEDURES:

It is noted the Attorney General has exempted this system from the access and contest procedures of the Privacy Act. However, the following alternative procedures are available to requester. The procedures by which computerized criminal history record information about an individual may be obtained by that individual are as follows:

If an individual has a criminal record supported by fingerprints and that record has been entered in the NCIC III file, criminal history record information, it is available to that individual for review, upon presentation of appropriate identification and in accordance with applicable State and Federal administrative and statutory regulations.

Appropriate identification includes being fingerprinted for the purpose of insuring that the individual is who the individual purports to be. The record on file will then be verified through comparison of fingerprints.

Procedure: 1. All requests for review must be made by the subject of the record through a law enforcement agency which has access to the NCIC III File. That agency within statutory or regulatory limits can require additional identification to assist in securing a positive identification.

2. If the cooperative law enforcement agency can make an identification with fingerprints previously taken which are on file locally and if the FBI identification number of the individual's record is available to that agency, it can make an on-line inquiry of NCIC to obtain the record on-line or, if it does not have suitable equipment to obtain an on-line response, obtain the record from Washington, DC by mail. The individual will then be afforded the opportunity to see that record.

3. Should the cooperating law enforcement agency not have the individual's fingerprints on file locally, it is necessary for that agency to relate the prints to an existing record by having the identification prints compared with those already on file in the FBI or possibly in the State's central identification agency.

CONTESTING RECORD PROCEDURES:

The Attorney General has exempted this system from the contest procedures of the Privacy Act. Under this alternative procedure described above under "Record Access Procedures," the subject of the requested record shall request the appropriate arresting agency, court, or correctional agency to initiate action necessary to correct any stated inaccuracy in subject's record or provide the information needed to make the record complete.

RECORD SOURCE CATEGORIES:

Information contained in the NCIC system is obtained from local, state, Federal and international criminal justice agencies.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

The Attorney General has exempted this system from subsection (c) (3) and (4), (d), (e)(1) (2), and (3), (e)(4) (G), (H), (e)(8) and (g) of the Privacy Act pursuant to 5 U.S.C. 552a(j)(2) and (k)(3). Rules have been promulgated in accordance with the requirements of 5 U.S.C. 553 (b), (c) and (e) and have been published in the **Federal Register**.
