

CNO Executive Panel; Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (5 U.S.C. App. 2), notice is hereby given that the Chief of Naval Operations (CNO) Executive Panel will meet June 20-21, 1995, from 9:00 a.m. to 4:00 p.m., on each day. The meeting will be held at the Applied Physics Laboratory, JHU, Johns Hopkins Road, Laurel MD. This session will be closed to the public.

The purpose of this meeting is to conduct discussions on strategies for an uncertain future to include information warfare, reserve structure and mobilization, and the changing strategic environment. Additionally, the panel members will discuss and synthesize recommendations and conclusions which will appear in the Task Force final report. These matters constitute classified information that is specifically authorized by Executive order to be kept secret in the interest of national defense and are, in fact, properly classified pursuant to such Executive order. Accordingly, the Secretary of the Navy has determined in writing that the public interest requires that all sessions of the meeting be closed to the public because they will be concerned with matters listed in section 552b(c)(1) of title 5, United States Code.

For further information concerning this meeting, contact: Timothy J. Galpin, Assistant for CNO Executive Panel Management, 4401 Ford Avenue, Suite 601, Alexandria, VA 22302-0268, Phone: (703) 756-1205.

Dated: May 4, 1995

L. R. McNees,

LCDR, JAGC, USN, Federal Register Liaison Officer.

BILLING CODE 3810-FF-F

DELAWARE RIVER BASIN COMMISSION**Notice of Commission Meeting and Public Hearing**

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Wednesday, May 24, 1995. The hearing will be part of the Commission's regular business meeting which is open to the public and scheduled to begin at 11:00 a.m. in Conference Room Two, 30th Floor, 290 Broadway, New York, New York.

An informal conference among the Commissioners and staff will be open for public observation at 10:00 a.m. at the same location and will include reports on the Upper Delaware ice diversion project; New York State's FY

1996 budgetary contribution to the Commission; review policy for depletive water uses exceeding 100,000 gpd and possible local sponsorship of a Lehigh River Basin automated flood warning system.

The subjects of the hearing will be as follows:

Applications for Approval of the Following Projects Pursuant to Article 10.3, Article 11 and/or Section 3.8 of the Compact**1. West Deptford Township D-79-82 CP RENEWAL-2**

An application for the renewal of a ground water withdrawal project to supply up to 108.5 million gallons (mg)/30 days of water to the applicant's distribution system from Well Nos. 3 through 8. Commission approval on December 23, 1986 was limited to five years. The applicant requests that the total withdrawal from all wells be increased from 105 mg/30 days to 108.5 mg/30 days. The project is located in West Deptford Township, Gloucester County, New Jersey.

2. Rollins Environmental Services Inc. D-93-63

An application for approval of an industrial wastewater treatment plant (IWTP) modification project. The applicant proposes to replace its existing outfall flume with a submerged outfall diffuser for its current discharge to Raccoon Creek in Water Quality Zone 4. The project IWTP will continue to serve the applicant's commercial hazardous waste treatment facility situated just south of U.S. Route 322 and north of Raccoon Creek in Logan Township, Gloucester County, New Jersey.

3. Seabrook Water Corporation D-94-48 CP

An application for approval of an existing ground water withdrawal project to supply up to 20 mg/30 days of water to the applicant's distribution system from existing Well Nos. 12 and 13, and to limit the withdrawal from all wells to 20 mg/30 days. The project is located in Upper Deerfield Township, Cumberland County, New Jersey.

4. Pocono Farms Water Company D-94-65 CP

An application for approval of a ground water withdrawal project to supply up to 15.75 mg/30 days of water to the applicant's distribution system from Well Nos. 4, 5 and 7, and to increase the existing withdrawal limit of 4.84 mg/30 days from all wells to 15.75 mg/30 days. The project is located in

Coolbaugh Township, Monroe County, Pennsylvania.

5. Thornbury Township, Delaware County D-94-76 CP

A project to expand an existing 0.06 million gallons per day (mgd) sewage treatment plant (STP) to 0.12 mgd to serve growth in the planned residential development of Thornbury Hunt in Thorny Township, Delaware County, Pennsylvania. The STP will continue to provide secondary biological treatment and discharge to Chester Creek near the Penn Central Railroad in Thornbury Township.

6. Jericho National Golf Club, Inc. D-95-2

An application for approval of a ground water withdrawal project to supply up to 9 mg/30 days of water to the applicant's golf course irrigation system from existing Well Nos. B-100 and B-C, and to limit the withdrawal from all wells to 9 mg/30 days. The project is located in Upper Makefield Township, Bucks County, Pennsylvania.

7. Town of Thompson, Emerald Green STP D-95-16 CP

A STP upgrade project that will replace a 0.41 mgd capacity secondary level plant with a 0.41 mgd capacity tertiary plant. The upgraded STP will continue to serve development in the Emerald Green/Lake Louise Marie Sewer District in the Town of Thompson, Sullivan County, New York. The STP will be situated on the site of the existing STP located just south of Route 17 and north of Lake Louise Marie in the Town of Thompson, and will continue to discharge to McKee Brook, a tributary of the Neversink River, via the existing outfall.

8. Outletter Associates D-95-17

A project to expand the existing 0.017 mgd tertiary STP to 0.024 mgd by replacing the existing extended aeration biological treatment process with a sequencing batch reactor process, along with other modifications. The STP will continue to serve the Crossings Outlet Square shopping center located in Pocono Township, Monroe County, Pennsylvania. Treated effluent, after ultraviolet disinfection, will continue to discharge to Pocono Creek in Pocono Township.

Documents relating to these items may be examined at the Commission's offices. Preliminary dockets are available in single copies upon request. Please contact George C. Elias concerning docket-related questions. Persons wishing to testify at this hearing
