**SUPPLEMENTARY INFORMATION:**

**Overview**

The office of Community Oriented Policing Services, in conjunction with the Department of Defense, has created the Troops to COPS program, under the provisions of 10 USC § 1152. Troops to COPS is designed to provide an incentive for law enforcement agencies to facilitate the transition of veterans from protection of the nation in the armed forces to service in community policing in communities across America.

Troops to COPS permits eligible agencies to seek reimbursement for the cost of law enforcement training for the qualified veteran who is hired as a law enforcement officer. Troops to COPS grants may not be used to reimburse costs for equipment, uniforms or vehicles. Grants will be made for up to \$5,000 per veteran hired. These grants will be made on a reimbursable basis, which will be paid once the veteran has been hired and trained. Grant funds may be applied to eligible costs incurred during the qualifying veteran's first three years of service as a law enforcement officer. There is no local matching requirement for a Troops to
