

payment methods through periodic notice in the **Federal Register**.

Paragraph (c)(4) is being redesignated as (c) and revised to allow the Data Bank the flexibility: (1) to streamline and automate its approach to fee collection; and (2) to offer a greater variety of payment options to its users, thereby improving customer service. Paragraphs (c)(1), (2), and (3) are deleted.

Justification for Omitting Notice of Proposed Rulemaking

Since these amendments to the Data Bank regulations are of a technical nature and only amend the regulations to reflect the fee payment practices of the Data Bank, the Secretary has determined, pursuant to 5 U.S.C. 553 and departmental policy that it is unnecessary and impractical to follow proposed rulemaking procedures or to delay the effective date of these regulations.

Economic Impact

Executive Order 12866 requires that all regulations reflect consideration of alternatives, of costs, of benefits, or incentives, of equity, and of available information. Regulations must meet certain standards, such as avoiding unnecessary burden. Regulations which are "significant" because of cost, adverse effects on the economy, inconsistency with other agency actions, effects on the budget, or novel legal or policy issue, require special analysis.

The Department believes that the resources required to implement the requirements in these regulations are minimal. This final rule simply removes restrictions on the number of options available to users of the Data Bank. Therefore, in accordance with the Regulatory Flexibility Act of 1980, the Secretary certifies that these regulations will not have a significant impact on a substantial number of small entities. For the same reasons, the Secretary has also determined that this is not a "significant" rule under Executive Order 12866.

Paperwork Reduction Action of 1980

These amendments do not affect the recordkeeping or reporting requirements in the existing regulations for the National Practitioner Data Bank for Adverse Information on Physicians and Other Health Care Practitioners.
