OMB Approval Number: 1010-0041.

Abstract: The Minerals Management Service (MMS) has prepared a proposal rule to amend the regulations at 30 CFR part 250 to include restrictions on burning of liquid hydrocarbons. The MMS is amending § 250.175 because of the increased interest in burning liquid hydrocarbons and the confusion concerning the restrictions on burning this natural resource. The effect of the amendment is to conserve liquid hydrocarbons and to protect the environment from the possible effects of burning liquid hydrocarbons. Respondents will submit information to MMS for analysis on the risks involved in transporting liquid hydrocarbons against the value of the resource.
