

There is no known recent subsistence use of harbor seals in southern California.

Proposed Authorization

NMFS proposes to issue an incidental harassment authorization for 1 year for launches of the LLV at SLC-6 provided the above mentioned monitoring and reporting requirements are incorporated. NMFS has preliminarily determined that the proposed launches of the LLV at SLC-6 would result in the harassment taking of only small numbers of harbor seals, will have a negligible impact on the harbor seal stock and will not have an unmitigable adverse impact on the availability of this stock for subsistence uses.

Information Solicited

NMFS requests interested persons to submit comments, information, and suggestions concerning this request (see ADDRESSES).

Dated: May 4, 1995.

William W. Fox, Jr.,

*Director, Office of Protected Resources,
National Marine Fisheries Service.*

BILLING CODE 3710-08-M

Extension of Comment Period Deadline From May 12, 1995 to June 12, 1995 for Requested Comments on MTMC's Consideration To Employ Full-Service Contracts To Improve the Department of Defense (DOD) Personal Property Program

AGENCY: Military Traffic Management Command, DOD.

ACTION: Extension.

SUMMARY: Reference **Federal Register**, Volume 60, Number 48, page 13412, notice of MTMC's Consideration to Employ Full-Service Contracts to Improve the Department of Defense Personal Property Program published on March 13, 1995. The evolving Defense environment encompasses a smaller uniformed force, less overseas basing, reduced funding, and diminished staffing of support activities. These changes will directly affect quality of life issues for the military service members and their families. The Secretary of Defense has placed quality of life as one of the highest priorities in the Department. The intangible value of a good standard of living sets the stage for a high quality, well-trained and motivated force. Therefore, an opportunity exists for the Department to acquire a higher standard of service in the movement of service members' and their families' household goods, which in turn contributes to improved quality of life. The Military Traffic Management Command (MTMC) is engaged in an effort to simplify current processes, control program costs, and ensure quality of service by performing a reengineering of the existing DOD Personal Property Program. This reengineering effort will adopt, to the fullest extent possible, commercial business processes characteristic of world-class customers and suppliers and relieve carriers of DOD unique terms and conditions. It will also focus on the customer, reward results, foster competition, and seek excellence of vendor performance.

DATES: Comments must be received by June 12, 1995.

ADDRESSES: Mail comment to Headquarters, Military Traffic Management Command, ATTN: MTOP-Q, 5611 Columbia Pike, Falls Church, VA 22041-5050.
