

recognized for accreditation purposes by the Secretary of Education;

4. Agree that 40 percent of the total costs of the scholarships will be paid from the Federal grant made to the State; and

5. Agree that 60 percent of the total costs of the scholarships will be paid from non-Federal contributions made in cash by the State and the community organization through which the scholarship is provided.

a. The State must make available through these cash contributions not less than 15 percent nor more than 25 percent of the scholarship costs.

b. The community organization must make available through these cash contributions not less than 35 percent nor more than 45 percent of the scholarship costs.

c. Non-Federal contributions provided in cash by the State and community organization (as described in a and b above) may not include any amounts provided by the Federal Government to the State, or community organization involved, or to any other entity. Non-Federal contributions required may be provided directly by the State and community organization involved, and may be provided through donations from public and private entities. States should be aware, however, that donations from providers may be subject to provisions of Pub. L. 102-234, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991.

Scholarship Requirements

To receive a grant, the State must agree that it will award a grant to a community organization for scholarships only if:

1. The individual who is to receive the scholarship under a contract is a resident of a federally designated HPSA in which the community organization is located and will provide primary health care services for:

a. A number of years equal to the number of years for which the scholarship is provided, or for a period of 2 years, whichever period is greater; or

b. Such greater period of time as the individual and the community organization may agree.

2. The individual agrees, while enrolled in a health professions school, to maintain an acceptable level of academic standing (as determined by the school) at the school as a full-time student in accordance with regulation issued by the Secretary pursuant to section 338A(f)(1)(B)(iii) of the PHS Act;

3. The individual and the community organization agree that the scholarship:

a. Will be expended only for tuition expenses, other reasonable educational expenses, reasonable living expenses incurred while in attendance at the school, and/or payment to the individual of a monthly stipend of not more than the amount authorized for NHSC scholarship recipients under Section 338A(g)(1)(B) of the PHS Act; and

b. Will not, for any year of such attendance for which the scholarship is provided, be in an amount exceeding the total amount required for the year for the purposes indicated in paragraph (a) above.

4. The individual agrees to meet the educational and certification or licensure requirements necessary to become a primary care physician, certified nurse practitioner, certified nurse midwife, or physician assistant in the State in which the individual is to practice under the contract; and,

5. The individual agrees that, in providing primary health care pursuant to the scholarship, he/she:

a. Will not, in the case of an individual seeking care, discriminate on the basis of the ability of the individual to pay for such care or on the basis that payment for such care will be made pursuant to the programs established in Titles XVIII (Medicare) or XIX (Medicaid) of the Social Security Act; and,

b. Will accept assignment under section 1842(b)(3)(B)(ii) of the Social Security Act for all services for which payment may be made under Part B of Title XVIII, and will enter into an appropriate agreement with the State agency that administers the State plan for medical assistance under Title XIX to provide service to individuals entitled to medical assistance under the plan.

Evaluation Criteria

For new and competing continuation grants the following criteria will be used to evaluate applications: (a) The magnitude and extent of the need for the grant to provide primary health care, as described in the proposal; (b) The extent to which the applicant's and community's recruitment plans are consistent with the State's plans for meeting the needs of the community's primary care system; (c) The adequacy of the methodology for selecting community organizations, and for monitoring and evaluating the community organization's compliance with the terms and conditions of the grant; (d) The degree of documented community commitment to and involvement with the grant; (e) The appropriateness of the proposed plan to

administer and manage the grant; and (f) The soundness of the budget and the budget justification for assuring effective utilization of grant funds. For competing continuation applications, evaluation will also be made of program outcomes and the degree to which stated goals and objectives were achieved.

Other Grant Information

The CSP is subject to the provisions of Executive Order 12372, as implemented by 45 CFR part 100, which allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The application package for this program will include a list of States with review systems and the single point of contact (SPOC) in each State for the review. Applicants (other than federally-recognized Indian tribal governments) should contact their State SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. The due date for State process recommendations is 60 days after the application deadline. The BPHC does not guarantee that it will accommodate or explain its response to State process recommendations received after that date.

Grants will be administered in accordance with HHS regulations in 45 CFR part 92. The OMB Catalog of Federal Domestic Assistance number for this program is 93.931.
