

confirm, approve, and place into effect on a final basis, to remand, or to disapprove such rates to the Federal Energy Regulatory Commission (FERC). Existing the Department of Energy (DOE) procedures for public participation in rate adjustments (10 CFR Part 903) became effective on September 18, 1985 (50 FR 37837). This rate extension is issued pursuant to the Delegation Order and the rate extension procedures in 10 CFR Part 903. FERC is not required to confirm and approve this rate extension by reason of 10 CFR Part 903.23(b), which states that existing rates may be extended on a temporary basis by the Deputy Secretary.

Background

Pursuant to Delegation Order No. 0204-108, FERC, in the order issued July 14, 1993, in Docket No. EF93-4151-000, confirmed and approved Rate Schedule INT-FT1 for firm transmission service and INT-NFT1 for nonfirm transmission service in the AC Intertie administered by Western's Phoenix Area Office (PAO). The step one and step two rates were approved for the period from August 1, 1993, through July 31, 1998.

Discussion

On July 14, 1993, the Acting Assistant Secretary of Energy for Energy Efficiency and Renewable Energy of DOE, approved the existing rates on an interim basis for firm and nonfirm transmission service. The existing step one and step two rates for firm and nonfirm transmission service were placed in effect on August 1, 1993. Step one of the firm transmission service rate was approved to be in effect through September 30, 1995, and step two of the existing rates was to become effective on October 1, 1995, and continue through July 31, 1998. The FERC confirmed and approved the rates on a final basis for both firm and nonfirm transmission service on March 24, 1994.

During the last AC Intertie rate adjustment process (WAPA-56), the Colorado River Commission of Nevada, the Arizona Power Authority, the Arizona Subcontractor Group, the Arizona Power Pooling Association, Inc., and Salt River Project Agricultural Improvement and Power District filed Motions to Intervene and Protest FERC's confirmation and approval of the AC Intertie rates described in Rate Order No. WAPA-56, in Docket No. EF93-4191-000. On December 28, 1993, Western filed a Stipulation Agreement signed by Western and these customers in which the intervenors withdrew their protests and Western agreed to re-examine the issues raised as well as commence a new rate adjustment process during fiscal year 1995.

Western proposes to extend the existing step one AC Intertie transmission service rates until October 1, 1996. Western is investigating different rate design alternatives since two new transmission line segments will be energized on January 1, 1996. Western needs additional time for resolution of these issues along with current customer issues. Even though it is anticipated that the firm transmission service rate adjustment will be placed in effect by December 31, 1995, the extension of the existing step one AC Intertie firm and nonfirm transmission

service rates is through March 1, 1996, to allow for flexibility in the upcoming rate adjustment process. During this time, Western will be holding a series of public meetings with AC Intertie customers.

Order

In view of the foregoing and pursuant to the authority delegated to me by the Secretary, I hereby confirm and approve for a period effective October 1, 1995, until October 1, 1996, the existing step one Rate Schedules INT-FT1 and INT-NFT1 for firm and nonfirm transmission service over the AC Intertie transmission system.

Issued in Washington, DC, April 28, 1995.

Bill White,

Deputy Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[PP 3G4263/T672; FRL 4948-7]

Fipronil; Establishment of a Temporary Tolerance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has established a temporary tolerance for the combined residues of the insecticide fipronil and its metabolites in or on the raw agricultural commodity field corn grain at 0.02 part per million (ppm).

DATES: This temporary tolerance expires March 28, 1996.

FOR FURTHER INFORMATION CONTACT: By mail: Richard Keigwin, Product Manager (PM) 10, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: Rm. 713, CM#2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-7618; e-mail: keigwin.rick@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Rhone-Poulenc AG Company, P.O. Box 12014, 2 T.W. Alexander Drive, Research Triangle Park, N.C. 27709, has requested in pesticide petition (PP) 3G4263, the establishment of a temporary tolerance for the combined residues of the insecticide fipronil (5-amino-3-cyano-1-(2,6-dichloro-4-trifluoromethylphenyl)-4-trifluoromethylsulphonyl pyrazole or its metabolites MB 46136 5-amino-3-cyano-1-(2,6-dichloro-4-trifluoromethylphenyl)-4-trifluoromethylsulphonyl pyrazole or MB 45950 5-amino-3-cyano-1-(2,6-dichloro-4-trifluoromethylphenyl)-4-trifluoromethylthiopyrazole in or on the

raw agricultural commodity field corn grain at 0.02 part per million (ppm). This temporary tolerance will permit the marketing of the above raw agricultural commodity when treated in accordance with the provisions of the experimental use permit 264-EUP-95, which is being issued under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (Pub. L. 95-396, 92 Stat. 819; 7 U.S.C. 136).

The scientific data reported and other relevant material were evaluated, and it was determined that establishment of the temporary tolerance will protect the public health. Therefore, the temporary tolerance has been established on the condition that the pesticide be used in accordance with the experimental use permit and with the following provisions:

1. The total amount of the active ingredient to be used must not exceed the quantity authorized by the experimental use permit.

2. Rhone-Poulenc AG Co., must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The company must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

This tolerance expires March 28, 1996. Residues not in excess of this amounts remaining in or on the raw agricultural commodity after this expiration date will not be considered actionable if the pesticide is legally applied during the term of, and in accordance with, the provisions of the experimental use permit and temporary tolerance. This tolerance may be revoked if the experimental use permit is revoked or if any experience with or scientific data on this pesticide indicate that such revocation is necessary to protect the public health.

The Office of Management and Budget has exempted this notice from the requirement of section 3 of Executive Order 12866.

Pursuant to the requirements of the Regulatory Flexibility Act (Pub. L. 96-354, 94 Stat. 1164, 5 U.S.C. 601-612), the Administrator has determined that regulations establishing new tolerances or raising tolerance levels or establishing exemptions from tolerance requirements do not have a significant economic impact on a substantial number of small entities. A certification statement to this effect was published in the **Federal Register** of May 4, 1981 (46 FR 24950).

Authority: 21 U.S.C. 346a(j).

BILLING CODE 6718-02-M

FEDERAL MARITIME COMMISSION**Notice of Agreement(s) Filed**

The Federal Maritime Commission hereby gives notice that the following agreement(s) has been filed with the Commission pursuant to section 15 of the Shipping Act, 1916, and section 5 of the Shipping Act of 1984.

Interested parties may inspect and obtain a copy of each agreement at the Washington, D.C. Office of the Federal Maritime Commission, 800 North Capitol Street, N.W., 9th Floor. Interested parties may submit protests or comments on each agreement to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, within 10 days after the date of the **Federal Register** in which this notice appears. The requirements for comments and protests are found in § 560.602 and/or § 572.603 of Title 46 of the Code of Federal Regulations. Interested persons should consult this section before communicating with the Commission regarding a pending agreement.

Any person filing a comment or protest with the Commission shall, at the same time, deliver a copy of that document to the person filing the agreement at the address shown below.

Agreement No.: 224-200934.

Title: Port of Houston Authority/Lykes Bros. Steamship Co., Inc. Marine Terminal Agreement

Parties:

Port of Houston Authority ("Port")
Lykes Bros. Steamship Co., Inc.
("Lykes")

Filing Agent: Martha T. Williams, Esquire, Port of Houston Authority, P.O. Box 2562, Houston, TX 77252-2562.

Synopsis: The proposed Agreement authorizes the Port to provide marine terminal services to Lykes at the Port's Barbours Cut Terminal Facility. The term of the Agreement expires September 30, 1996.

Agreement No.: 224-200935.

Title: Port of Houston Authority/Ryan-Walsh Facility Use Agreement.

Parties:

Port of Houston Authority ("Port")
Ryan-Walsh, Inc. ("Ryan-Walsh")

Filing Agent: Martha T. Williams, Esquire, Port of Houston Authority, P.O. Box 2562, Houston, TX 77252-2562.

Synopsis: The proposed Agreement authorizes Ryan-Walsh to perform freight handling services at the Port's Transit Sheds 21-A and 25-A. The term of the Agreement expires April 30, 1996.

By Order of the Federal Maritime Commission.

Dated: May 11, 1995.

Joseph C. Polking,

Secretary.
