Florida Gas Transmission Company, et al.; Natural Gas Certificate Filings

May 2, 1995.

Take notice that the following filings have been made with the Commission.

1. Florida Gas Transmission Co.

[Docket No. CP95-338-000]

Take notice that on April 21, 1995, Florida Gas Transmission Company (FGT), 1400 Smith Street, P.O. Box 1188, Houston, Texas 77251-1188, filed in Docket No. CP95-338-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to upgrade an existing meter station under FGT's blanket certificate issued in Docket No. CP82-553-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

FGT proposes to upgrade the existing Cane Island Meter Station (Cane Island) by adding a single 12-inch turbine meter run and related appurtenant facilities for allowing delivery of up to 6,000 MMBtu per hour to Kissimmee Utility Authority (Kissimmee). FGT states that the end-use will be at two power plants downstream of Cane Island. FGT will deliver the proposed gas quantity on an interruptible basis. FGT states that there will be no incremental effect on its pipeline system and there will be sufficient capacity for continuing all services without detriment or disadvantage to other customers. Cane Island is located in Township 25 South, Range 27 East, Section 26, Osceola County, Florida. Kissimmee will reimburse FGT for all directly and

indirectly incurred construction costs.

The estimated cost will be between \$172,000 without inclusion of expandability facilities or \$220,000 with inclusion of such facilities. The expandability facilities would be upstream and downstream measurement headers with two 12-inch risers, blind flanged for future installation of a second 12-inch turbine meter. FGT is not adding the second turbine meter at this time, but will request if and when Kissimmee applies for expansion.
