BILLING CODE 6210-01-P

[Docket No. R-0879]

Privacy Act of 1974; Proposed New Systems of Records

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice of new systems of records; request for comments.

SUMMARY: In accordance with the Privacy Act of 1974 (Privacy Act) and Appendix I of OMB Circular No. A-130, the Board of Governors of the Federal Reserve System (Board) is establishing

four new systems of records. The new systems are called: Freedom of Information/Privacy Act (FOIA/PA) Case Tracking and Reporting System (BGFRS-23); Telephone Call Detail Records (BGFRS/SS-1); Staff Identification Card File (BGFRS/SS-2); Staff Parking Permit File (BGFRS/SS-3). These systems of records contain information about individuals and the records are retrieved by name or special identifier of the individual. Therefore, the Privacy Act requires notice of the systems to be published in the **Federal Register**.

DATES: Comments must be received on or before July 17, 1995.

ADDRESSES: Comments should refer to Docket No. R-0879, and may be mailed to William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue NW., Washington, DC 20551. Comments also may be delivered to Room B-2222 of the Eccles Building between 8:45 a.m. and 5:15 p.m. weekdays, or to the guard station in the Eccles Building courtyard on 20th Street NW. (between Constitution Avenue and C Street) at any time. Comments received will be available for inspection in Room MP-500 of the Martin Building between 9 a.m. and 5 p.m., weekdays, except as provided in 12 CFR 261.8 of the Board's Rules Regarding Availability of Information.

FOR FURTHER INFORMATION CONTACT:

Elaine M. Boutilier, Senior Counsel, Legal Division, Board of Governors of the Federal Reserve System, Washington, DC 20551, (202) 452-2418.

SUPPLEMENTARY INFORMATION: The Board is establishing four new systems of records pursuant to the Privacy Act, entitled: (1) Freedom of Information/Privacy Act (FOIA/PA) Case Tracking and Reporting System (BGFRS-23); (2) Telephone Call Detail Records (BGFRS/S-1); (3) Staff Identification Card File (BGFRS/SS-2); (4) Staff Parking Permit File (BGFRS/SS-3).

The system called FOIA/PA Case Tracking and Reporting System will consist of a data base tracking system to assist the Freedom of Information Office in processing requests under the Freedom of Information Act (FOIA) and Privacy Act (PA). This data base will contain the names of requesters under FOIA and PA, dates of requests and responses, names of Board staff working on each request, fee data, and information required to be collected for periodic reports to Congress. In general, this information is publicly available; exceptions may be made for home addresses of individual requesters and for data concerning requests under the

Privacy Act, the release of which may cause an unwarranted invasion of personal privacy.

The system called Telephone Call Detail Records will consist of records showing use of the Board's telephones by Board employees, consultants and contractors who have been assigned a telephone number by the Board. The purpose of the system is to determine accountability for telephone usage and to prevent waste or abuse of Board resources. The information will be derived primarily from telephone assignment records and call detail listings. Creation of this system is consistent with the Office of Management and Budget's (OMB) recommendation that agencies create systems of records to maintain telephone call detail records that contain information about individuals and are used to determine accountability for telephone usage. See, 52 FR 12990 (April 20, 1987).

The system called Staff Identification Card File will consist primarily of a data base containing information derived from an identification card containing a computer chip. This identification card interacts with the Board's computerized security system to permit and record access to the Board's premises. The identification card also permits an authorized employee to access secured areas at the Board, such as the exercise facility or the computer room, and records such access. The information in the system will be derived primarily from the individual employee, an official who authorizes access to secure areas, and use of the identification card.

The system called Staff Parking Permit File will consist primarily of records containing information derived from applications by Board employees for parking permits for the Board's garages. This information includes the employee's name, address, longevity at the Board, and vehicle identification information. Other information in the system will reflect any actions taken to enforce the Board's Parking Regulations. The purpose of the system is to allocate limited parking space among Board employees and to maintain safety in the use of the garages.

In accordance with 5 U.S.C. 552a(r), a report of these new systems of records is being filed with the President of the Senate, the Speaker of the House of Representatives, and the Director of the Office of Management and Budget. These new systems of records will become effective on July 17, 1995, without further notice, unless the Board publishes a notice to the contrary in the **Federal Register**.

Accordingly, the Board proposes the establishment of the following systems of records.
