

Equitrans states that it is proposing these amendments in order to provide a new Appalachian pooling service for its customers (APS service). This service is an accounting transportation service which will permit parties or "Pool Operators" to aggregate Appalachian gas supplies from receipt points within four designated Pooling Areas as defined in Section 3.1 of the Rate Schedule. This service will make it easier for customers to nominate Appalachian production on the Equitrans' system, while reducing the administrative responsibility of the pipeline in scheduling and balancing the numerous Appalachian receipt points which it operates.

This new APS service will allow a party to aggregate Appalachian supply from any and all receipt points within specific pooling areas for delivery to confirmed transportation services downstream of the pooling points. The Pool Operator will assume the responsibility of balancing, for each pool, the scheduled receipts of gas into the pool with the scheduled quantities delivered out of the pool. APS service is available to any party who executes a supply aggregation service agreement with Equitrans under Rate Schedule APS and who meets Equitrans's qualifications for receipt of service.

Any person desiring to be heard or protest this application should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before May 9, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**Florida Gas Transmission Company;
Notice of Proposed Changes in FERC
Gas Tariff**

May 2, 1995.

Take notice that on April 28, 1995, Florida Gas Transmission Company (FGT) tendered for filing to become part

of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets:

Second Revised Sheet No. 171

Third Revised Sheet No. 172

These tariff changes are proposed to become effective on May 4, 1995, the effective date of Order No. 577.

On April 4, 1995, the Federal Register issued a notice of a Final Rule Order No. 577, Docket No. RM95-5-000, "Release of Firm Capacity on Interstate Natural Gas Pipelines". The Final Rule becomes effective on May 4, 1995 and revises 284.243(h) by: 1) extending to releases of one full calendar month the exemption from advance posting and bidding requirements; and 2) changing from thirty (30) days to twenty-eight (28) days the period during which shippers that released capacity at less than the maximum rate cannot re-release to the same acquiring shipper at less than the maximum tariff rate.

Additionally, FGT states that it is proposing to revise Section 18.E.2. of its General Terms and Conditions to allow Short-Term Prearranged Temporary Relinquishments to be at or below the maximum tariff rate. Currently, FGT's Tariff provides that all relinquishments under this Section must be at the maximum tariff rate. As a result of the Final Rule, this restriction is no longer required to avoid the posting and bidding requirements of Order No. 636.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426 in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before May 9, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.
