

the labeling. Transfer an accurately measured representative portion of the suspension equivalent to one dose into a 200-milliliter volumetric flask. Add 10 milliliters of methanol and disperse the sample. Dilute to volume with methanol. Dilute 20.0 milliliters of this solution to volume in a 50-milliliter volumetric flask with deionized water, swirl to mix, and allow to stand for 10 minutes. (Note: A white turbidity is formed.) Filter this solution via a suitable disposable filter unit, discarding the first 5 milliliters. Store for no more than 8 hours under refrigeration and protect from light.

(iii) *Calculations.* Calculate the milligrams of cefuroxime per dose (5 milliliters) as follows:

$$\frac{\text{Milligrams of cefuroxime per 5 milliliters of sample}}{A_U \times P_S \times d} = \frac{A_U \times P_S \times d}{A_S \times 1,000}$$

where:

A_U = Sum of the areas of the cefuroxime axetil sample isomer A and isomer B peaks;

A_S = Sum of the peak areas of the cefuroxime axetil working standard isomer A and isomer B peaks;

P_S = Cefuroxime activity in the cefuroxime axetil working standard solution in micrograms per milliliter; and

d = Dilution factor of the sample.

(2) *Dissolution.* Proceed as directed in § 436.215 of this chapter. The quantity Q (the amount of cefuroxime activity dissolved) is 60 percent at 30 minutes.

(3) *Moisture.* Proceed as directed in § 436.201 of this chapter.

(4) *pH.* Reconstitute as directed in the labeling and proceed as directed in § 436.202 of this chapter.

(5) *Identity.* The high-performance liquid chromatogram of the sample determined as directed in paragraph (b)(1) of this section compares qualitatively to that of the cefuroxime axetil working standard.

Implantation or Injectable Dosage Form New Animal Drugs; Guaifenesin

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule.

SUMMARY: The Food and Drug Administration (FDA) is amending the

animal drug regulations to reflect the change of the animal drug name from glyceryl guaiacolate to guaifenesin. This amendment is an administrative change to redesignate glyceryl guaiacolate products as guaifenesin products.

EFFECTIVE DATE: May 23, 1995.

Mohammad I. Sharar, Center for Veterinary Medicine (HFV-216), Food and Drug Administration, 7500 Standish Pl., Rockville, MD 20855, 301-594-1722.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of June 30, 1972 (37 FR 12936) and November 5, 1976 (41 FR 48732), FDA published final rules which reflected approval of injectable glyceryl guaiacolate products. In the **Federal Register** of December 10, 1984 (49 FR 48038), FDA published a final rule which reflected approval of a guaifenesin powder for injection. Guaifenesin is the newer chemical name for glyceryl guaiacolate. At the time of the December 10, 1984, approval, the prior approvals were not amended to reflect the newer chemical name. FDA is amending the regulations in part 522 (21 CFR part 522) to reflect the newer chemical name by removing §§ 522.1060, 522.1060a, and 522.1060b; by adding a new sponsor to § 522.1085; and by adding new § 522.1086 *Guaifenesin injection*.

FDA has determined under 21 CFR 25.24(a)(9) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

Removal of Regulations

AGENCY: Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary amends the Code of Federal Regulations (CFR) to remove unnecessary and obsolete regulations. As a result of new legislation, absence of funding, and review in accordance with the President's regulatory reinvention initiative, the Secretary has determined

that these regulations are no longer needed. The Secretary takes this action to remove the regulations from the CFR. **EFFECTIVE DATE:** These regulations are effective June 22, 1995.

FOR FURTHER INFORMATION CONTACT: Kenneth C. Depew, U.S. Department of Education, Room 5112, FB-10, 600 Independence Avenue, SW, Washington, DC 20202-2241. Telephone: (202) 401-8300. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: President Clinton's memorandum of March 4, 1995, titled "Regulatory Reinvention Initiative" directed heads of departments and agencies to review all existing regulations to eliminate those that are outdated and modify others to increase flexibility and reduce burden. The Department has undertaken a thorough review of its existing regulations and has identified the regulations removed by this document as obsolete and unnecessary.

The regulations being removed are no longer necessary to administer the program, have been superseded by new legislation, or were issued to implement a program that is no longer funded. To the extent that regulations are needed to implement new legislation, they will be issued separately from this document. Any determination to issue new regulations will be carefully considered to ensure that it is consistent with the President's regulatory reform efforts and the principles in Executive Order 12866.

In consultation with customers and partners, the Department is also reviewing its other existing regulations thoroughly at this time, and those regulations will be amended as appropriate to eliminate or revise outdated provisions, reduce burden, or increase flexibility. Amendments that can be accomplished without statutory changes are expected to be published for public comment as soon as the reviews are completed and regulatory changes are drafted. For example, the notice of proposed rulemaking published on May 1, 1995 (60 FR 21400), implementing amendments to the Title I—Helping Disadvantaged Children Meet High Standards program under the Elementary and Secondary Education Act of 1965, as amended by the Improving America's Schools Act of 1994, includes the removal of four additional parts. In addition, the Secretary will seek appropriate statutory changes if legislative authority is

required in order to achieve regulatory reform.

Waiver of Proposed Rulemaking

In accordance with section 437 of the General Education Provisions Act (20 U.S.C. 1232) and the Administrative Procedure Act (5 U.S.C. 553), it is the practice of the Secretary to offer interested parties the opportunity to comment on proposed regulations. However, these regulations merely reflect statutory changes and remove unnecessary and obsolete regulatory provisions. Removal of the regulations does not establish or affect substantive policy. Therefore, the Secretary has determined, pursuant to 5 U.S.C. 553(b)(B), that public comment is unnecessary and contrary to the public interest.

Paperwork Reduction Act of 1980

These regulations have been examined under the Paperwork Reduction Act of 1980 and have been found to contain no information collection requirements.

Assessment of Educational Impact

Based on its own review, the Department has determined that the regulations in this document do not require transmission of information that is being gathered by or is available from any other agency or authority of the United States.

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 64

[Docket No. FEMA-7617]

List of Communities Eligible for the Sale of Flood Insurance

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: This rule identifies communities participating in the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed

to enact certain floodplain management measures. The communities' participation in the program authorizes the sale of flood insurance to owners of property located in the communities listed.

EFFECTIVE DATES: The dates listed in the third column of the table.

ADDRESSES: Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the NFIP at: Post Office Box 6464, Rockville, MD 20849, (800) 638-6620.

FOR FURTHER INFORMATION CONTACT: Robert F. Shea, Jr., Division Director, Program Implementation Division, Mitigation Directorate, 500 C Street, SW., room 417, Washington, DC 20472, (202) 646-3619.

SUPPLEMENTARY INFORMATION: The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Since the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for property in the community.

In addition, the Director of the Federal Emergency Management Agency has identified the special flood hazard areas in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the communities listed where a flood map has been published, Section 102 of the Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4012(a), requires the purchase of flood insurance as a condition of Federal or federally related financial assistance for acquisition or construction of buildings in the special flood hazard areas shown on the map.

The Director finds that the delayed effective dates would be contrary to the public interest. The Director also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director certifies that this rule will not have a significant
