BILLING CODE 4830-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IL107-1-6708b; FRL-5190-5]

Approval and Promulgation of Implementation Plans; Illinois

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: The United States Environmental Protection Agency (USEPA) proposes to approve Illinois's September 26, 1994, State Implementation Plan (SIP) revision request to grant a variance from Stage II vapor control requirements to J.M. Sweeney Co. (Sweeney), located in Cicero, Cook County, Illinois. This variance has been granted because Sweeney has demonstrated that immediate compliance with the requirements at issue would impose an arbitrary and unreasonable hardship. This variance expires on March 31, 1995. In the final rules section of this **Federal Register**, the USEPA is approving this action as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If USEPA receives comments adverse to or critical of the approval discussed above, USEPA will withdraw the approval before its effective date by publishing a subsequent rule that withdraws this final action. All public comments received will then be addressed in a subsequent rulemaking notice. Please be aware that USEPA will institute another rulemaking notice on this action only if warranted by significant revision to the rulemaking based on any comments received in response to today's action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed rule must be received on or before June 2, 1995. If no such comments are received,

USEPA hereby advises that the direct final approval will be effective July 3, 1995.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Mark J. Palermo, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6082.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: March 29, 1995.

Valdas V. Adamkus,
Regional Administrator.

Approval and Promulgation of Air Quality Implementation Plans; Delaware: Regulation 24, Control of Volatile Organic Compound Emissions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Delaware on January 11, 1993 and January 20, 1994. The revision consists of Sections 1 to 9, 13 to 35, 37 to 43 and Appendices A to H to Regulation 24—"Control of Volatile Organic Compound Emissions". These regulations are necessary to satisfy the Clean Air Act (CAA) and to support attainment and maintenance of the National Ambient Air Quality Standard (NAAQS) for ozone in Delaware. In the final rules section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and

anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments must be submitted in writing by June 2, 1995.

ADDRESSES: Comments may be mailed to Marcia L. Spink, Associate Director, Air Programs, Mailcode 3AT00, U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107. Copies of the documents relevant to this action are available for public inspection during normal business hours at the EPA office listed above; and the Delaware Department of Natural Resources & Environmental Control, 89 Kings Highway, P.O. Box 1401, Dover, Delaware 19903.

FOR FURTHER INFORMATION CONTACT: Rose Quinto, (215) 597-3164, at the EPA Region III address above.

SUPPLEMENTARY INFORMATION: See the information provided in the Direct Final action of the same title (Regulation 24, Control of Volatile Organic Compound Emissions) which is located in the Rules and Regulations Section of this **Federal Register**.

Approval and Promulgation of Implementation Plans; Indiana

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: The United States Environmental Protection Agency

(USEPA) proposes to approve Indiana's March 23, 1994, submittal of requested revisions to the Indiana State Implementation Plan (SIP) for lead. In the final rules section of this **Federal Register**, the USEPA is approving this action as a direct final rule without prior proposal because USEPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. USEPA will not institute a second comment period on this action. Any parties interested in commenting on this notice should do so at this time.

DATES: Comments on this proposed rule must be received on or before June 2, 1995.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Regulation Development Branch (AR18-J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Rosanne Lindsay, Regulation Development Section, Regulation Development Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-6036.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this **Federal Register**.

Dated: April 3, 1995.

David A. Ullrich,

Acting Regional Administrator.

Clean Air Act Partial Approval and Partial Disapproval and Promulgation of Title V, Section 507, Small Business Stationary Source Technical and Environmental Compliance Assistance Program for Nevada

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rulemaking.

SUMMARY: The EPA today proposes to partially approve and partially disapprove the State Implementation Plan (SIP) revision submitted by the State of Nevada for the purpose of establishing a Small Business Stationary Source Technical and Environmental Compliance Assistance Program (PROGRAM). The implementation plan was submitted by the State to satisfy the Federal mandate, found in Section 507 of the Clean Air Act (CAA), to ensure that small businesses have access to the technical assistance and regulatory information necessary to comply with the CAA. The rationale for the partial approval and partial disapproval is set forth in this document; additional information is available at the address indicated below.

DATES: Comments on this proposed action must be received in writing by June 2, 1995. Public comments on this document are requested and will be considered before taking final action on this SIP revision.

ADDRESSES: Comments can be mailed to the U.S. Environmental Protection Agency, Division Director, Air and Toxics Division, 75 Hawthorne Street, San Francisco, CA 94105, Attention: R. Michael Stenburg.

Copies of the State's submittal and EPA's technical support document are available for inspection during normal business hours at the following locations: (1) U.S. Environmental Protection Agency, 75 Hawthorne Street, San Francisco, CA 94105; (2) Nevada Division of Environmental Protection, Bureau of Air Quality, 123 West Nye Lane, Room 123, Carson City, NV 89710.

FOR FURTHER INFORMATION CONTACT: R. Michael Stenburg, A-1, U.S. Environmental Protection Agency, 75 Hawthorne Street, San Francisco, CA 94105, (415) 744-1102.

SUPPLEMENTARY INFORMATION:

I. Background

Implementation of the provisions of Title V of the Clean Air Act (CAA), as amended in 1990, will require

regulation of many small businesses so that areas may attain and maintain the national ambient air quality standards (NAAQS) and reduce the emission of air toxics. Small businesses frequently lack the technical expertise and financial resources necessary to evaluate such regulations and to determine the appropriate mechanisms for compliance. In anticipation of the impact of these requirements on small businesses, the CAA requires that States adopt a Small Business Stationary Source Technical and Environmental Compliance Assistance Program (PROGRAM), and submit this PROGRAM as a revision to the Federally approved SIP. In addition, the CAA directs the Environmental Protection Agency (EPA) to oversee these small business assistance programs and report to Congress on their implementation. The requirements for establishing a PROGRAM are set out in Section 507 of Title V of the CAA. In February 1992, EPA issued Guidelines for the Implementation of Section 507 of the 1990 Clean Air Act Amendments, in order to delineate the Federal and State roles in meeting the new statutory provisions and as a tool to provide further guidance to the States on submitting acceptable SIP revisions.

The State of Nevada has submitted a SIP revision to EPA in order to satisfy the requirements of Section 507. In order to gain full approval, the State submittal must provide for each of the following PROGRAM elements: (1) the establishment of a Small Business Assistance Program (SBAP) to provide technical and compliance assistance to small businesses; (2) the establishment of a State Small Business Ombudsman to represent the interests of small businesses in the regulatory process; and (3) the creation of a Compliance Advisory Panel (CAP) to determine and report on the overall effectiveness of the SBAP.

II. Analysis

1. Small Business Assistance Program

Section 507(a) sets forth six requirements¹ that the State must meet to have an approvable SBAP. The first requirement is to establish adequate mechanisms for developing, collecting and coordinating information concerning compliance methods and technologies for small business stationary sources, and programs to encourage lawful cooperation among such sources and other persons to further compliance with the Act. The

¹ A seventh requirement of Section 507(a), establishment of an Ombudsman office, is discussed in the next section.
