

respondents would complete a screening survey. EPA would use the results of the screening survey to develop a sample design that would be applied to individual ICR's for the MACT standards development survey.

"Burden Statement: The public reporting burden for this collection of information is estimated to average 8.5 hours per response for completing the screening survey and 85 hours for completing the MACT standards development survey. This estimate includes the time needed to review instructions, search existing data sources, gather the data needed and review the collection of information. Reporters would complete and submit the surveys once. EPA would choose a new set of 6,903 respondents each year.

Respondents: Owners or operators of facilities which emit hazardous air pollutants.

Estimated Annual No. of Respondents: 2,190 MACT Survey Respondents; 4,713 Screening Survey Respondents.

Estimated No of Responses per Respondent: 1.

Estimated Total Annual Burden: 226,210 hours.

Frequency of Collection: One time.

FEDERAL COMMUNICATIONS COMMISSION

[DA 95-967]

Petition for Declaratory Ruling**AGENCY:** Federal Communications Commission.**ACTION:** Public Notice.

SUMMARY: The Commission requests comment on a Petition for Declaratory Ruling filed by In-Flight Phone Corp (In-Flight). The petition asks that the Commission consider In-Flight's pioneer's preference request, which originally was filed in ET Docket No. 92-100, in ET Docket No. 94-32.

DATES: Comments are due May 19, 1995. Reply comments are due May 31, 1995.

FOR FURTHER INFORMATION CONTACT: Thomas P. Derenge, (202) 776-1621, Office of Engineering and Technology, Federal Communications Commission, Washington, DC 20554.

SUPPLEMENTARY INFORMATION:**Comment Sought on In-Flight Phone Corp. Petition for Declaratory Ruling**

April 28, 1995.

On March 16, 1995, In-Flight Phone Corp. (In-Flight) filed a Petition for Declaratory Ruling requesting that its pioneer's preference (PP) Request filed in the Narrowband Personal Communications Services proceeding, ET Docket No. 92-100, now be considered in ET Docket No. 94-32, Allocation of Spectrum Below 5 GHz Transferred from Federal Government Use. Specifically, In-Flight requests that the Commission rule that: (1) Its PP Request was filed by the deadline applicable to permit consideration in ET Docket No. 94-32, in which the *Second Notice of Proposed Rulemaking (Second NPRM)* proposes that the 4660-4685 MHz band be allocated to a General Wireless Communications Service (GWCS); and (2) that the request will be considered in that docket.

In-Flight filed its PP Request in ET Docket No. 94-100 on October 30, 1992, seeking a preference in the 901-902 MHz and 940-941 MHz bands for a live ground-to-air audio news, information, and entertainment service for airline passengers. However, because the rules adopted in ET Docket No. 94-100 were not related to In-Flight's proposal, its PP Request has not been acted upon by the Commission.

On May 4, 1994, the Commission released a *Notice of Inquiry (NOI)* in ET Docket No. 94-32, seeking information on potential applications of 50 megahertz of transferred Federal Government spectrum. On November 8,

1994, a *Notice of Proposed Rulemaking (NPRM)* was released proposing the allocation of the spectrum, and a *First Report and Order and Second Notice of Proposed Rulemaking* was released on February 17, 1995. The *Second NPRM* proposed that the 4660-4685 MHz band be allocated for a GWCS.

In-Flight argues that its PP Request should be considered in ET Docket No. 94-32 because the proposed service rules would allow it to apply for a license to provide its service in the 4660-4685 MHz band. In-Flight claims that the service for which the preference is sought is identical in all relevant respects to the service it would provide as a GWCS licensee. Finally, In-Flight requests that the Commission issued the requested ruling well in advance of the August 10, 1995 statutory deadline for issuing final rules in ET Docket No. 94-32, so that the Commission will have sufficient time to decide whether to award a pioneer's preference to In-Flight.

We herein request comment on In-Flight's Petition for Declaratory Ruling. Comments are due May 19, 1995, and reply comments are due May 31, 1995. We note that In-Flight's PP Request has been formally opposed. Accordingly, the PP Request constitutes a restricted Commission proceeding in which *ex parte* presentations are prohibited: see 47 CFR 1.1208(c).

The Petition for Declaratory Ruling and related materials are available for inspection in the Office of Engineering and Technology, Suite 480, 2000 M Street N.W., Washington, DC during regular business hours M-F 8:00 AM to 5:00 PM.
