

# Notices

Federal Register

Vol. 60, No. 79

Tuesday, April 25, 1995

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF AGRICULTURE

### Forest Service

#### Klamath, Northwest Sacramento and California Coast Provincial Interagency Executive Committee (PIEC) Advisory Committees

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** The Klamath, Northwest Sacramento and California Coast PIEC Advisory Committees will meet on May 24 and May 25, 1995 at the Park Terrace Convention Center, 1900 Hilltop Drive in Redding, California. The meeting will begin at 12:00 noon on May 24 and adjourn at 5:30 p.m. The meeting will reconvene at 8:00 a.m. on May 25 and continue until 3:00 p.m. The three PIEC Advisory Committees will meet both together and separately during the scheduled meeting time. Agenda items to be covered include: (1) Context of the Advisory Committees, including background on the President's Forest Plan; (2) mission and purpose of the Advisory Committees; (3) relationship between the Advisory Committees and the PIECs; (4) introduction of members and orientation; (5) operating guidelines and ground rules; and (6) a public comment period. All PIEC Advisory Committee meetings are open to the public. Interested citizens are encouraged to attend.

**FOR FURTHER INFORMATION CONTACT:**

Jim Anderson, USDA Klamath National Forest, at 1312 Fairlane Road, Yreka, California 96097; telephone 916-842-6131, (FTS) 700-467-1300.

Dated: April 19, 1995.

**Barbara Holder,**

*Forest Supervisor.*

BILLING CODE 3410-11-M

### Natural Resources Conservation Service

#### Delta-Clearwater River Watershed, Delta Junction, AK

**AGENCY:** Natural Resources Conservation Service, USDA.

**ACTION:** Notice of finding of no significant impact.

**SUMMARY:** Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Delta-Clearwater River Watershed, Delta Junction, Alaska.

**FOR FURTHER INFORMATION CONTACT:** Steven A. Probst, State Conservationist, Natural Resources Conservation Service, 949 E. 36th Avenue, Suite 400, Anchorage, AK 99508-4362, Phone (907) 271-2424.

**SUPPLEMENTARY INFORMATION:** The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Steven A. Probst, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The proposed project is to reduce the threat of flooding and associated erosion on the tributaries of the Delta-Clearwater River. This proposed project will protect the unique coho salmon and arctic grayling found in the Delta-Clearwater River by eliminating the threat of fishery habitat destruction from sediment deposition. The Delta-Clearwater River fisheries provide significant benefits not only to commercial and sport catch but also to the subsistence way of life in numerous, downstream villages. The project also will reduce other flood damage to cropland, the Alaska Highway, local roads, and general recreation areas.

The recommended action proposed measures for flood prevention:

- 2,400 acres of wetland and floodplain easements.

- 1,200 acres of vegetative stabilization structures.
- Four 5,000 foot long waterspreading diversions.
- One 16,000 foot long diversion between Granite and Rhoads Creeks.
- 3.8 miles of grassed waterways.
- Ten grade stabilization structures.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment is on file and may be reviewed by contacting James E. Schmidt, Assistant State Conservationist, Programs, (907) 271-2424.

No administrative action on implementation of the proposal will be taken until 30 days after the date of the publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Dated: April 19, 1995.

**Steven A. Probst,**

*State Conservationist.*

## DEPARTMENT OF COMMERCE

### International Trade Administration

[C-549-401]

#### Certain Textile Mill Products From Thailand; Notice of Termination in Part

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of termination in part of the countervailing duty suspended investigation of certain textile mill products from Thailand.

**SUMMARY:** The Department of Commerce (the Department) is notifying the public of its termination in part of the countervailing duty suspended investigation (suspended investigation) of Certain Textile Mill Products from

Thailand with respect to three like product categories classified under 12 Harmonized Tariff Schedule (HTS) item numbers.

**EFFECTIVE DATE:** April 25, 1995.

**FOR FURTHER INFORMATION CONTACT:**

Jacqueline Wallace or Steve Presing, Office of Agreements Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1394 or (202) 482-0194.

**SUPPLEMENTARY INFORMATION:**

**Background**

On March 1, 1994, the Department published in the **Federal Register** notification of its intent to terminate the suspended investigation covering Certain Textile Mill Products from Thailand and invited interested parties to comment (59 FR 9727, dated March 1, 1994). On March 31, 1994, the Department received timely objections to the intent to terminate the suspended investigation from the Amalgamated Clothing and Textile Workers Union (ACTWU); American Textile Manufacturers Institute, Inc. (ATMI); Certain Individual Producers of ATMI; American Yarn Spinners Association (AYSA); and Certain Individual Producers of AYSA.

On April 22, 1994, the Royal Thai Government (RTG) and Thai Textile Manufacturers Association (TTMA), challenged the interested party status of those parties who objected to our intent to terminate the suspended investigation. As a result of the objections received from the RTG and TTMA, the Department requested certifications demonstrating interested party status from ACTWU, ATMI, AYSA, and certain individual producers of AYSA in accordance with 19 CFR 355.2(i) (3), (4), and (5). Based on our analysis of interested party status by like product categories (See *internal recommendation from Roland MacDonald to Joseph A. Spetrini* dated January 12, 1995, for a complete analysis), we have determined that it is appropriate to terminate the suspended investigation with respect to the following three like product categories because the Department did not receive certifications demonstrating interested party status:

(1) Yarn of Man Made Fiber  
Continuous Cellulosic  
5401.20.0000  
5406.20.0000

(2) Other Miscellaneous Categories

Wadding & Articles  
5601.10.1000  
5601.21.0010  
5601.21.0090  
Other Made-up Articles  
6307.10.2005  
6307.10.2015  
6307.10.2020  
6307.10.2027  
6307.10.2028  
6307.10.2030

(3) Wool Made-Ups and Miscellaneous

Floor Coverings  
5703.10.0000

This notice is in accordance with 19 CFR 355.25(d)(4)(i).

Dated: April 18, 1995.

**Joseph A. Spetrini,**

*Deputy Assistant Secretary for Compliance.*

[FR Doc. 95-10166 Filed 4-24-95; 8:45 am]

**BILLING CODE 3510-DS-M**

**DEPARTMENT OF DEFENSE**

**Department of the Army**

**Availability of Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Patents Concerning Anticonvulsant and Neuroprotective Agents**

**AGENCY:** U.S. Army Medical Research and Materiel Command, Department of the Army, DOD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR 404.6, announcement is made of the availability for licensing of U.S. Patent No. 5,258,386 entitled "(+)-3-Substituted-N-Alkylmorphinans, Synthesis and use as Anticonvulsant and Neuroprotective Agents" and issued on November 1, 1993, and U.S. Patent No. 5,331,010 entitled "1-Phenylalkanecarboxylic Acid Derivatives as Anticonvulsant and Neuroprotective Agents; and issued on July 19, 1994. These patents have been assigned to the United States Government as represented by the Secretary of the Army.

**ADDRESSES:** Commander, U.S. Army Medical Research and Materiel Command, ATTN: Staff Judge Advocate, Fort Detrick, Frederick, Maryland 21702-5012.

**FOR FURTHER INFORMATION CONTACT:** Mr. John F. Moran, Patent Attorney, (301) 619-2065 or telefax (301) 619-7714.

**SUPPLEMENTARY INFORMATION:** The inventions represent discoveries that members of certain classes of compounds [(+)-3-substituted-N-

alkylmorphinans and 1-phenylalkanecarboxylic acids] possess effective usefulness as nonaddictive anticonvulsant and neuroprotective agents. The 1-phenylalkanecarboxylic acids include novel non-opiate derivatives as well as previously published species. Methods for controlling convulsions in a variety of pharmaceutical formulations and modalities are described. In both inventions, novel compounds which possess these biological properties are presented in a method or methods of use for preventing, treating, or controlling convulsions in mammals having a need for such treatment. The compounds do not lead to dependency, have low toxicity, and provide effective anticonvulsant or neuroprotective treatment with little or no behavioral detriment to the recipient.

**BILLING CODE 3710-08-M**

**Availability of Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Patent Concerning a Method for Lysing Thrombi**

**AGENCY:** U.S. Army Medical Research and Materiel Command, DOD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR 404.6, announcement is made of the availability for licensing of U.S. Patent No. 5,399,158, entitled "Method of Lysing Thrombi", and issued on March 21, 1995. This patent has been assigned to the United States Government as represented by the Secretary of the Army.

**ADDRESSES:** Commander, U.S. Army Medical Research and Materiel Command, ATTN: Command Judge Advocate, Fort Detrick, Frederick, Maryland 21702-5012.

**FOR FURTHER INFORMATION CONTACT:** Mr. John F. Moran, Patent Attorney, (301) 619-2065 or telefax (301) 619-7714.

**SUPPLEMENTARY INFORMATION:** The invention describes an improved method for prevention or treatment of thrombosis, including deep venous thrombosis (DVT) and acute arterial thrombosis, such as coronary artery thrombosis, while avoiding damage to the surrounding tissue. The method includes the administration of plasminogen activators in conjunction with intermittent (pulse mode) ultrasound and the imposition of a fluid-containing barrier between the
