

Rural Utilities Service**Pioneer Electric Cooperative, Inc.;
Finding of No Significant Impact**

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of finding of no significant impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact (FONSI) with respect to the potential environmental impact related to the construction of a new headquarters facility proposed by Pioneer Electric Cooperative, Inc. (Pioneer), of Ulysses, Kansas. The proposed project will be located on a site 0.5 miles west of the City of Ulysses near the intersection of State Highway 160 and County Road I in Grant County, Kansas.

RUS has concluded that the environmental impacts from the proposed project would not be significant and that the proposed action is not a major Federal action significantly affecting the quality of the human environment. Therefore, the preparation of an environmental impact statement is not required.

FOR FURTHER INFORMATION CONTACT:

Lawrence R. Wolfe, Chief, Environmental Compliance Branch, Electric Staff Division, room 1246, Ag Box 1569, South Agriculture Building, RUS, Washington, DC 20250, telephone (202) 720-1784.

SUPPLEMENTARY INFORMATION: RUS, in accordance with its environmental policies and procedures, required that Pioneer prepare a Borrower's Environmental Report (BER) reflecting the potential impacts of the proposed facilities. The BER, which includes input from Federal, State and local agencies and the public, has been adopted as RUS' Environmental Assessment for the project in accordance with 7 CFR 1794.61. RUS has concluded that the BER represents an accurate assessment of the environmental impacts of the project. The proposed project should have no impact on cultural resources, floodplains, wetlands, important farmland, and federally listed or proposed for listing threatened or endangered species or their critical habitat.

Alternatives considered to the project included no action, expansion of Pioneer's existing headquarters facility, and alternative construction sites. RUS has considered these alternatives and concluded that the project as proposed meets the needs of Pioneer to reduce overcrowding at the present facility and

provide increased space for equipment storage.

Copies of the BER and FONSI are available for review at RUS at the address provided herein; or can be reviewed at or obtained from the offices of Pioneer, West Highway 160, Ulysses, Kansas 67880, telephone (316) 356-1211, during normal business hours.

Dated: May 22, 1995.

Adam M. Golodner,

Deputy Administrator, Program Operations.
