

the temporary tolerances will protect the public health. Therefore, the temporary tolerances have been renewed on the condition that the pesticide be used in accordance with the experimental use permit and with the following provisions:

1. The total amount of the active ingredient to be used must not exceed the quantity authorized by the experimental use permit.

2. Miles Inc., must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The company must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

These tolerances expire December 31, 1995. Residues not in excess of these amount remaining in or on the above raw agricultural commodities after this expiration date will not be considered actionable if the pesticide is legally applied during the term of, and in accordance with, the provisions of the experimental use permit and temporary tolerances. These tolerances may be revoked if the experimental use permit is revoked or if any experience with or scientific data on this pesticide indicate that such revocation is necessary to protect the public health.

The Office of Management and Budget has exempted this notice from the requirements of section 3 of Executive Order 12866.

Pursuant to the requirements of the Regulatory Flexibility Act (Pub. L. 96-

354, 94 Stat. 1164, 5 U.S.C. 601-612), the Administrator has determined that regulations establishing new tolerances or raising tolerance levels or establishing exemptions from tolerance requirements do not have a significant economic impact on a substantial number of small entities. A certification statement to this effect was published in the **Federal Register** of May 4, 1981 (46 FR 24950).

Authority: 21 U.S.C. 346a(j).

Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act

(FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations.

DATES: Unless a request is withdrawn by August 8, 1995, orders will be issued canceling all of these registrations.

FOR FURTHER INFORMATION CONTACT: By mail: James A. Hollins, Office of Pesticide Programs (7502C), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location for commercial courier delivery and telephone number: Room 216, Crystal Mall No. 2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-5761.

SUPPLEMENTARY INFORMATION:

I. Introduction

Section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, provides that a pesticide registrant may, at any time, request that any of its pesticide registrations be canceled. The Act further provides that EPA must publish a notice of receipt of any such request in the **Federal Register** before acting on the request.

II. Intent To Cancel

This Notice announces receipt by the Agency of requests to cancel some 20 pesticide products registered under section 3 or 24(c) of FIFRA. These registrations are listed in sequence by registration number (or company number and 24(c) number) in the following Table 1.

TABLE 1.—REGISTRATIONS WITH PENDING REQUESTS FOR CANCELLATION

Registration No.	Product name	Chemical name
000264-00313	Sevin Brand 50% Dust Base Carbaryl Insecticide	1-Naphthyl-N-methylcarbamate
000352-00493	Vendex 4L Miticide	Hexakis (2-methyl-2-phenylpropyl) distannoxane
000352 NC-84-0002	Dupont Lexone DF Weed Killer	1,2,4-Triazin-5(4H)-one, 4-amino-6-(1,1-dimethylethyl)-3-(methylthio)-
000352 OR-91-0001	Vendex 4L Miticide	Hexakis (2-methyl-2-phenylpropyl) distannoxane
000352 WA-88-0010	Du Pont Vendex 4L Miticide	Hexakis (2-methyl-2-phenylpropyl) distannoxane
000352 WA-91-0001	Vendex 4L Miticide	Hexakis (2-methyl-2-phenylpropyl) distannoxane
001448-00105	Busan 11-M3	Barium metaborate
001448-00106	Busan 11-M4	Barium metaborate
001769-00098	Swat Insect Repellent	Dipropyl isocinchomeronate N-Octyl bicycloheptene dicarboximide N,N-Diethyl-meta-toluamide and other isomers
002230-00043	Pan-A-Sol	Ethanol Hydrogen chloride Alkyl* dimethyl benzyl ammonium chloride *(50%C ₁₄ ,40%C ₁₂ , 10%C ₁₆)
004822-00079	Neopynamin	(1-Cyclohexene-1,2-dicarboximido) methyl 2,2-dimethyl-3-(2-methylpropenyl)cycloprop
007689-00014	Wardley's Liquid Allclear	2-Chloro-4,6-bis(ethylamino)-s-triazine
007689-00016	Allclear II Algicide for Outdoor Fishpools	2-Chloro-4,6-bis(ethylamino)-s-triazine
007689-00017	Allclear II Aquarium Algicide	2-Chloro-4,6-bis(ethylamino)-s-triazine

TABLE 1.—REGISTRATIONS WITH PENDING REQUESTS FOR CANCELLATION—Continued

Registration No.	Product name	Chemical name
010190-00002	Salubrite "Chlorinated Detergent"	Sodium dichloro- <i>s</i> -triazinetriene
049271-00003	MB-506	Potassium <i>N</i> -methylthiocarbamate Disodium cyanodithioimidocarbonate
051661-00009	WC 600	Potassium <i>N</i> -methylthiocarbamate Disodium cyanodithioimidocarbonate
060249 AZ-89-0001	Prefar 4E	<i>S</i> -(<i>O</i> , <i>O</i> -Diisopropyl phosphorodithioate) ester of <i>N</i> -(2-mercaptoethyl)benzenesulfonamide
062719 ID-82-0018	Dow Lorsban 4E Insecticide	<i>O</i> , <i>O</i> -Diethyl <i>O</i> -(3,5,6-trichloro-2-pyridyl) phosphorothioate
064864-00009	Master Cax A Heavy Duty Cleaner-Sanitizer-Deodorizer	Sodium dichloro- <i>s</i> -triazinetriene

Unless a request is withdrawn by the registrant within 90 days of publication of this notice, orders will be issued canceling all of these registrations. Users of these pesticides or anyone else desiring the retention of a registration should contact the applicable registrant directly during this 90-day period. The following Table 2 includes the names and addresses of record for all registrants of the products in Table 1, in sequence by EPA Company Number.

TABLE 2.—REGISTRANTS REQUESTING VOLUNTARY CANCELLATION

EPA company No.	Company name and address
000264	Rhone-Poulenc Ag Co., Box 12014, Research Triangle Park, NC 27709.
000352	E. I. Du Pont De Nemours & Co, Inc., Barley Mill Plaza, Walker's Mill, Wilmington, DE 19880.
001448	Buckman Labs Inc., 1256 Mclean Blvd, Memphis, TN 38108.
001769	NCH Corp., 2727 Chemsearch Blvd., Irving, TX 75062.
002230	Warsaw Chemical Co. Inc., Argonne Rd, Box 858, Warsaw, IN 46581.
004822	S.C. Johnson & Son Inc., 1525 Howe Street, Racine, WI 53403.
007689	Wardley Products Co. Inc., One Aquarium Drive, Secaucus, NJ 07094.
010190	Penetone Corp., 74 Hudson Ave, Tenafly, NJ 07670.
049271	Hydro Chemicals, Inc., Box 23566, Chattanooga, TN 37422.
051661	WC Chemical Engineering, Box 5155, Modesto, CA 95352.
060249	Ramsey Farms Inc., 15000 E. County 3rd Street, Yuma, AZ 85365.
062719	DowElanco, 9330 Zionsville Rd 308/3E, Indianapolis, IN 46268.
064864	Pace International, L.P., Box 558, Kirkland, WA 98083.

III. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to James A. Hollins, at the address given above, postmarked before August 8, 1995. This written withdrawal of the request for cancellation will apply only to the applicable 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

IV. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in **Federal Register** No. 123, Vol. 56, dated June 26, 1991. Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are

currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold or used legally until they are exhausted, provided that such further sale and use comply with the EPA-approved label and labeling of the affected product(s). Exceptions to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in Special Review actions, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

List of Subjects

Environmental protection, Pesticides and pests, Product registrations.

Dated: April 27, 1995.

State Pesticide Residue Removal Compliance Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Interim Determination of Adequacy of Certain State and Territorial Programs.

SUMMARY: Section 19(f)(2) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) states that after December 24, 1993, a State may not exercise primary enforcement responsibility under section 26, or certify an applicator under section 11, unless the Administrator determines that the State is carrying out an adequate program to ensure compliance with section 19(f)(1). The Agency has not promulgated regulations under section 19(f)(1). To avoid having the provisions of section 19(f)(2) adversely impact the States and EPA, the Agency published a policy in the **Federal Register** on August 18, 1993, which sets forth a process whereby the Agency will make an interim determination of adequacy for those States (and territories) with primary enforcement responsibility and/or certification programs. This determination is based on an initial commitment by a State to conduct a number of activities which will position the State to have an adequate program in place by the time compliance with the regulations promulgated under section 19(f)(1) is required.

This notice is to announce that the Government of the Virgin Islands has met the criteria of the August 18, 1993 policy by submitting a commitment to conduct the activities set forth in the policy and therefore has been determined by EPA to have an adequate pesticide residue removal compliance program under section 19(f)(1) and to be taking the necessary steps ensure compliance with the new requirements after EPA's promulgation of the final rule.

ADDRESSES: Any person wishing to review the State submissions may do so, in person, from 8 a.m. to 4 p.m., Monday through Friday, excluding legal

holidays, at the following address: Public Docket, Room 1132, CM-2, 1921 Jefferson Davis Highway, Arlington, VA.

FOR FURTHER INFORMATION CONTACT: Phyllis Flaherty, Agriculture and Ecosystems Division, Office of Compliance (2225A), 401 M St., SW., Washington DC 20460, telephone (202) 564-2355, facsimile (202) 564-0028.

SUPPLEMENTARY INFORMATION: The Government of the Virgin Islands has submitted a commitment to conduct the activities outlined in the August 18, 1993 Policy Statement on Interim Determination of Adequacy of State Pesticide Residue Removal Compliance Programs.

This Government has met two criteria: (1) there is a current program for ensuring compliance with existing residue removal requirements, and (2) it has committed to the activities set out in the August 18, 1993 Policy Statement to be in a position to have a compliance program in place to enforce the section 19(f)(1) regulations. Based on the commitment submitted, I have determined that the Government of the Virgin Islands will be taking steps necessary to have an adequate program for ensuring compliance with the regulations under section 19(f)(1) upon the compliance date of those regulations. This determination of adequacy is temporary and will expire 2 years after promulgation of a final rule issued under section 19(f)(1). Thereafter, the Government of the Virgin Islands must have a program to ensure compliance with the section 19(f) regulations.

Dated: April 20, 1995.

Carol M. Browner,

Administrator.

Triclopyr; Renewal of Temporary Tolerances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has renewed temporary tolerances for the combined residues of the herbicide triclopyr and its metabolites in or on certain raw agricultural commodities.

DATES: These temporary tolerances expire March 30, 1997.

FOR FURTHER INFORMATION CONTACT: By mail: Robert Taylor, Product Manager (PM) 25, Registration Division (7505C),

Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: Rm. 245, CM#2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-6800; e-mail: taylor.robert@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: EPA issued a notice, published in the **Federal Register** of August 15, 1991 (56 FR 40615), stating that temporary tolerances had been renewed for the combined residues of the herbicide triclopyr (3,5,6-trichloro-2-pyridinyl)oxyacetic acid and its metabolites 3,5,6-trichloro-2-pyridinol and 2-methoxy-3,5,6-trichloropyridine in or on the raw agricultural commodities fish and shellfish at 0.2 part per million (ppm). An allowable residue level of 0.5 ppm in potable water is also being renewed. These tolerances are renewed in response to pesticide petition (PP) 6G3306, submitted by DowElanco, 9330 Zionsville Rd., Indianapolis, IN 46268-1054.

The company has requested a 1-year renewal of the temporary tolerances to permit the marketing of the above raw agricultural commodities when treated in accordance with the provisions of the experimental use permit 62719-EUP-1, which is being renewed under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) as amended (Pub. L. 95-396, 92 Stat. 819; 7 U.S.C. 136). The scientific data reported and other relevant material were evaluated, and it was determined that renewal of the temporary tolerances will protect the public health. Therefore, the temporary tolerances have been renewed on the condition that the pesticide be used in accordance with the experimental use permit and with the following provisions:

1. The total amount of the active ingredient to be used must not exceed the quantity authorized by the experimental use permit.

2. DowElanco must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The company must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

These tolerances expire March 30, 1997. Residues not in excess of these amounts remaining in or on the above raw agricultural commodities after this expiration date will not be considered actionable if the pesticide is legally applied during the term of, and in
