DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Agency Information Collection Under OMB Review

Title: Application Requirements for
the Low Income Home Energy
Assistance Program (LIHEAP) and
Model Plan.

OMB No.: 0970-0075.

Description: The information
collected from grantees is required by
the statute authorizing the Low Income
Home Energy Assistance Program. It is
used to establish eligibility and gain
assurances from grantees on the use of
federal funds.

Respondents: State and Tribal
governments.

Annual Number of Respondents: 180
sites.

*Number of Responses per
Respondent:* 1.

Total Annual Responses: 180 sites.

Hours per Response: 1.33.

Total Annual Burden Hours: 240.

Additional Information: Copies of the
proposed collection may be obtained
from Bob Sargis of the Division of
Information Resource Management,
ACF, by calling (202) 690-7275.

OMB Comment: This application is
being submitted with a request for an
expedited review and a determination
by July 18, 1995. Consideration will be
given to comments and suggestions
received within 45 days of the
publication. Written comments and
recommendations for the proposed
information collection should be sent
directly to the following: Office of
Management and Budget, Paperwork
Reduction Project, 725 17th Street, NW.,
Washington, DC 20503, Attn: Ms.
Wendy Taylor.

Dated: May 11, 1995.

Roberta Katson,

Acting Director, Office of Information
Resource Management.

Centers for Disease Control and Prevention

[Announcement 541]

Project Grant To Coordinate the National Immunization and Education Action Committee Coalition Notice of Availability of Funds for Fiscal Year 1995

Introduction

The Centers for Disease Control and
Prevention (CDC) announces the
availability of fiscal year (FY) 1995
funds for a project grant to coordinate
the Immunization Education and Action
Committee (IEAC) and to foster local
and State coalitions to improve
immunization levels in the preschool
age group.

The Public Health Service (PHS) is
committed to achieving the health
promotion and disease prevention
objectives of Healthy People 2000, a
PHS-led national activity to reduce
morbidity and mortality and to improve
the quality of life. This announcement
is related to the priority area of
Immunization and Infectious Diseases.
(To order a copy of Healthy People
2000, see the section **Where to Obtain
Additional Information.**)

Authority

This program is authorized under the Public Health Service Act, Section 317(k) [42 U.S.C. 247b (k)], as amended.

Smoke-Free Workplace

PHS strongly encourages all grant recipients to provide a smoke-free workplace and to promote the nonuse of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, and early childhood development services are provided to children.

Eligibility

Only the member groups of the Immunization Education and Action Committee (IEAC) are eligible to apply.

The IEAC is a national coalition of approximately 175 private, non-profit, professional and volunteer organizations and public health agencies. The goal of the IEAC is to reduce vaccine-preventable diseases and deaths among children in the United States by increasing the awareness of health care providers, children's advocacy groups, and the general public about the need for and benefits of immunization.

Availability of Funds

Approximately \$300,000 is available in FY 1995 to fund one project grant award. It is expected to begin on or about August 1, 1995, for a 12-month budget period within a project period of up to five years. The funding estimate may vary and is subject to change. Continuation awards within the project period will be made on the basis of satisfactory progress, receipt of an acceptable continuation application, and the availability of funds.

Purpose

The purpose of this project is to:

A. Coordinate the IEAC, a national coalition of public, private, non-profit, professional and voluntary groups, whose goal is to reduce vaccine-preventable diseases and related deaths among infants and young children in the United States by increasing the awareness of physicians and other health care providers, parents, and the general public about the need for and the benefits of immunization.

B. Enhance local demand for vaccination services through the development of information and education materials and facilitation of promotional activities for consumers and health professionals.

C. Facilitate the development of State and local coalitions to increase

community awareness of the need for resources for childhood immunization.

Program Requirements

In conducting activities to achieve the purpose of this program, the recipient shall be responsible for the following activities:

A. Coordinate the activities of the IEAC. Coordination includes, but is not limited to, communicating with or among members of the national coalition; providing orientation and referral of potential new members and participants in the coalition; jointly developing meeting agendas and conducting meetings with CDC and others; and making logistical arrangements for meetings.

B. Develop a strategic plan describing the mission of IEAC and plans for the coordination and enhancement of IEAC activities. This may include establishing committee and subcommittee structure, future membership goals, and special projects.

C. Serve as a lead organization for the development and promotion of local coalitions of informed advocates, organizations, and community leaders to promote immunization services and programs.

D. Work with State and local health agencies and community-based primary care programs (e.g. community health centers) to identify the major immunization problems which require a broad base of community support to achieve resolution.

E. Convene meetings of public and private health care providers, volunteer groups, community-based organizations, consumer advocates, members of the corporate sector, and other organizations to inform them of immunization issues and to solicit and secure their support/contributions to these efforts.

F. Develop and/or disseminate instructional protocols and manuals to enable State/local coalition chapters to train individuals, organizations, and community leaders as advocates of immunization services.

G. Develop a plan to ensure continuation of IEAC activities beyond expiration of grant support.

H. Encourage and participate in the development of pilot projects.

Evaluation Criteria

The applicant will be evaluated according to the following criteria:

A. The quality and potential effectiveness of the applicant's plan for conducting program activities and methods for meeting the stated purpose (20%).

B. The extent to which the applicant demonstrates the ability to work with State and local health agencies, community-based primary health care agencies (e.g., community health centers), and other community-based service organizations, businesses, and others, through established networks and coalitions. (20%)

C. The extent to which the applicant's objectives are specific, realistic, measurable, time-phased, and related to activity requirements (15%).

D. The adequacy of plans to evaluate progress in implementing methods and achieving goals (15%).

E. The extent to which background information and other activities demonstrate that the applicant has the administrative support and accessibility to an adequate number of member organization representatives. This includes written evidence of collaboration describing previous collaborative efforts (10%).

F. An understanding of the importance of child health issues, and the feasibility of accomplishing the desired outcome (10%).

G. The extent to which qualified and experienced personnel are available to carry out the proposed activities (10%).

H. The budget will be evaluated for the extent to which it is reasonable, clearly justified, and consistent with the intended use of funds.

Executive Order 12372

This application is not subject to Intergovernmental Review of Federal Programs as governed by Executive Order 12372.

Public Health System Reporting Requirements

This program is not subject to the Public Health System Reporting Requirements.

Catalog of Federal Domestic Assistance Number

The Catalog of Federal Domestic Assistance Number is 93.185.

Application and Submission Deadline

The original and two copies of the application PHS Form 5161-1 (OMB Number 0937-0189) must be submitted to Henry S. Cassell III, Grants Management Officer, Attn: Lisa Tamaroff, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road, NE., Mailstop E-13, Atlanta, GA 30305, on or before July 5, 1995.

1. Deadline:

Applications shall be considered as meeting the deadline if they are either:

A. Received on or before the deadline date; or

B. Sent on or before the deadline date and received in time for submission for the review process. Applicants should request a legibly dated U.S. Postal Service postmark or obtain a legibly dated receipt from a commercial carrier or U.S. Postal Service. Private metered postmarks shall not be acceptable proof of timely mailing.

2. Late Applications:

Applications which do not meet the criteria in 1.A. or 1.B. above are considered late applications. Late applications will not be considered in the current competition and will be returned to the applicant.

Where To Obtain Additional Information

A complete program description, information on application procedures and an application package may be obtained from Lisa Tamaroff, Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Pace Ferry Road, NE., Mailstop E-13, Atlanta, GA 30305, telephone (404) 842-6796.

Please refer to Announcement Number 541 when requesting information and submitting an application.

Technical assistance may be obtained from Kenneth Anderson, Project Officer, National Immunization Program, Centers for Disease Control and Prevention (CDC), 1600 Clifton Road NE., Mailstop E-52, Atlanta, GA 30333, telephone (404) 639-8222.

Potential applicants may obtain a copy of Healthy People 2000 (Full Report; Stock No. 017-001-00474-0) or Healthy People 2000 (Summary Report; Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402-9325, telephone (202) 512-1800.

Dated: May 11, 1995.

Joseph R. Carter,

Acting Associate Director for Management and Operations, Centers for Disease Control and Prevention (CDC).

BILLING CODE 4163-18-P

[Announcement 552]

National Institute for Occupational Safety and Health, Farm Family Health and Hazard Surveillance Cooperative Agreement Program

Introduction

The Centers for Disease Control and Prevention (CDC) announces the availability of funds for fiscal year (FY) 1995 cooperative agreements to continue the current program of population-based farm family health and hazard surveys in six States. The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority area of Occupational Safety and Health. (For ordering a copy of Healthy People 2000, see the Section **Where to Obtain Additional Information.**)

Authority

This program is authorized under Section 20(a)(1) (29 U.S.C. 669(a)(1)) of the Occupational Safety and Health Act of 1970 and Section 301(a) (42 U.S.C. 241(a)) of the Public Health Service Act, as amended.

Smoke-Free Workplace

The PHS strongly encourages recipients to provide a smoke-free workplace and promote the nonuse of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care, and early childhood development services are provided to children.

Eligible Applicants

Applications will only be accepted from organizations currently obtaining prevalence and incidence data on the illness, injuries, and exposures to workplace hazards experienced by farmers and farm families (previously funded under CDC Announcement Number 040). The following is a list of those non-profit or public organizations: California Department of Health Services; California Public Health Foundation; Colorado State University; The University of Iowa; University of Kentucky; New York State Department of Health; and The Ohio State University.

Availability of Funds

Approximately \$1.9 million is available in FY 1995 to fund up to six

awards. It is expected that the average award will be \$300,000. The awards are expected to begin on or about September 30, 1995, and will be made for a 12-month budget period within a project period of up to 2 years. Funding estimates may vary and are subject to change.

Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

Purpose

In 1990, Congress mandated " * * * a series of surveillance, research, and intervention initiatives that when sustained over a period of time will have a significant and measurable impact on these health effects among rural Americans. The purpose of the recommended surveillance and research efforts is to better assist the CDC and other parties in developing strategies to reduce the unacceptably high injury and disease rates among rural Americans." A "U.S. farm family health and hazard survey" was one of two specific surveillance initiatives called for by Congress " * * * to develop more complete information on agricultural injury and disease problems." The National Institute for Occupational Health (NIOSH), Farm Family Health and Hazard Surveillance (FFHHS), and other Congressionally mandated initiatives became the CDC/NIOSH National Initiative in Agricultural Safety and Health. A total of 2 million dollars was allocated in FY 1990 to the FFHHS.

The NIOSH/FFHHS cooperative agreement program was developed to respond to Congress' concern that agricultural workers and their families experience a disproportionate share of disease and injury associated with the chemical, biological, physical, ergonomic, and psychological hazards of agriculture. Specifically, population-based health and hazard data was unavailable on the incidence and prevalence of disease, injury, or exposure to workplace hazards among farmers and farm families.

The goal of the NIOSH/FFHHS cooperative agreement program is to obtain prevalence and incidence data on the illnesses, injuries, and exposures to workplace hazards experienced by farmers and farm families. The NIOSH/FFHHS has two primary survey objectives. The first objective of the program is to describe the health status of agricultural workers and their families. The second objective of the program is to describe work-related risk factors and conditions of exposure to potentially hazardous agents and events.
