

alternative measures for protection against radiological sabotage meet "the same high assurance objective," and "the general performance requirements" of the regulation and that "the overall level of system performance provides protection against radiological sabotage equivalent" to that which would be provided by the regulation.

IV

Accordingly, the Commission has determined that, pursuant to 10 CFR 73.5, this exemption is authorized by law, will not endanger life or property or the common defense and security, and is otherwise in the public interest. Therefore, as long as the license uses the hand geometry access control system, the Commission hereby grants Texas Utilities Electric Company an exemption from those requirements of 10 CFR 73.55(d)(5) relating to the returning of picture badges upon exit from the protected area such that individuals not employed by the licensee, i.e., contractors, who are authorized unescorted access into the protected area, may take their picture badges offsite.

Pursuant to 10 CFR 51.32, the Commission has determined that the granting of this exemption will have no significant impact on the environment (60 FR 21835). This exemption is effective upon issuance.

Dated at Rockville, Maryland, this 16th day of May 1995.

For the Nuclear Regulatory Commission.

Elinor G. Adensam,

Acting Director, Division of Reactor Projects III/IV, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-M

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-35734; File No. SR-Amex-95-17]

Self-Regulatory Organizations; American Stock Exchange, Inc.; Notice of Filing of Proposed Rule Change Regarding Depository Eligibility Requirements

May 18, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on May 16, 1995, the American Stock Exchange, Inc. ("Amex") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and

III below, which items have been prepared primarily by Amex. The Commission is publishing this notice to solicit comments from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Amex proposes to adopt a rule which will set forth depository eligibility requirements for issuers that apply to list their securities on Amex.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.²

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Under the proposed rule change, Amex will adopt a uniform depository eligibility rule for issuers that desire to list their securities on Amex. The uniform rule has been developed by the Legal and Regulatory Subgroup of the U.S. working Committee of the Group of Thirty in coordination with each of the national securities exchanges and the National Association of Securities Dealers ("NASD"). It is anticipated that each national securities exchange and the NASD will file rule changes proposing adoption of depository eligibility standards substantially similar to Amex's proposed rule and will seek to make such changes effective contemporaneously with the effective date of the transition from a five-day ("T+5") to a three-day ("T+3") settlement cycle. The transition is set to occur June 7, 1995.³

The proposed model depository eligibility rule is intended to encourage issuers and underwriters to take the simple steps necessary to make the issuers' securities depository eligible

² The Commission has modified the language in these sections.

³ Securities Exchange Act Release Nos. 33023 (October 6, 1993), 58 FR 52891 (adoption of Rule 15c6-1) and 34952 (November 9, 1994), 59 FR 59137 (change of effective date of Rule 15c6-1 from June 1, 1995 to June 7, 1995).

although it is carefully structured so that it will not preclude from listing idiosyncratic securities which cannot be made to meet all depositories' requirements. The proposed rule will require that before any issue of securities of a domestic issuer (excluding American Depository Receipts for securities of a foreign issuer) is listed on Amex, Amex must have received a representation from the issuer that a CUSIP number identifying the securities has been included in the file of eligible issues maintained by a securities depository registered as a clearing agency under Section 17A of the Act.⁴ This requirement will not apply to a security if the terms of such security cannot be reasonably modified to meet the criteria for depository eligibility at all securities depositories.

The need of syndicate managers to monitor "flipping" also has been recognized. As a result, the proposed rule change sets forth additional requirements that must be met before a security will be deemed to be "depository eligible," as such term is used in Part IV, Section 3, Rule 776 of the Amex rules ("book-entry settlement of transactions rule").⁵ The proposed rule specifies different requirements for depository eligibility depending upon whether a new issue is distributed by an underwriting syndicate before or after the date a securities depository system is available for monitoring repurchases of the distributed shares by syndicate members ("flipping tracing system").

Currently, a flipping tracking system is being developed that will include a securities depository service that (i) can be activated upon the request of the managing underwriter for a period of time that the managing underwriter specifies, (ii) in certain circumstances, will require the delivering participant to provide to the depository information sufficient to identify the seller of such shares as a precondition to the processing of book-entry delivery instructions for distributed shares, and (iii) will report to the managing underwriter the identity of any other syndicate member or selling group member whose customer(s) sold distributed shares (but will not report to the managing underwriter the identity of such customer[s]) and, in certain circumstances, will report to such syndicate member or selling group member the identity of such customer(s). Prior to the availability of

⁴ 15 U.S.C. 78q-1 (1988).

⁵ Pursuant to Amex's book-entry settlement of transactions rule, trades by a member in depository eligible securities generally must be settled by book-entry through a securities depository.

¹ 15 U.S.C. 78s(b)(1) (1988).

a flipping tracking system, the managing underwriter may delay the date a security is deemed "depository eligible" for up to three months after trading has commenced in the security. After the availability of a flipping tracing system, a new issue will be deemed to be depository eligible upon commencement of trading on Amex.

The proposed rule change is consistent with Section 6(b)(5) of the Act⁶ in that it is designed to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. That proposed rule change is designed to improve clearing and settlement practices in the industry while reducing risk to investors.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change will impose no burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within thirty-five days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which Amex consents, the Commission will:

- (a) By order approve such proposed rule change or
- (b) Institute proceedings to determine whether the proposed rule change should be disapproved.

Amex has requested accelerated effectiveness of the proposed rule change in order that the rule can become effective on June 7, 1995.⁷

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submission should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549. Copies of the submissions, all subsequent

amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 5th Street, NW., Washington, DC 20549. Copies of such filings will also be available for inspection and copying at the principal office of Amex. All submissions should refer to file number SR-Amex-95-17 and should be submitted by June 14, 1995.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁸

Margaret H. McFarland,

Deputy Secretary.

BILLING CODE 8010-01-M

[Release No. 34-35735; File No. SR-BSE-95-09]

Self-Regulatory Organizations; Boston Stock Exchange, Incorporated; Notice of Filing of Proposed Rule Change Regarding Depository Eligibility Requirements

May 18, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on May 18, 1995, the Boston Stock Exchange, Incorporated ("BSE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which items have been prepared primarily by BSE. The Commission is publishing this notice to solicit comments from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

BSE proposes to adopt a rule which will set forth depository eligibility requirements for issuers that apply to list their securities on BSE.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, BSE included statements concerning the

purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.²

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Under the proposed rule change, BSE will adopt a uniform depository eligibility rule for issuers that desire to list their securities on BSE. The uniform rule has been developed by the Legal and Regulatory Subgroup of the U.S. Working Committee of the Group of Thirty in coordination with each of the national securities exchanges and the National Association of Securities Dealers ("NASD"). It is anticipated that each national securities exchange and the NASD will file rule changes proposing adoption of depository eligibility standards substantially similar to BSE's proposed rule and will seek to make such changes effective contemporaneously with the effective date of the transition from a five-day ("T+5") to a three-day ("T+3") settlement cycle. The transition is set to occur June 7, 1995.³

The proposed rule change will require issuers to ensure that securities to be listed on BSE have been included in the file of eligible issues maintained by a securities depository registered as a clearing agency under Section 17A of the Act.⁴ This requirement will not apply to a security if the terms of such security cannot be reasonably modified to meet the criteria for depository eligibility at all securities depositories.

The proposed rule change sets forth additional requirements that must be met before a security will be deemed to be "depository eligible," as such term is used in Chapter III, Section 7 of the BSE rules ("uniform book-entry settlement rule").⁵ The proposed rule specifies different requirements for depository eligibility depending upon whether a new issue is distributed by an
