The DOE's fingerprinters are required to execute the attestations in duplicate, giving the original copy to the person being fingerprinted and keeping the second copy, which may be a reproduced copy of the original attestation, on file for at least 3 months for Service inspection. Attestations must be submitted on Form I-850A, Attestation by Designated Outside Entities Certified to Take Fingerprints. Reproduced copies of Form I-850A are acceptable.

On February 3, 1995, FSIS published a proposed rule "Pathogen Reduction; Hazard Analysis and Critical Control Point (HACCP) Systems" (60 FR 6774). In that document, the Agency proposed a number of regulatory changes applicable to Federal- and State-inspected meat and poultry establishments. The proposed changes are designed to reduce the occurrence and numbers of pathogenic microorganisms in meat and poultry products as well as control other hazards, thereby reducing the incidence of foodborne illness associated with the consumption of these products.

On February 27, 1995, FSIS announced a series of outreach activities to assist the public in understanding the proposed rule and in providing comments on the proposed rule. As part of this effort, FSIS hereby announces its intent to hold an information briefing and forum for oral comment about the food safety proposal for owners and representatives of small meat and poultry establishments and other affected small businesses. FSIS desires to work closely with small establishments because they provide a

significant amount of meat and poultry products to consumers.

**Agenda for the Briefing**

The day will consist of two sessions. The first session will run from 1:00 p.m. to 4:00 p.m., and will consist of a briefing by Agency officials and a question and answer period. Attendees will have an opportunity to submit written questions about the proposal. Questions will be answered by a panel of FSIS subject matter experts, who will be conducting the briefing.

The second session will run from 5:00 p.m. to 8:00 p.m., and will begin with presentations by State agriculture and inspection officials. After these presentations, FSIS will accept oral comments on the proposal from attendees. Oral comments will be limited to 5 minutes per commenter.

Mr. Thomas Billy, Associate Administrator, FSIS, will be joined by a panel consisting of: Richard Carnevale, William James, Patricia Stolfa, and Edward McEvoy, all of FSIS.

Transcripts of the second session will be available for review in the FSIS Docket Clerk's office, Room 4352, South Agriculture Building, FSIS, USDA, Washington, DC, 20250.

Done at Washington, DC, on: May 10, 1995.
