Certain Internal-Combustion Industrial Forklift Trucks From Japan; Amendment to Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amendment to final results of antidumping duty administrative review.

SUMMARY: On January 28, 1992, the Department of Commerce (the

Department) published in the **Federal Register** the final results of its 1987-89 administrative review of the antidumping duty order on certain internal-combustion industrial forklift trucks from Japan. The review covered four manufacturers/exporters of this merchandise to the United States during the period November 24, 1987, through May 31, 1989. Based on the correction of a ministerial error, we are amending the final results with respect to Mitsubishi Heavy Industries, Limited (Mitsubishi).

EFFECTIVE DATE: May 2, 1995.

FOR FURTHER INFORMATION CONTACT: Davina Friedmann or Michael Rill, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On January 28, 1992, the Department published in the **Federal Register** the final results of its 1987-89 administrative review of the antidumping duty order (June 7, 1988, 53 FR 20882) on certain internal-combustion industrial forklift trucks from Japan (57 FR 3167). The review covered four manufacturers/exporters of this merchandise to the United States during the period November 24, 1987 through May 31, 1989.

It has come to our attention that, in those final results, the Department inadvertently made a typographical error in publishing the margin, based on the best information available (BIA), as 39.15 percent for Mitsubishi. As stated in those final results, the Department intended to assign the "All Others" rate from the investigation. That "All Others" rate was 39.45 percent. The Department is now correcting Mitsubishi's margin to 39.45 percent from the incorrect figure of 39.15 percent.

The Court of International Trade in *Mitsubishi Heavy Industries v. United States*, Slip Op. 93-182 (September 15, 1993), affirmed the Department's application of the "All Others" rate from the investigation as BIA for Mitsubishi.

Amended Final Results of Review

As a result of our correction of a ministerial error, we have determined the following percentage weighted-average margin to exist for the period November 24, 1987 through May 31, 1989:

Manufacturer/Exporter	Margin percent
Mitsubishi	39.45

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between United States price and foreign market value may vary from the percentage stated above. The Department will issue appraisal instructions on each exporter directly to the Customs Service.

Furthermore, a cash deposit of 39.45 percent will be required for all shipments by Mitsubishi of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of these amended final results of administrative review, as provided by section 751(a)(1) of the Tariff Act of 1930.

This deposit requirement shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice is published in accordance with section 751(f) of the Tariff Act of 1930, as amended (19 U.S.C. 1675(f) and 19 CFR 353.28(c).

Dated: April 19, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.
