**Arkansas Western Gas Co.; Notice of Amended Petition for Rate Approval**

May 18, 1995.

Take notice that on May 5, 1985, Arkansas Western Gas Company (AWG) filed pursuant to section 284.123(b)(2) of the Commission’s regulations, an amended petition for rate approval requesting that the Commission approve as fair and equitable a maximum rate of \$0.1596 MMBtu, plus 3.1 percent for compressor fuel and lost and unaccounted for gas, for transportation services performed under section 311(a)(2) of the Natural Gas Policy Act of 1978 (NGPA). This amendment represents a prospective increase from the rate of \$0.1300 per MMBtus AVG requested in this docket on March 3, 1985.

AWG states that it is an intrastate pipeline within the meaning of section 2(16) of the NGPA and it owns and operates an intrastate pipeline system in the State of Arkansas. AWG proposes and effective date of March 3, 1995.

Pursuant to section 284.123(b)(2)(ii), if the Commission does not act within 150 days of the filing date, the rate will be deemed to be fair and equitable and not in excess of an amount which interstate pipelines would be permitted to charge for similar transportation service. The Commission may, prior to the expiration of the 150-day period, extend the time for action or institute a proceeding to afford parties an opportunity for written comments and for the oral presentation of views, data, and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene in accordance with section

385.211 and 385.214 of the Commission’s Rules of Practice and Procedures. All motions must be filed with the Secretary of the Commission on or before June 1, 1995. The petition for rate approval is on file with the Commission and is available for public inspection.
