NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

Request for Possible Candidates for Service on Grant Application Review Panels

The National Endowment for the Arts, an independent agency of the Federal Government, was created by Congress in 1965 to encourage and support American arts and artists. Its mission is (1) to foster the excellence, diversity and vitality of the arts in the United States; and (2) to broaden the availability and appreciation of that excellence, diversity and vitality. It fulfills the this mission both by its leadership activities and by awarding grants to nonprofit arts organizations and agencies and to artists of exceptional talent in all fields.

All applications for funding to the Endowment receive three independent levels of review: advisory panels, National Council on the Arts, and the Chairman. At the first level, the advisory panels, composed of arts experts and knowledgeable lay persons from all over the country, review applications and supporting materials, and make recommendations for funding. At the second level, the Presidentially appointed National Council on the Arts considers and reviews panel recommendations in open meeting. Council rejection of applications is final. At the third level, the Chairman makes the final decision on applications recommended by the Council for support.

The Arts Endowment has a centralized database (Automated Panel Bank System) of information on the expertise and arts experience of both arts experts and knowledgeable lay people who are interested in serving on an advisory panel. We are seeking to expand this pool of potential panelists and to facilitate the aesthetic, geographic, racial and cultural diversity of our panels. The purpose of this notice is to solicit expressions of interest by individuals who have demonstrated expertise and ability in artistic genres or arts-related fields and who desire to serve on an Arts Endowment advisory panel.
