After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the military resale commodity, commodities and services, fair market price, and impact of the additions on the current or most recent contractors, the Committee has determined that the military resale commodity, commodities and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

2. The action does not appear to have a severe economic impact on current contractors for the military resale commodity, commodities and services.

3. The action will result in authorizing small entities to furnish the military resale commodity, commodities and services to the Government.
