Department of the Air Force

Record of Decision (ROD) for the Disposal and Reuse of Richards-Gebaur Air Force Base (AFB), Colorado

On April 28, 1995, the Air Force signed the ROD for the Disposal and Reuse of Richards-Gebaur AFB. The decisions included in this ROD have been made in consideration of, but not limited to, the information contained in the Final Environmental Impact Statement (FEIS) filed with the Environmental Protection Agency on July 1, 1994.

Richards-Gebaur AFB closed on September 30, 1994, pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act of 1988 (Pub. L. 100-526) upon recommendation of the Secretary of Defense and findings of the Defense Base Closure and Realignment Commission. This ROD documents the Richards-Gebaur AFB disposal decisions.

The decision conveyed by the ROD is to dispose of Richards-Gebaur AFB in a manner that enables airport operation and commercial, office, and industrial areas. In addition, there will be two military reusers. This allows for the full implementation of the central theme of the proposed future land use plans discussed in the FEIS. The environmental findings and mitigation measures contained in the ROD remain fully applicable.

Consistent with the community reuse plan, the ROD balances aviation, industrial, office industrial park, commercial, and military uses throughout the base.

Several disposal methods and parcels are involved in the ROD, including a public benefit conveyance sponsored by the Federal Aviation Administration (FAA), Federal transfers to the U.S. Army and the U.S. Marine Corps, and negotiated sales to public bodies.

Of the 428 acres, the Kansas City Aviation Department (KCAD) will gain more than 178 acres in an FAA-sponsored public benefit conveyance. Another 12-acre transfer will be offered to the City of Belton, Missouri through negotiated sale. The Air Force will transfer 184 acres to the Department of the Army, and 54 acres to the U.S. Marine Corps. The electric system with appropriate easements for maintenance and repair will be conveyed through negotiated sale to an eligible public body. The other utilities (gas, telephone, water, and sewer) were transferred in a previous disposal action. Utility
