DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Marine Mammals; Polar Bear Habitat Conservation

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Extension of comment period on a draft Habitat Conservation Strategy for Polar Bears in Alaska.

SUMMARY: The Fish and Wildlife Service (Service) is extending for 15 days the comment period on the draft Habitat Conservation Strategy for Polar Bears in Alaska (Strategy). The decision to extend the comment period was made in response to several requests.

DATES: Comments on the draft Strategy must be received by May 16, 1995.

ADDRESSES: Copies of the draft Strategy are available by contacting the Office of

Marine Mammals Management, Fish and Wildlife Service, 1011 E. Tudor Road, Anchorage, AK 99503; Telephone: 907/786-3800; FAX: 907/786-3816.

Written comments should be submitted either by mail or FAX to David McGillivray, Supervisor, Office of Marine Mammals Management at the above identified address or FAX number.

FOR FURTHER INFORMATION CONTACT:

David McGillivray in Anchorage, Alaska, at 907/786-3800.

SUPPLEMENTARY INFORMATION: On

February 28, 1995, the Service published in the **Federal Register** (60 FR 10868) a public notice of availability of a draft Strategy and requested comments on the document by May 1, 1995. Near the end of the original 60-day comment period, the Service received two separate letters dated April 28, 1995, requesting a 30-day extension of the comment period to May 31, 1995. Both requests stated that additional time was needed to complete a review of the draft Strategy.

While the Service has agreed to extend the comment period, we have determined that a 30-day extension would not allow us adequate time to analyze comments and to make a decision on the draft Strategy and on the associated proposed rule to extend the effective period of the Service's incidental take regulations (at 50 CFR 18.121). Those regulations authorize and govern the incidental, unintentional take of small numbers of polar bear and walrus during year-round oil and gas operations (exploration, development, and production) in the Beaufort Sea and adjacent northern coast of Alaska; they will expire on June 16, 1995, unless decisions are made to extend the effectiveness of the regulations beyond June 16, 1995.

Because of the short timeframe involved, the Service has determined that the draft Strategy's comment period can only be extended for 15 days through May 16, 1995. This deadline will also coincide with the close of the comment period associated with the Service's proposed rule published in the **Federal Register** on March 17, 1995, (60 FR 14408), that proposes to extend for an additional 42 months the effectiveness of the final incidental take regulations for the Beaufort Sea as described in the previous paragraph.

Dated: May 3, 1995.

Mollie H. Beattie,

Director, U.S. Fish and Wildlife Service.
