Finding of No Significant Impact for Incidental Take Permits for the Construction of Single Family Residences at the Specific Site Locations Indicted Below in Travis County, Texas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: The U.S. Fish and Wildlife Service (Service) has prepared Environmental Assessments for issuance of Section 10(a)(1)(B) permits for the incidental take of the Federally endangered golden-cheeked warbler (*Dendroica chrysoparia*) during the construction and operation of single-family residences in Travis County, Texas.

Proposed Action

The proposed action is the issuance of permits under Section 10(a)(1)(B) of the Endangered Species Act to authorize the incidental take of the golden-cheeked warbler.

The Applicant (Rex B. Rivers) plans to construct a single-family residence at the specific site indicated as Lot 4, Critter Canyon Subdivision (6.65 acre lot) aka 8402 Critter Canyon, Austin, Travis County, Texas (PRT-799945).

The Applicant (Wayne Bell) plans to construct a single-family residence at the site indicated as Lot 22, Blue Hills Estates (3.95 acres) aka 6500 Distant View, Austin, Travis County, Texas (PRT-799946).

The proposed construction and operation of the single-family residences will comply with all local, State, and Federal environmental regulations addressing environmental impacts associated with this type of development. Details of the mitigation are provided in the individual Environmental Assessment/Habitat Conservation Plans. These conservation plan actions ensure that the criteria established for issuance incidental take permits will be fully satisfied.

Alternatives Considered

1. Proposed action,
2. Alternate site locations,
3. Alternative site designs,
4. Wait for issuance of a regional Section 10(a)(1)(B) permit,
5. No action.

Determination

Based upon information contained in the Environmental Assessment/Habitat Conservation Plans, the Service has determined that these actions are not major Federal actions which would significantly affect the quality of the human environment with the meaning of section 102(2)(c) of the National Environmental Policy Act of 1969. Accordingly, the preparation of Environmental Impact Statements on the proposed action is not warranted.

It is my decision to issue the section 10(a)(1)(B) permits for the construction and operation of the single-family residences at the sites specified above in Travis County, Texas.

John E. Cross,

*Acting Regional Director, Region 2,
Albuquerque, New Mexico.*
