DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[DEA No. 132P]

Controlled Substances: Proposed 1995 Aggregate Production Quotas

AGENCY: Drug Enforcement
Administration.

ACTION: Notice of proposed revised
aggregate production quotas for 1995.

SUMMARY: This notice proposes revised 1995 aggregate production quotas for controlled substances in Schedules I and II, as required under the Controlled Substances Act of 1970.

DATES: Comments or objections should be received on or before June 8, 1995.

ADDRESSES: Send comments or objections to the Administrator, Drug Enforcement Administration, Washington, DC 20537, Attn: DEA Federal Register Representative/CCR.

FOR FURTHER INFORMATION CONTACT:

Howard McClain, Jr., Chief, Drug & Chemical Evaluation Section, Drug

Enforcement Administration,
Washington, DC 20537, Telephone:
(202) 307-7183.

SUPPLEMENTARY INFORMATION: Section 306 of the Controlled Substances Act (CSA) (21 U.S.C. 826) requires that the Attorney General establish aggregate production quotas for all controlled substances listed in Schedules I and II. This responsibility has been delegated to the Administrator of the DEA pursuant to § 0.100 of Title 28 of the Code of Federal Regulations.

The Administrator, in turn, has redelegated this function to the Deputy Administrator of the DEA by § 0.104 of Title 28 of the Code of Federal Regulations.

On October 20, 1994, a notice of the 1995 established aggregate production quotas was published in the **Federal Register** (59 FR 52991). The notice stipulated that the Deputy Administrator of the DEA would adjust the quotas in early 1995 as provided for in Title 21, Code of Federal Regulations, § 1303.23(c). These aggregate production quotas represent those amounts of controlled substances that may be produced in the United States in 1995 and do not include amounts which may be imported for use in industrial processes.

The proposed revisions are based on a review of 1994 year-end inventories, 1994 disposition data submitted by quota applicants, estimates of the medical needs of the United States submitted to the DEA by the Food and Drug Administration and other information available to the DEA.

Therefore, under the authority vested in the Attorney General by section 306 of the CSA of 1970 (21 U.S.C. 826), delegated to the Administrator by § 0.100 of Title 28 of the Code of Federal Regulations, and redelegated to the Deputy Administrator by § 0.104 of Title 28 of the Code of Federal Regulations, the Deputy Administrator of the DEA hereby proposes the following changes in the 1995 aggregate production quotas for the listed controlled substances, expressed in grams of anhydrous acid or base.
