**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes to approve the State Implementation Plan (SIP) submitted by the State of Mississippi to include modifications of the state prevention of significant deterioration of air quality regulation to update the adoption by reference in Regulation APC-S-5, of the amendments and revisions to the federal regulations promulgated in 40 CFR 52.21 and 51.166 as of the date of State adoption of this revision. In the final rules section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule.

If USEPA receives comments adverse to or critical of the approval, USEPA will withdraw the approval before its effective date by publishing a subsequent **Federal Register** document which withdraws the direct final rule.
