

The FWS in conjunction with NMFS announce the availability of an Environmental Assessment (EA) for the proposed issuance of the incidental take permit and signing of the agreement. The FWS is taking administrative responsibility for announcing the availability of the aforementioned documents. This notice is provided pursuant to section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

**DATES:** Written comments on the permit application and EA should be received on or before June 19, 1995.

**ADDRESSES:** Comments regarding the application or EA should be addressed to Mr. Curt Smitch, Assistant Regional Director, U.S. Fish and Wildlife Service, 3773 Martin Way East, Building C—Suite 101, Olympia, Washington 98501. Please refer to permit No. PRT-777837 when submitting comments. Individuals wishing copies of the application or EA for review should immediately contact the above office (360-534-9330).

**FOR FURTHER INFORMATION CONTACT:** Craig Hansen, U.S. Fish and Wildlife Service, 3773 Martin Way East, Building C—Suite 101, Olympia, WA., 98501; (360) 412-5465. Steve Landino, National Marine Fisheries Service, 3773 Martin Way East, Building C—Suite 101, Olympia, WA., 98501; (360) 412-5469.

**SUPPLEMENTARY INFORMATION:**

**Background**

Under section 9 of the Act and its implementing regulations, "taking" of a threatened or endangered species, is prohibited. However, the FWS and NMFS, under limited circumstances, may issue permits to take threatened and endangered wildlife species if such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for threatened species are in 50 CFR 17.32 and in 50 CFR 17.22 for endangered species.

The Applicant proposes to implement an amendment to their HCP for the northern spotted owl that will allow timber harvest on portions of approximately 55,000 acres of their Tree Farm. The Applicant's proposed timber harvest may result in the take, as defined in the Act and its implementing regulations, of listed species. The HCP and permit would be in effect through the year 2094. The application includes an amended HCP and Implementation Agreement.

The Applicant proposes to mitigate for the incidental take of all listed species by maintaining at least 10 percent of the Tree Farm in non-harvestable reserves for the term of the

permit. Reserves would be established during a Watershed Analysis process which the Applicant would complete by 2004. The expected result of Watershed Analysis would place a majority of the reserves in riparian zones. In addition, the Applicant would be committed to a variety of special measures intended to mitigate and minimize impacts to the habitat types which occur on the Tree Farm, and specific State and Federal species of concern including the grizzly bear, gray wolf, bald and golden eagles, goshawk, Larch Mountain salamander, Townsend's big-eared bat, long-legged myotis (bat), and others. The Applicant also proposes to mitigate for impacts to anadromous salmonids through habitat conservation measures for these species.

The EA considers the environmental consequences of 5 alternatives, including the proposed action and no-action alternatives. The proposed action alternative is the issuance of a permit under section 10(a) of the Act that would authorize incidental take of all listed species, and signing of the agreement for currently unlisted species, that may occur in the habitats on the Applicant's Tree Farm. The proposed action would require the Applicant to implement their amended Habitat Conservation Plan. Under the no-action alternative, the Applicant would continue to implement their existing northern spotted owl HCP, and additional incidental take permits would not be issued. The third alternative is to maintain approximately 29 percent of the Tree Farm in reserves generated according to Watershed Analysis prescriptions. The fourth alternative is to maintain reserves on about 17 percent of the Tree Farm, and would allow the Applicant to harvest timber on a limited basis in the outer half of riparian reserves. The fifth alternative would place about 5 percent of the Tree Farm in riparian reserves with additional protection on steep slopes with wet talus habitat, the Applicant would commit to and complete further Watershed Analysis by the year 2004, and the Applicant would retain all live conifer and conifer snags greater than 40 inches in diameter at breast height.

Dated: May 12, 1995.

**National Capital Memorial Commission; Public Meeting**

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the National Capital Memorial Commission will be held on Tuesday, June 20, 1995, at 1 p.m., at the National Building Museum, Room 312, 5th and F Streets, NW.

The Commission was established by Public Law 99-652, the Commemorative Works Act, for the purpose of preparing and recommending to the Secretary of the Interior, Administrator, General Services Administration, and Members of Congress broad criteria, guidelines, and policies for memorializing persons and events on Federal lands in the National Capital Region (as defined in the National Capital Planning Act of 1952, as amended), through the media of monuments, memorials and statues. It is to examine each memorial proposal for adequacy and appropriateness, make recommendations to the Secretary and Administrator, and to serve as information focal point for those persons seeking to erect memorials on Federal land in the National Capital Region.

The members of the Commission are as follows:

Director, National Park Service  
Chairman, National Capital Planning Commission  
The Architect of the Capitol  
Chairman, American Battle Monuments Commission  
Chairman, Commission of Fine Arts  
Mayor of the District of Columbia  
Administrator, General Services Administration  
Secretary of Defense

The purpose of the meeting will be to consider sites for the World War II Memorial. The meeting will be open to the public. Any person may file with the Commission a written statement concerning the matters to be discussed. Persons who wish to file a written statement or testify at the meeting or who want further information concerning the meeting may contact the Commission at 202-619-7097. Minutes of the meeting will be available for public inspection 4 weeks after the meeting at the Office of Land Use Coordination, National Capital Region, 1100 Ohio Drive, SW., Room 201, Washington, D.C., 20242.

Dated: May 11, 1995.

**Robert Stanton,**

*Regional Director, National Capital Region.*
