

Finally, two new gravity adjustments have been established to provide incentives for quick settlements and to mitigate penalty amounts for small facilities.

The Agency is issuing this Policy in an interim version because it may be subsequently revised based on public comments and our experience in using it. (It is being issued as an Interim Policy, rather than as a draft, because this revision is superior in many ways to the existing 1986 version of the Policy.) The Agency is specifically interested in comments on how well the national municipal litigation consideration and gravity adjustment factors function, and how the Policy should apply in conjunction with EPA's new Voluntary Environmental Self-Policing and Self-Disclosure Interim Policy Statement, 60 FR 16875 (April 3, 1995).

Comments from the public are welcome and should be sent within 90 days of the date of this publication to: U.S. Environmental Protection Agency, Water Enforcement Division (2243A), 401 M Street SW., Washington, DC 20460.

Dated: April 17, 1995.

Steven A. Herman,

Assistant Administrator for the Office of Enforcement and Compliance Assurance.
